The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 153 thereof so that the same shall read as follows:

Leaves of Absence

Section 153. Leaves of absence to officers and employees of the City and County shall be governed by rules established by the Civil Service Commission, provided that leave of absence to any officer or employee for the purpose of leaving the City and County, taking a position outside of the City and County service, or accepting a position in some department or office of the City and County other than the one in which he is employed and where the duties are in no way related to the duties covered by his civil service classification, shall be limited to six months; and provided, further, that no limit shall be placed on a leave of absence granted to enable an officer or employee to accept promotion to a non-civil service position in the same department in which he holds civil service status, or promotion to co-related work in another department or office of the City and County.

Leaves of absence shall be granted to officers, employees and persons on eligible lists for terms of service in the army, the navy or the marine corps, in time of war and for such time thereafter as may be provided by rule of the commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. If a person on such leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave,

and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the City and County, exclusive of service under the retirement provisions of this Charter. If persons on such leave have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge from such wartime service shall be preferred for appointment in the order of standing upon such register at the time of enlistment and before candidates securing standing through an examination held subsequent to such enlistment.

Whenever any officer or employee of the City and County of San Francisco, or any uncertificated officer or employee of the Unified School District of said City and County, including persons under probationary appointment, or any person having rank or place on any civil service list of eligibles for appointment to any position under the government of said City and County, or to any uncertificated position under said Unified School District, shall by order of the Government of the United States or by lawful order of any of its departments or officers, or by lawful order of the State of California, or any of its departments or officers, be directed in time of peace, to report for service or training in any branch of the military or naval forces of the United States, or in the National Guard of California, and shall be inducted into said service, or into any service for national defense or preparedness, or who, in time of peace, in response to any call from the Federal or State governments to enlist for service or training in any branch of the military or naval forces of the United States, or in the National Guard of California, shall so enlist, said officer or employee shall be entitled to a leave of absence from his office or position, without pay, during the time of his enlistment or service and for a period of three months after the expiration thereof. If said person so enlisting or serving is on any civil service list of eligibles, he shall maintain his place on said list during the period of said service unless the list shall expire prior thereto, but if his name has been reached for certification to any permanent position during said period of service, he shall be preferred for appointment at the end of his service, a temporary appointment shall be made to said position to serve during the leave of absence of said person whose name is reached for certification and on expiration of said leave said person shall be certified for appointment to said position. The Civil Service Commission shall have full power of authority to make all necessary rules not in conflict with this section, to carry its purposes into effect.

The Civil Service Commission, by rule and subject to the approval of the Board of Supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and pro-

vided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

Describing and setting forth a proposal to the electors of the City and County of San Francisco, to amend the charter of said City and County by amending Section 172.1 thereof relating to the Health Service System by providing that certain employments thereunder shall be subject to the civil service and retirement provisions of the Charter.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on the 5th day of November, 1940, a proposal to amend the Charter of said City and County by amending Section 172.1 thereof so that the same shall read as follows:

Section 172.1:

Subdivision 1. A health service system for municipal em-

ployees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the city and county who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred ($4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand ($10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the board. Members of the board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The board shall have power:

(a) By a two-thirds vote of the entire membership of the board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the costs of said care, or for obtaining and carrying insurance against such costs.

No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs,

dentist, nurse, pharmacist or hospital selected by the Board, but subject to the rules and regulations of the Board, every member shall have the right to select of his own choice any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations and the board shall make provision for the exercise of such choice, and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services. Any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the board, provided that such rates and any contract respecting the rendering of such services shall be subject to review by the retirement board of the City and County and shall not become effective unless and until approved by the retirement board. The retirement board shall approve or disapprove the same within sixty (60) days after the same is submitted to it, and failure of the retirement board to approve or disapprove the same within said period shall constitute an approval.

The said retirement board is hereby authorized and empowered and it is hereby made its duty to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

(d) To appoint a Medical Director and other employees and to fix their respective compensations at not more than the rates paid for like service in other city employments. The Medical Director shall hold office at the pleasure of the Board. The other employees shall be subject to the civil service and retirement provisions of the charter provided that all employees who are actually employed on the effective date of this amendment and who have been continuously so employed for six months immediately preceding such date shall be continued in their respective positions as if appointed thereto after examination and certification from a civil service list of eligibles and shall thereafter be governed by and be subject to the civil service and retirement provisions of this charter. All contributions to the retirement system required by the inclusion of the Health Service System employees in the retirement system shall be paid from the Health Service fund and no

portion thereof shall be borne by any other funds of the City and County.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the city and county.

Subdivision 4. The board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California, regulating such professional conduct and services.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

Communications

A communication was received from Civil Service Maintenance Union objecting to the submission of the foregoing proposed charter amendment.

Communication was presented from employees of the Health Service System, presenting argument in favor of submission of the proposed charter amendment.

Privilege of the Floor

Mr. Frank Robinson, representing employees of the Health Service System, explained at length the reasons prompting said employees to urge the submission of the proposed charter amendment to the voters.

Mr. Cameron King also advocated submission to the voters.

Mr. Grover O'Connor, representing the San Francisco Civil Service Association, protested the submission. Mr. O'Connor also presented a protest, signed by about 1100 members of the Health Service System, also protesting the submission.

Mr. H. S. Foley, representing Carmen's Union, on behalf of the Municipal Railway employees; Mr. Jerry Calahan, speaking for the members of the Fire Department; and Mr. Brown, connected with the Police Signal, speaking for members of the Police Department, also protested the submission to the voters of the proposed charter amendment.

Whereupon the City Attorney announced that there were two amendments affecting the Health Service System, one proposed by the employees of the System and one proposed by the San Francisco County Medical Society. There is no reason both proposals should not be combined. If they were not to be combined, but both ordered submitted to the voters, the amendment receiving the greatest number of votes, provided it receives sufficient votes for approval, would be considered approved.

Postponement of Consideration

Whereupon Supervisor Colman, seconded by Supervisor Uhl, moved postponement of further consideration of the foregoing proposed amendment, as well as the amendment proposed by the San Francisco Medical Society, until Monday, September 23, 1940.

After brief discussion, during which Supervisor McSheehy pointed out that all amendments must be acted on by the Board prior to 3:00 P. M. on Monday, and the reminder by the President of special orders of business already set for consideration of the Board at its regular meeting on Monday, September 23, Supervisor McSheehy moved, as an amendment to the original motion for postponement, that the Board, at the conclusion of the day's business, recess, to reconvene at 10:00 A. M., Monday, September 23, 1940, and that further consideration of the proposed amendments be postponed until that time.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, Mead, Roncovieri—3.

Health Service System

The Clerk read the following proposed Charter Amendment, providing for review by the Retirement Board of certain determinations, for annual review of adequacy of medical care and of compensation and professional fee schedules, and applying civil service and retirement provisions to Health Service employees.

This amendment, the City Attorney explained, was being presented as a substitute for two separate amendments previously presented to the Board.

Charter Amendment No. .....

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the charter of said City and County by amending Section 172.1 thereof relating to the Health Service System authorizing petitions to the Health Service Board, providing for review by the Retirement Board of certain determinations, for annual review of adequacy of medical care and of compensation and professional fee schedules, and applying civil service and retirement provisions to Health Service employees.

The Board of Supervisors of the City and County of San

Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on the 5th day of November, 1940, a proposal to amend the Charter of said City and County by amending Section 172.1 thereof so that the same shall read as follows:

Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the city and county who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred ($4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand ($10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the board. Members of the board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballot and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The board shall have power:

(a) By a two-thirds vote of the entire membership of the board, to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the costs of said care, or for obtaining and carrying insurance against such costs, provided:

1. No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist or hospital selected by the board, but, subject to rules and regulations of the board, every member shall have the right to select, of his own choice, any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations, and the board shall make provision for the exercise of any such choice; and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services.

2. Any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the board.

3. Such rates of compensation and any and all proposed contracts respecting the rendering of such services shall be reviewed by the retirement board of the city and county and shall not become effective unless and until approved by the retirement board. The retirement board may approve, refer to the health service board for further consideration, or disapprove any matter or proposal which is within its jurisdiction under the provisions of this section, and it shall act within sixty (60) days after any matter has been submitted to it, and failure of the retirement board to approve, refer or disapprove the same within said period shall constitute an approval.

4. In January of each year, at public hearings, the health service board shall review and determine the adequacy of medical care provided for members of the system and the adequacy of fee schedules and the compensation paid for all services rendered, and it may make such revisions therein as it deems equitable. Any such determination or revision shall be subject to review by the retirement board upon an appeal taken within thirty (30) days thereafter by written petition filed with the retirement board and signed by not less than fifteen per cent (15%) of the members of the system or by not less than fifteen per cent (15%) of those of any one of the following groups who have contracted to render services to the members of the system: physicians and surgeons, persons licensed to treat human diseases without the use of drugs, dentists,

nurses, pharmacists, hospitals or other agencies of medical care. A copy of such petition shall also be filed with the health service board at the same time. The retirement board may approve or disapprove such determination or revision of the health service board by a majority of its members or refer the same to the health service board for further consideration. Failure of the retirement board to approve, refer or disapprove such determination or revision within sixty (60) days after filing the petition shall constitute an approval.

5. The health service board shall receive, consider and, within sixty (60) days after receipt, act upon any matter pertaining to the administration, operation or conduct of the health service system submitted to it in writing by any member of the system or any person who has contracted to render medical care to the members of the system.

6. The said retirement board is hereby authorized and empowered and it is hereby made its duty to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the board.

(d) To appoint a medical director, who shall hold office at the pleasure of the board, and other employees subject to the civil service provisions of the charter. The compensation of the medical director shall be fixed by the board. The employees other than the medical director shall be subject to the civil service and retirement provisions of the charter provided that all employees who are actually employed on the effective date of this amendment and who have been continuously employed for one year immediately preceding such date shall be continued in their respective positions as if appointed thereto after examination and certification from a civil service list of eligibles and shall thereafter be governed by and be subject to the civil service and retirement provisions of this charter. All contributions to the retirement system required by the inclusion of the health service system employees in the retirement system shall be paid from the health service fund and no portion thereof shall be borne by any other funds of the city and county. Prior to July first, in each year the health service board shall fix the compensation of the employees and shall file with the controller, civil service commission and the retirement board a schedule of health service system employees, except the medical director, and the compensation fixed for each, which compensation shall not be increased during the fiscal year beginning with July first following the filing of such schedule, and shall not exceed rates fixed in the civil service

commission schedule of compensations dated April 9, 1939, or as amended or extended, for similar services in the city and county departments. Such annual schedule to be filed by the health service board shall serve as the basis for check and approval of the payrolls by the civil service commission and as bases for deductions by the controller for the purpose of the retirement fund and for calculating the contributions to be paid out of the health service fund to match the contributions made by the health service system employees.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the city and county.

Subdivision 4. The board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the treasurer of the city and county to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the controller and the controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances and dental, optical and other medical treatments and services.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California, regulating such professional conduct and services.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the city and county, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and re-

course of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the city and county shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

Discussion

Mr. F. M. Robinson, representing employees of the Health Service System, explained the foregoing proposed Charter Amendment, and urged its submission to the electors.

Dr. John W. Cline, representing the San Francisco County Medical Society, expressed agreement of his group with the amendment as proposed.

Mr. Cameron King and Mrs. Maude Murphy, members of Health Service System Board, urged submission of the proposed amendment.

Mrs. Molly Minodri, representing members of the Health Service System opposed to the proposed amendment; Mr. Wormuth, member of the Health Service System Board; Mr. Grover O'Connor, Attorney for the San Francisco Civil Service Association; Police Officer Walter Ames, speaking for himself; all spoke at length opposing the submission of the amendment.

During the foregoing presentations, Supervisor Uhl questioned proponents of the proposed amendment regarding possible cost to the city, for the various duties imposed on the Controller, the Retirement Board and the Registrar of Voters. Upon being assured by the Controller that expense to other city departments was very nominal, and that the Health Service System did reimburse, from its own funds, departments for any expense incurred, did not pursue his questioning.

Motion to Submit

Supervisor McSheehy, seconded by Supervisor Colman, moved to submit the proposed Charter Amendment to the electors.

Amendments Proposed

Supervisor Uhl, seconded by Supervisor McGowan, moved to amend (d) of Paragraph 6 of Subdivision 3, by deleting therefrom, after the words "retirement provisions of the charter," the words "provided that all employees who are actually employed on the effective date of this amendment and who have been continuously employed for one year immediately preceding such date shall be continued in their respective positions as if appointed thereto after examination and certification from a civil service list of eligibles and shall thereafter be governed by and be subject to the civil service and retirement provisions of this charter."

The foregoing proposed amendment was designed to meet objections raised by Supervisor Mead in blanketing in under Civil Service, those employees not taken from Civil Service lists of eligibles, but appointed to their respective positions at the pleasure of members of the Health Service System Board.

Mr. Cameron King and Mr. F. M. Robinson opposed the proposed amendment, holding it would upset completely the conduct of the Health Service System.

Supervisor Brown announced that should the amendment carry, he would present a further amendment to permit those now employed to take civil service examinations.

Amendment Approved

Thereupon, the roll was called and the foregoing motion carried by the following vote:

Ayes: Supervisors Brown Colman, McGowan, Mead, Ratto, Schmidt, Shannon, Uhl—8.

Noes: Supervisors McSheehy, Meyer—2.

Absent: Supervisor Roncovieri—1.

Whereupon, Supervisor Brown moved that the City Attorney prepare appropriate language to instruct the Civil Service Commission to hold a new set of examinations for positions in the Health Service System, and to permit those now employed in said positions to take such examinations.

Motion failed for want of a second.

Ordered Submitted

Whereupon, the roll was again called, and the proposed charter amendment was ordered submitted to the voters by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Mead, Roncovieri—2

Action Rescinded

Subsequently during the proceedings, after consultation of Messrs. King and Robinson, with several members of the Board, Supervisor McGowan, seconded by Supervisor Colman, moved that the previous action of the Board, ordering submission of the foregoing proposed charter amendment to the voters be rescinded.

Supervisor Uhl objected to rescinding action, stating that he believed it unfair to those interested in the matter, but who had left the chambers, following the action of the Board in ordering submission, to rescind the action previously taken.

Supervisor Colman pointed out that those people formerly present had protested against the amendment as presented by Mr. King and his group, and by rescinding action taken, that which they desired would be accomplished.

Whereupon the roll was called and the motion to rescind carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Schmidt, Shannon—7.

Noes: Supervisors Ratto, Uhl—2.

Absent: Supervisors Mead, Roncovieri—2.

Amendment Proposed

Thereupon Supervisor McSheehy, seconded by Supervisor McGowan, moved that the entire paragraph marked (d) of Paragraph 6, Subdivision 3, be stricken out, and that there be substituted therefor the following: "(d) To appoint a secretary and other employees, who shall hold office at the pleasure of the Board, and to fix their compensations."

Motion carried by the following vote:

Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Mead, Roncovieri—2.

Ordered Submitted

Whereupon the roll was again called, and the foregoing proposed charter amendment, on motion by Supervisor McSheehy, seconded by Supervisor Colman, amended to read as follows, was ordered submitted by the following vote:

Health Service System

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the charter of said City and County by amending Section 172.1 thereof relating to the Health Service System authorizing petitions to the Health Service Board, providing for review by the Retirement Board of certain determinations and for annual review of adequacy of medical care and of compensation and professional fee schedules.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on the 5th day of November, 1940, a proposal to amend the Charter of the said City and County by amending Section 172.1 thereof, so that the same shall read as follows:

Health Service System

Section 172.1:

Subdivision 1. A health service system for municipal employees is hereby established. Said system shall be administered by a board to be known as the Health Service Board. The members of the system shall consist of all employees of the City and County who are members of the retirement system and all teachers and employees of the board of education who are members of said retirement system. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayer in the practice of religion shall be exempted from the system upon filing annually with the Health Service Board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. The board shall have the power to exempt any person whose annual compensation exceeds forty-five hundred ($4,500.00) dollars and any person who has otherwise provided for adequate medical care.

Subdivision 2. The Health Service Board shall consist of nine members elected by the members of the system. The first members of the board shall classify themselves by lot so that three shall serve for one year, three for two years and three for three years from and after May 15, 1937. Thereafter the term of office shall be three years. Each member of the board shall give bond in the sum of ten thousand ($10,000.00) dollars, the premium on which shall be paid out of the funds of the system. Vacancies shall be filled for the unexpired term by a majority vote of the remaining members of the Board. Members of the Board shall be nominated by a written nomination of twenty members filed with the registrar of voters not earlier than April 1st nor later than April 15th of each year. The registrar of voters shall prepare ballots and shall furnish the same to all members of the system between April 15th and April 25th and shall receive the ballots between April 25th and May 7th and

canvass and certify the result on May 8th. The registrar of voters shall have power to make such regulations respecting the form, distribution and canvassing of the ballots as may be necessary to secure secrecy of the ballots and prevent fraud. The persons equal in number to the number to be elected who receive the greatest number of votes shall be declared elected. Not more than one employee of any one department or office may be a member of the Board. For the purpose of the first election, all employees eligible for membership in the system shall be deemed members.

Subdivision 3. The Board shall have power:

(a) By a two-thirds vote of the entire membership of the Board to adopt a plan or plans for rendering medical care to the members of the system, or for the indemnification of the cost of said care, or for obtaining and carrying insurance against such costs, provided:

1. No member of the system shall be required to accept the services or medical supplies of any physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist or hospital selected by the Board, but, subject to rules and regulations of the Board, every member shall have the right to select, of his own choice, any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care as herein defined, who or which will render the required services pursuant to said rules and regulations, and the Board shall make provision for the exercise of such choice; and is hereby expressly prohibited from entering into any exclusive contract for the rendering of said services;

2. Any duly licensed physician, surgeon, person licensed to treat human diseases without the use of drugs, dentist, nurse, pharmacist, hospital or other agency of medical care shall have the right to furnish such services or medical supplies at uniform rates of compensation to be fixed by the Board;

3. Such rates of compensation and any and all proposed contracts respecting the rendering of such services shall be reviewed by the retirement board of the City and County and shall not become effective unless and until approved by the retirement board. The retirement board may approve, refer to the Health Service Board for further consideration, or disapprove any matter or proposal which is within its jurisdiction under the provisions of this section, and it shall act within sixty (60) days after any matter has been submitted to it, and failure of the retirement board to approve, refer or disapprove the same within said period shall constitute an approval.

4. In January of each year, at public hearings, the Health Service Board shall review and determine the adequacy of medical care provided for members of the system and the ade-

quacy of fee schedules and the compensation paid for all services rendered and it may make such revisions therein as it deems equitable. Any such determination or revision shall be subject to review by the retirement board upon an appeal taken within thirty (30) days thereafter by a written petition filed with the retirement board and signed by not less than fifteen per cent. (15%) of the members of the system or by not less than fifteen per cent. (15%) of those of any one of the following groups who have contracted to render services to the members of the system: Physicians and surgeons; persons licensed to treat human diseases without the use of drugs; dentists; nurses; pharmacists; hospitals; other agencies of medical care. A copy of such petition shall also be filed with the health service board at the same time. The retirement board may approve or disapprove such determination or revision of the Health Service Board by a majority of its members or refer the same to the Health Service Board for further consideration. Failure of the retirement board to approve, refer or disapprove such determination or revision within sixty (60) days after filing the petition shall constitute an approval.

5. The Health Service Board shall receive, consider and, within sixty (60) days after receipt, act upon, any matter pertaining to the administration, operation or conduct of the health service system submitted to it in writing by any member of the system or any person who has contracted to render medical care to the members of the system.

6. The said retirement board is hereby authorized and empowered and it is hereby made its duty to exercise the powers and to perform the duties prescribed for it by this section.

(b) To put said plans into effect and to conduct and administer the same and, for all or any of said purposes, to contract therefor and use the funds of the system.

(c) To make rules and regulations for the transaction of its business, the granting of exemptions and the admission to the system of persons who are hereby made members thereof and such other officers and employees as may voluntarily become members of the system with the approval of the Board.

(d) To appoint a secretary and other employees, who shall hold office at the pleasure of the Board, and to fix their respective compensations.

(e) To make provision for the participation in the benefits of the system by the dependents of members, retired municipal employees and temporary municipal employees, provided that such participation shall be without cost to the City and County.

Subdivision 4. The Board shall determine and certify to the Controller the amount to be paid monthly by the members of the system to a fund for the purposes of the system hereby created. The Controller shall deduct said sums from the compensation of the members and shall deposit the same with the

Treasurer of the City and County to the credit and for the use of the system. Such deductions shall not be deemed to be a reduction of compensation under any provision of this charter. The Board shall have control of the administration and investment of the funds, provided that all investments shall be of the character legal for insurance companies in California. Disbursements from the fund shall be made only upon audit by the Controller and the Controller shall have and exercise the accounting and auditing powers over the funds of the system which are vested in him by this charter with respect to all other municipal boards, officers and commissions.

Subdivision 5. The term "medical care" shall include the services of physicians, surgeons, nurses, persons licensed to treat human diseases without the use of drugs, hospitalization, medicines and appliances, and dental, optical and other medical treatments and services.

All acts performed and services rendered under the provisions of this section shall be performed in accordance with the provisions as to professional conduct prescribed by the statutes of the State of California regulating such professional conduct and services.

Medical care, as defined in this section, shall not be furnished or supplied to any member of the system by or in any of the public health and hospital facilities of the City and County, except that emergency medical and hospital care may be rendered to any member of the system in the usual course of emergency health service.

Subdivision 6. Members of the system shall have and possess no claim or recourse against any of the funds of the municipality by virtue of the adoption or operation of any plan for rendering medical care, indemnifying costs of said care or carrying insurance against such costs, but the claim and recourse of any such member shall be limited solely to the funds of the system. All expenses of the system shall be borne exclusively by the funds of the system and the City and County shall not appropriate or contribute funds in any manner for the purposes of the system hereby established and provided.

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Mead, Roncovieri—2.

Explanation of Vote

Before the foregoing vote had been taken, Supervisor Uhl announced that he felt the action proposed was absolutely wrong. No such action should be taken after the persons interested had left with the understanding that the matter had been approved. Accordingly he would vote "No."

Park Department

The Clerk read the following:

Charter Amendment No. .....

Park Department

Describing and setting forth a proposal to the electors of the City and County of San Francisco, to amend the Charter of said City and County by amending Section 40 thereof relating to the Park Department, by providing that certain employees of said department shall be subject to the Civil Service provisions of the Charter.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 40 thereof so that the same shall read as follows:

Park Department

Section 40. The Park Department shall be under the management of a Park Commission consisting of five members who shall be appointed by the Mayor and serve without compensation. The term of office of each Commissioner shall be four years, provided that the Commissioners in office at the time this Charter shall go into effect shall be continued in office until twelve o'clock noon on the 15th day of January of the year of expiration of their terms, and thereafter their successors shall be appointed for four-year terms, commencing at twelve o'clock noon on the 15th day of January in such respective years.

The Park Commission shall appoint a Secretary and a Superintendent of Parks and Director of the Zoo, who shall hold office at its pleasure. The Superintendent shall be the chief executive of the department. He shall appoint all other employees of the said department and such appointments exclusive of those in part time service where the compensation including valuation of maintenance or other allowances is less than $80.00 per month shall, beginning September 1, 1941, be subject to the Civil Service provisions of this Charter. Occupants of positions hereby made subject to the Civil Service provisions of the Charter who occupy such positions on the 1st day of September, 1941, and who have occupied the same for one year immediately prior thereto, shall be continued in their positions as if appointed thereto after examination and certification from a list of eligibles and shall be governed thereafter by the Civil Service provisions of the Charter. Compensation of employees of the Park Department shall be subject to standardization to the same extent as are compensations of employees in other departments which are now subject to salary standardization.

The Park Commission shall be successors in office of the Park Commissioners holding office in the City and County at the time this Charter became effective and shall have all the

powers and duties thereof, except ordinance making powers and except as in this Charter otherwise provided.

Motion for Temporary Postponement

Supervisor Brown, seconded by Supervisor Colman, moved that consideration of the foregoing proposed charter amendment be temporarily postponed.

Discussion on Motion

Supervisor Brown, in discussing his motion, inquired as to the cost to the city should the proposed amendment be submitted to the people and approved by them.

Mr. John McLaughlin, representing Park employees, answered saying that there would be no additional cost to the city. In fact, being non-civil service, there is at present no limit beyond which salaries could not be paid, but under civil service compensation could not be higher than the prevailing rate of wage.

Supervisor Mead supported the views expressed by Mr. McLaughlin.

Supervisor McGowan opposed the motion for temporary postponement, inasmuch as the Board had tentatively agreed, at its meeting on Friday, September 20, 1940, to approve the submission of the proposed amendment to the people.

Supervisor Brown, in answer to Supervisor McGowan, stated that he had been absent from the meeting of Friday, and so was not a party to any agreement to submit.

Motion Fails

Thereupon the roll was called and motion for temporary postponement *failed* by the following vote:

Ayes: Supervisors Brown, Colman, Shannon—3.

Noes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—7.

Absent: Supervisor Roncovieri—1.

Ordered Submitted

Whereupon the roll was called and the foregoing proposed amendment was ordered submitted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

No: Supervisor Brown.

Absent: Supervisor Roncovieri.

Explanation of Votes

Supervisor Brown explained his foregoing vote, saying that he thought the action just taken was ill advised, because of failure to find out the amount of money involved before voting to submit. For that reason he had voted "No."

Supervisor Shannon announced that he had voted for temporary postponement. That failing, he had voted to submit, in accordance with agreement made on Friday.

Supervisor Colman announced that he had made the same commitment, although he did not, at that time, have any realization that the amendment might increase the cost to the city of the operation of the parks.

Pacific Gas and Electric Company Employees

The Clerk read the following proposed charter amendment, presented by the City Attorney as a substitute for amendment previously presented on the same subject, and accepted by the Judiciary Committee in lieu of that amendment originally presented:

Charter Amendment No. .....

Pacific Gas & Electric Company Employees

Describing and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by adding a new section thereto to be known as Section 165.1, giving to the Board of Supervisors the power to provide, by ordinance, for retirement benefits for the employees of the Pacific Gas & Electric Company when the electric distribution system thereof is temporarily acquired by the City.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by adding thereto Section 165.1, to read as follows:

Pacific Gas & Electric Company Employees

Section 165.1. The Board of Supervisors shall have the power to provide by ordinance, retirement benefits for persons who become employees of the City and County of San Francisco under any lease, or other temporary arrangement, entered into between said City and County and the Pacific Gas and Electric Company, and because of their employment by said company at the effective date of said lease, or other temporary arrangement. The effect of said ordinance shall be to provide essentially the same retirement benefits for said employees on account of service rendered under said lease or other temporary arrangement, as if said persons had been employees of said company throughout the term of said lease.

The further effect of said ordinance shall be to provide for permanent retirement rights for said persons in the event they become employees of said City and County upon purchase or other permanent acquisition of the properties of said company, essentially the same benefits on account of service rendered as employees of said City and County, as they would have received if they had been members throughout said service of the San Francisco City and County Employees' Retirement System on the same basis as other employees of said City and County, except members of Fire or Police Departments.

Explanation of Vote

Supervisor Uhl explained his vote, stating that inasmuch as the proposed amendment involved only the question of benefits of the Retirement System to any employees of the Pacific Gas and Electric Company that are taken over by the city if and when any part of that company's electric distributing system is taken over temporarily by the city, he would vote to submit same to the voters.

Ordered Submitted

Thereupon the roll was called and the foregoing proposed charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Mead, Roncovieri—2.

Leaves of Absence

The City Attorney called attention to proposed charter amendment providing for leaves of absence for officers and employees of the City and County while serving in the military or naval forces of the United States, which the Board had ordered submitted to the electors at its meeting of Friday, September 20, 1940. Under the terms of the amendment as ordered submitted, those entering the service of the United States military or naval forces would be granted a leave of absence, without pay. The question has been raised as to whether or not those entering such service should or should not receive one month's salary.

Action Rescinded

Whereupon Supervisor McSheehy, seconded by Supervisor Ratto, moved that the Board rescind its previous action, ordering submission to the electors of the proposed charter amendment providing for leaves of absence to those entering the military or naval service of the United States, in order that proper amendments might be made to provide for one month's pay to those officers or employees entering such service.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Mead, Roncovieri—2.

Amendments

Thereupon, on motion by Supervisor McSheehy, the words "without pay," in the third paragraph of Section 153, twentieth line, were stricken out.

The City Attorney then called attention to amendment proposed by the Civil Service Commission, to provide for notification to that Commission, of leaves of absence granted under the terms of the proposed amendment.

Whereupon, on motion by Supervisor McSheehy, seconded by Supervisor Ratto, the following amendments were approved:

Section 153 amended by inserting after the word "thereof" in the twenty-first line, the words "Employees or eligibles entering or being inducted into said service shall, prior thereto, file with the Civil Service Commission a copy of the orders requiring such service."

Also, a further amendment to the same section, as follows: in the twenty-sixth line, after the word "service" delete the words "he shall be preferred for appointment at the end of his service, a temporary" and insert in lieu thereof the following: "and he has filed a copy of the orders requiring such service with the Civil Service Commission as herein provided, he shall be preferred for appointment at the end of his service, and a temporary."

Ordered Submitted

Whereupon, on motion by Supervisor McSheehy, seconded by Supervisor Ratto, the proposed charter amendment as amended, and reading as follows, was *ordered submitted* by the following vote:

Leaves of Absence

Describing and setting forth a proposal to the electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 153 thereof so as to provide for leaves of absence to officers and employees of the City and County while serving in the Military or Naval Forces of the United States or in the National Guard of California, and providing for said persons holding their rank on Civil Service eligible lists.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of the City and County of San Francisco at the general election to be held on November 5, 1940, a proposal to amend the Charter of said City and County by amending Section 153 thereof so that the same shall read as follows:

Leaves of Absence

Section 153. Leaves of absence to officers and employees of the City and County shall be governed by rules established by the Civil Service Commission, provided that leave of absence to any officer or employee for the purpose of leaving the City and County, taking a position outside of the City and County service, or accepting a position in some department or office of the City and County other than the one in which he is employed and where the duties are in no way related to the duties covered by his civil service classification, shall be limited to six months; and provided, further, that no limit shall be placed on a leave of absence granted to enable an officer or employee to accept promotion to a non-civil service position in the same department in which he holds civil service status, or promotion to co-related work in another department or office of the City and County.

Leaves of absence shall be granted to officers, employees and persons on eligible lists for terms of service in the army, the navy or the marine corps, in time of war and for such time thereafter as may be provided by rule of the commission, but not to exceed two years after the proclamation of peace, except in case of disability incurred in line of duty, when such disability shall extend beyond such period. If a person on such leave has been appointed to a permanent position, he shall be entitled to resume such position at the expiration of his leave, and if any civil service rights accrue to any appointee by reason of seniority, the term of service shall be reckoned a part of his service under the City and County, exclusive of service under the retirement provisions of this Charter. If persons on such leave have standing on an eligible list, they shall retain their places thereon, and upon presenting an honorable discharge from such wartime service shall be preferred for appointment in the order of standing upon such register at the time of enlistment and before candidates securing standing through an examination held subsequent to such enlistment.

Whenever any officer or employee of the City and County of San Francisco, or any uncertificated officer or employee of the Unified School District of said City and County, including persons under probationary appointment, or any person having rank or place on any civil service list of eligibles for appointment to any position under the government of said City and County, or to any uncertificated position under said Unified School District, shall by order of the Government of the United States or by lawful order of any of its departments or officers, or by lawful order of the State of California, or any of its

departments or officers, be directed in time of peace, to report for service or training in any branch of the military or naval forces of the United States, or in the National Guard of California, and shall be inducted into said service, or into any service for national defense or preparedness, or who, in time of peace, in response to any call from the Federal or State governments to enlist for service or training in any branch of the military or naval forces of the United States, or in the National Guard of California, shall so enlist, said officer or employee shall be entitled to a leave of absence from his office or position, during the time of his enlistment or service and for a period of three months after the expiration thereof.

Employees or eligibles entering or being inducted into said service shall, prior thereto, file with the Civil Service Commission a copy of the orders requiring such service. If said person so enlisting or serving is on any civil service list of eligibles, he shall maintain his place on said list during the period of said service unless the list shall expire prior thereto, but if his name has been reached for certification to any permanent position during said period of service, and he has filed a copy of the orders requiring such service with the Civil Service Commission as herein provided, he shall be preferred for appointment at the end of his service, a temporary appointment shall be made to said position to serve during the leave of absence of said person whose name is reached for certification, and on expiration of said leave said person shall be certified for appointment to said position. The Civil Service Commission shall have full power and authority to make all necessary rules not in conflict with this section, to carry its purposes into effect.

The Civil Service Commission, by rule and subject to the approval of the Board of Supervisors by ordinance, shall provide for leaves of absence due to illness or disability, which leave or leaves may be cumulative, if not used as authorized, provided that the accumulated unused period of sick leave shall not exceed six months, regardless of length of service, and provided further that violation or abuse of the provisions of said rule and ordinance by any officer or employee shall be deemed an act of insubordination and inattention to duties.

Ordered submitted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Mead, Roncovieri—2.

Adopted

The following resolution was taken up:

Sale of Scrap Iron to Belligerent Nations

Supervisor Schmidt read an article from the San Francisco Examiner of September 20, 1940, re Japan buying Municipal Railway cartracks for scrap iron, and suggested that the Board of Supervisors should pass an ordinance to prevent sale of second hand materials for resale to a foreign agent for military purposes.

The City Attorney, in commenting thereon, stated he doubted if such ordinance could be enacted. The Board could, however, adopt a resolution notifying the purchaser of any second hand material that it would be the sense of the Board that no scrap iron should be sold to anyone who intended resale to a nation for military uses.

ADJOURNMENT

There being no further business, the Board, at the hour of 1:20 P. M., adjourned.

President Shannon, in responding to the remarks by Mrs. Brown, expressed the pleasure of the Board at Mrs. Brown's visit, and the appreciation of the kind thought that went with the presentation of the two flags, and announced that as far as he was able to, he would see that the flags remain as a decoration on the desk of the President of the Board of Supervisors, as long as the Chambers of the Board should remain in existence, and that when they should wear out, they would be replaced by others. Invitation to Bazaar and Luncheon Given by the Ladies of the G. A. R.

Before leaving the Chambers, Mrs. Brown invited the members of the Board of Supervisors to attend Bazaar and luncheon given by the Ladies of the G. A. R. on October 10, in room 213, War Memorial.

Clerk directed by the President to send notice of invitation to each member of the Board.

SPECIAL ORDER 4:30 P. M.

Supervisor Uhl, earlier during the day's proceedings, brought to the attention of the Board the case of Mrs. Rodrigues, whose husband had deserted her, leaving her destitute, with small children to care for. At the request of Supervisor Uhl, consideration of the case of Mrs. Rodrigues was made a special order of business for 4:30 P. M.

The hour of 4:30 having arrived, the case of Mrs. Rodrigues was again taken up.

Supervisor Uhl, in presenting the case, informed the Board that the point at issue seemed to be that of responsibility. The State Relief Administration has ruled the case to be the responsibility of the County, while the Public Welfare Department holds the State Relief Administration to be responsible.

Mr. Frank McLaughlin, Director of Relief, in commenting on the case, stated that the question seems to be the definition of an employable person. The State legislature has defined an employable person as one

not totally incapacitated for gainful employment. The Public Welfare Commission maintains that a person not totally incapacitated for employment is entitled to SRA maintenance. The State Relief Administration maintains that if a woman is employable, but has young children who need her care at home, she is unemployable, and hence properly a county responsibility. The State Attorney General has rendered an opinion in which he has stated that the social conditions in the home had nothing whatever to do with the employability of a person. Under the ruling of the Attorney General, the Public Welfare Department has no authority to grant relief in this case, except temporarily. However, relief could be granted now by a private agency, as the Community Chest. The Public Welfare Commission, at its meeting on Tuesday, September 24, will consider what action can be taken in the case.

Supervisor Colman presented Bill No. ....., Ordinance No. ....., as follows:

Repealing Ordinance No. 632, Bill No. 670 (Series of 1939), entitled "Changing Sidewalk Widths on Post Street Between Taylor Street and Van Ness Avenue."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 632, Bill No. 670 (Series of 1939), entitled

"Changing Sidewalk Widths on Post Street Between Taylor Street and Van Ness Avenue," is hereby repealed.

Approved as to form by the City Attorney.

August 26, 1940—*Referred to Streets Committee.*

Sept. 16, 1940—*Over one week and made a special order of business for* 2:30 *P. M.*

Privilege of the Floor

Mr. Will Merryman, representing Retail Merchants' Association; Mr. Joseph C. Gill, of the Post Street Property Owners' Association; Mr. A. J. McChrystal, speaking for the Down Town Association; Mr. Paul Gibson, representing Crown Community Apartments, and the Caboo Estate; Mr. C. Murphy, of the Central Council of Civic Clubs, all favored the repeal of the ordinance providing for the widening of Post Street, between Taylor Street and Van Ness Avenue, and urged that the Street Committee's recommendation be approved.

Mr. George Skaller; Mr. Vizzard, of the Draymen's Association; Mr. George Gearhard; Mr. Ohman, speaking for Chief Administrative Officer Alfred J. Cleary, for City Engineer John Casey and for Director of Public Works A. D. Wilder; and Supervisor Uhl, expressing the views of Mr. Andrew J. Gallagher, favored the widening of Post Street and urged that the recommendation of the Street Committee be not approved.

Supervisor Colman opposed the proposed widening of Post Street, inasmuch as the entire street was not to be widened. He read a newspaper entitled "Be Fair," and recommended that since Post Street, from Taylor Street to Market was not to be widened at this time, neither should it be widened between Taylor Street and Van Ness Avenue should not be widened. All property owners should be treated alike.

Whereupon, Supervisor Roncovieri agreed that all property owners should be treated alike, and suggested that to achieve that end, Post Street,, for its entire length between Van Ness Avenue and Market Street, should be widened.

Supervisor Schmidt expressed his belief that Post Street, from Van Ness to Taylor Street, should be widened.

Supervisor Shannon, in answer to criticism that since lower Post Street was not to be widened, hence the street between Van Ness Avenue and Taylor Street should not be widened, reminded the Board that it had gone on record with respect to that portion of the street now being considered, and had decided to leave in abeyance the question of widening between Taylor and Market Streets.

Refused Passage for Second Reading

Thereupon, the roll was called and the foregoing Bill was refused Passage for Second Reading by the following vote:

Amendment

Supervisor McGowan called attention to statement made by Supervisor Colman, at the previous meeting of the Board, declaring that he felt the Board had made a mistake regarding the disposition of fines and penalties, as set forth in Section 132 of the foregoing proposed legislation. The Fire, Safety and Police Committee had given that matter further consideration, and had agreed that Section 132 should be eliminated from the proposed ordinance, and he would so move.

No objection and so ordered.

All Night Parking

Supervisor Uhl read from letter in the San Francisco Examiner, September 23rd, re parking of automobiles at night, and after comment thereon, during which he expressed his views, previously voiced on the same subject, he moved that Section 60 be deleted from the proposed ordinance.

Motion seconded by Supervisor Brown.

Supervisor Colman opposed the motion at the present time. He

believed the ordinance should be Passed for Second Reading, but at some future date, the proposed amendment could be considered.

Thereupon, Supervisor Uhl announced that he desired to check with Police Captains Riordan and Munn on the matter, and moved that further consideration be postponed for one week, at which time they could be present.

The Chair declared motion to be out of order; there being a motion already before the Board.

Supervisor Brown announced that he would be opposed to all night parking in the down-town district.

Whereupon, Supervisor Uhl suggested consideration be given to amendment providing for all night parking outside the fire limits.

Thereupon, Supervisor Brown, seconded by Supervisor Uhl, moved as a substitute for the previous motion, that Section 60 be amended by inserting in the second line thereof, after the word "street," the words "within the fire limits."

Supervisor Uhl withdrew his previous motion.

Postponement of Consideration

After the brief discussion, during which Supervisor Meyer and Supervisor Ratto opposed the motion, Supervisor McSheehy, seconded by Supervisor Brown, moved that the entire matter remain on the calendar for two weeks.

Motion carried by the following vote:

Removal of Safety Zone Traffic Buttons From Streets
(Series of 1939)

Supervisor McSheehy presented Resolution No. ....., as follows:

Whereas, The Market Street Railway Company has been granted permits to operate gasoline buses over 141.227 miles of street in San Francisco, in lieu of or as an adjunct to electric street car service; and

Whereas, These buses can load and unload passengers alongside of curbs which obviates the necessity of the traveling public walking to the center of the street where the car tracks are and there entering the buses; and

Whereas, Several years ago, on account of danger from ever-increasing automobile traffic, in many locations galvanized iron buttons about fourteen inches in diameter were placed parallel to car tracks for a distance of about sixty feet, on about six-foot centers, immediately before intersections, which form a protective island for the people waiting to board the electric street-cars; and

Whereas, These protective islands are not now in use on many streets by reason of the change that has taken place from electric street-car transportation to gasoline bus service; and

Whereas, At a number of intersections, especially on Van Ness Avenue, these galvanized iron buttons have been taken up and have been replaced by white-painted islands which do not present a hazard to automobile traffic, and which act as safety zones for those who wish to enter street-cars; now, therefore, be it

Resolved, That the Department of Public Works be requested to give immediate consideration to the removal of all galvanized iron buttons throughout the City along streets where gasoline bus operation has replaced electric street-car service, and wherever conditions warrant for the safety of the traveling public, the replacement of said buttons with white-painted safety zones.

Whereas, proof has been made to the Board of Supervisors that Albert H. Rowe was, on the 1st day of May, 1940, the owner of a coupon in the amount of Twenty-two and 50/100 Dollars ($22.50) attached to San Francisco Boulevard Bond No. 6056 and was also, at said date, the owner and holder of said bond and that said coupon was detached from said bond and since detachment thereof has become lost and after diligent search cannot be found; and

Whereas, said coupon, since the said 1st day of May, 1940, has not been presented for payment and no trace thereof has been found and stop-payment has been placed against the same with the Treasurer of the City and County of San Francisco, and the Board of Supervisors does now declare that said coupon has been lost or destroyed within the meaning of the Act of the Legislature of the State of California entitled "An Act to Provide for the Issuance of Duplicates of Bonds, Warrants and other evidence of indebtedness of Counties and Municipalities and other Corporations," as set forth in Chapter 824, Statutes 1933; and

Whereas, said Albert H. Rowe has made application to this Board of Supervisors for the payment of the amount of said coupon without presentation thereof and has offered to guaranty and indemnify the City and County of San Francisco and all the officials thereof against any loss or damage of any kind or character arising out of any subsequent presentation, demand or payment of said coupon; and

Whereas, in view of the small amount due on said coupon it would be uneconomical to have a duplicate coupon made,

Now, Therefore, Be It Resolved, that the Controller of the City and County of San Francisco is hereby authorized and directed to draw his warrant for the payment of said coupon in favor of said Albert H. Rowe for the sum of Twenty-two and 50/100 Dollars ($22.50) upon condition that said Albert H. Rowe deliver to said Controller a satisfactory guarantee indemnifying the City and County of San Francisco

and all the officials thereof against any loss or damage of any kind or character arising out of any subsequent presentation, demand or payment of said coupon.

Approved as to form by the City Attorney.

Settlement of Claim—Personal Injuries—Hattie A. Furman $300
(Series of 1939)

Resolution No. 1330, as follows:

Whereas, on the 28th day of November, 1939, Hattie A. Furman was injured as a result of a fall due to the defective and dangerous condition of the sidewalk on Hayes Street, near the intersection thereof with Van Ness Avenue, more particularly near the northwest corner thereof, which defective condition consisted of a slight rise in the said sidewalk; and

Whereas, as a result of said defective condition of said sidewalk, said Hattie A. Furman suffered a severe fracture of the right arm; and

Whereas, the City Attorney believes that there is liability on the part of the City and County of San Francisco, and has entered into an agreement and compromise, subject to approval of her respective claim against the said City and County of San Francisco, for the sum of three hundred dollars ($300.00), which he believes to be fair, just, and a reasonable sum for the compromise of the said claim;

Now, Therefore, Be It Resolved, that the City Attorney be and he is authorized and empowered to compromise and settle said claim for the sum of three hundred dollars ($300.00), and the Controller is directed to issue a warrant in this said sum.

Refused Adoption
Income Tax for Non-Residents
(Series of 1939)

Resolution No....., as follows:

Whereas, It is estimated that approximately fifty thousand employees and owners of private enterprise who make their livelihood in San Francisco do not actually reside in this city, but maintain their legal residences in Peninsula, East Bay, Marin and other communities; and

Whereas, These commuters, while enjoying most of the benefits provided through taxation of resident San Franciscans and San Francisco property, do not, in return therefor, contribute toward defraying the substantial expenses of said benefits, and their purchases, consummated in the greater part of their communities of legal residences, are not sufficient to relieve San Francisco merchants of any appreciable portion of their tax burden; and

Whereas, This situation as it now exists, wherein benefits provided by taxation of San Franciscans are accorded commuters to our City who do not make equitable contribution therefor, is manifestly unjust to the tax-paying legal residents of San Francisco; now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized and

directed to prepare proper legislation which will require payment to the City and County of San Francisco, by all who earn their livelihood here but are residents of other communities, of one per cent of their annual incomes derived from employment or investment in San Francisco.

Discussion

President Warren Shannon, immediately after the first Roll Call, requested that consideration of the foregoing Resolution be postponed for two weeks. He had informed representatives of the Apartment House Industry, who were interested in the proposal, that consideration of the proposal would undoubtedly be postponed, and it would not be necessary for them to be present.

Supervisor McSheehy objected to postponement of consideration. He believed the matter should be considered immediately, and disposed of.

Supervisor Colman opposed postponement of consideration. He believed the proposal to be a serious error, which should be turned down without delay. San Francisco lives on the friendship of other cities, and should encourage residents from other cities to come to San Francisco. Such a proposal as is here advocated cannot but create ill will. The proposal should be beaten without delay.

Supervisor McGowan questioned the legality of the proposal. For that reason he desired the City Attorney to be present to give the Board the benefit of his opinion thereon. However, he agreed with Supervisor Colman and was opposed to the proposal.

Supervisor Uhl characterized the resolution as the most regrettable piece of legislation brought into the Board for a long time, and should be voted on without delay.

Supervisor Mead moved the privilege of the floor for Mr. Will Merryman, representing the Chamber of Commerce.

Supervisor Shannon, however, objected to the privilege of the floor, stating that if it was the intention of the Board to decide the matter without giving everyone an opportunity to be heard, he did not think it right to hear one side, and deny that right to those with other views. However, he believed the Board should postpone action until the City Attorney's arrival.

Supervisors Colman and McSheehy both expressed opposition to any delay, whereupon, Supervisor Colman, seconded by Supervisor McSheehy, moved for suspension of the rules, in order to take up immediate consideration of the Resolution, which would otherwise have to await its place in the regular order of business of the day.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Ratto, Schmidt, Uhl—8.

Noes: Supervisors Roncovieri, Shannon—2.

Absent: Supervisor Meyer—1.

Supervisors Schmidt and Ratto opposed the adoption of the proposed legislation, Supervisor Ratto stating that he had been told by Mr. A. J. McChrystal that the Down Town Association was strongly opposed to the measure.

Mr. Wolff, Assistant City Attorney, in reply to questioning, stated that the matter had not previously been called to his attention, and while he believed the City Attorney was familiar with the question, he must decline to render any opinion as to to its legality without an opportunity to study the proposal.

Postponement of Consideration Proposed

Supervisor Roncovieri, following brief discussion of the Resolution, moved that the Board, at the conclusion of the day's business, recess, to reconvene on Thursday, October 3, 1940, at 10:00 A. M. for a special hearing on the subject. Motion seconded by Supervisor Shannon.

Discussion of Motion

In discussing the proposed resolution, and in explanation of the reasons prompting the foregoing motion, Supervisor Roncovieri stated that he wanted all the light possible on the subject. It is customary, he stated, to hear both sides of any controversial subject, in order to learn all the facts, and the good or the harm a proposal, if adopted, might do. Since the City Attorney cannot be present to advise the Board on the matter, and a rather important group of citizens, as stated by Supervisor Shannon, cannot present their views on the matter, Supervisor Roncovieri believed postponement of further consideration should be allowed. He did not believe legislation should be passed, or turned down, on the spur of the moment, because of emotional hysteria that might develop, although apparently some members of the Board did desire to pass on this proposal, good, bad or indifferent.

Supervisor Shannon, in discussing the motion, urged the members of the Board to pay some heed to the appeal by Supervisor Roncovieri. Insofar as ingress to or egress from San Francisco, San Francisco seems to be doing everything possible to effect the egress from the city. In closing, Supervisor Shannon, appealed for the opportunity to hear both sides of the question, and regretted that members of the Board did not seem willing to do the fair thing and grant such an opportunity.

Supervisor McGowan announced he would have been willing to subscribe to the motion, had there been a proper committee hearing on the matter. Now, however, he believed the Board should vote the matter down.

Supervisor Colman opposed the motion. Nothing but harm, he believed, could come from keeping the matter in abeyance and not killing it at once. If this were but a personal matter, he would not object to postponement, but the interest of the people is at stake, and he could not agree to delay.

Supervisor Uhl opposed the motion for postponement. During his six years on the Board, he stated, he could not recall any matter of such tremendous importance coming from the Finance Committee with but one hearing, and objected to the committee not holding a complete hearing on the matter, but requesting the Board to grant such hearing.

Supervisor McSheehy objected to postponement for any further hearing, stating that he felt the resolution did not warrant a real hearing.

Supervisor Mead announced that he had voted to recommend the matter to the Board without giving the matter a great deal of thought. He now believed full hearing should have been held in committee. However, he desired to point out that San Francisco contractors, when they go into another county, are required to pay licenses or be arrested. He believed San Francisco should wake up, and endeavor to protect its own interests in that respect, in other counties. However, he did believe, regarding this matter, that the Committee had made a mistake in not holding a proper hearing, but that now the Board should go along with the request for a couple of days' delay in order to grant both sides of the controversy the opportunity to express their views.

Supervisor Roncovieri agreed with Supervisor Mead, that the Committee had probably been a bit hasty in recommending the matter to the Board, without sufficient hearing, and for that reason he had proposed postponement in order that the Board might hear both sides of the matter. However, he did object to criticism of the Finance Committee by Supervisor McSheehy, that the committee had exceeded its authority in considering this matter without it having been first presented to the Board, and read from the Rules of the Board thereon.

Motion Failed

Thereupon, the roll was called and the motion for recessed meeting for special hearing on the proposed resolution failed by the following votes:

Ayes: Supervisors Roncovieri, Shannon—2.

Noes: Supervisors Brown, Colman, McGowan, McSheehy, Ratto, Schmidt,Uhl—7.

Absent: Supervisors Mead, Meyer—2.

Supervisor Mead, who was absent from the Chambers when the foregoing Roll was called, on his return to the Chambers stated that had he been present he would have voted "Aye" and he desired the record so to show.

In Hands of the Board

Thereupon the Chair (Supervisor Ratto temporarily presiding) having announced that the matter was properly in the hands of the Board, Supervisor Brown, seconded by Supervisor McGowan, moved that the matter be taken into the hands of the Board.

Supervisor Uhl, moved, as an amendment to the motion, that the Board sit as a Committee of the Whole.

Motion failed for want of a second.

Whereupon the roll was called and the motion to take into the hands of the Board carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Ratto, Schmidt, Uhl—8.

Noes: Supervisors Roncovieri, Shannon—2.

Absent: Supervisor Meyer—1.

Discussion of Main Question

Supervisor Brown, in discussing the Resolution before the Board, held that fundamentally it was the sort of legislation that would inevitably lead to reprisal. Should the City and County of San Francisco take it on itself to tax people's incomes derived from employment in San Francisco, where those people live outside of San Francisco, other communities would take steps to return the compliment. Should this legislation be adopted, counties whose people are affected would be in a fine strategical position to throw up trade barriers against San Francisco, if they desired to do so. San Francisco is unpopular in a great many locations. San Francisco needs the friendship of all the counties especially those immediately tributary to her. The mere fact that this legislation has been offered, whether or not it passes, has already done a great deal of harm.

Thereupon, Supervisor Ratto moved the privilege of the floor to Mr. Frederick Peterson, of San Mateo.

Floor refused, on objection by Supervisor Shannon, who stated that since the Board had declined to permit the presentation by both sides of the controversy he must object to hearing from anyone outside the Board, on the matter.

Supervisor Mead, in explaining his intended vote, stated that as a member of the Finance Committee he was frank to admit that he had apparently made a mistake. He would have liked to see another meeting on this matter. Now that not having been allowed, he must oppose the members of the Finance Committee with whom he had once agreed. In the future, as far as he was concerned, there would be no legislation recommended to the Board without full and complete hearings.

Supervisor Roncovieri stated that he took the view that there had been but one side of the argument presented, and were he moved solely by the arguments presented, which he agreed were very good, he would take the same position as that of Supervisor Mead, and vote against the resolution. However, he must vote, not in favor of the proposal, but as a protest against having been denied the right to hear the other side of the controversy, and there is another side. He wished to know how the public felt about the matter. It is possible that there are people who would favor such proposal. He must then, vote in favor of the

resolution, not exactly on its merits, because its merits have never been discussed, except from one side.

Supervisor Shannon announced that it was plain to be seen what the vote would be, and he suggested the roll call without further delay.

Refused Adoption

Thereupon, the roll was called and the Resolution was refused adoption by the following vote:

Ayes: Supervisors Roncovieri, Shannon—2.

Noes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Ratto, Schmidt, Uhl—8.

Absent: Supervisor Meyer—1.

Privilege of the Floor

Mr. Frederick Peterson, on motion by Supervisor Colman, was granted the privilege of the floor, Supervisor Shannon announcing, however, that he would not object to that privilege so long as Mr. Peterson should refrain from speaking on the subject just concluded.

Mr. Peterson, in his remarks, objected to statements made by Supervisor Shannon during the foregoing presentation, that San Francisco pays for everything, and the Peninsula Counties pay for nothing. He, Mr. Peterson, was a member of the California Commission for the Golden Gate International Exposition, and that he, as a member of that Commission had played a substantial role in securing aid for the Exposition. As to contractors coming into his community, no discrimination was shown against San Francisco contractors. Every contractor had to take out a license. Referring to San Francisco's participation in Highway improvements in San Mateo County, Mr. Peterson referred specifically to Joint Highway District No. 10, stating that San Francisco's aid was not wanted at all, and in fact, his county did not even want the highways although it was contributing to such construction. In concluding his remarks, he recommended that San Francisco "get down to earth and be a good neighbor," rather than attempting still further to antagonize neighboring counties by legislation such as that just defeated.

Communications

Communications were presented and read by the Clerk, as follows:

From Mrs. Walter C. Brendell, President California Spring Blossom and Wild Flower Association, opposing the eight o'clock closing hour as provided for in the proposed ordinance.

From Californians, Inc., signed by Mr. John Cuddy, opposing the removal of or curtailment of number of flower stands now operating in San Francisco.

Suggested Amendments

Supervisor Uhl moved that Section 161, Subsection (b), be amended by adding thereto the words, "but in no event shall the area be greater

than ten feet along the curb by a depth of four feet on the sidewalk, including the curb.

Motion failed for want of a second.

Whereupon, Mr. Lionel Brown, representing the Retail Florists Association, informed the Board that the original flower stand ordinance, as enacted in 1904, provided for an area of two and one-half feet by five feet. However, he as representative of the florist shops would not object to a permissible area of three by six feet.

Supervisor Uhl, thereupon, moved that Section 161, Subsection (b), be amended by adding thereto the words, "but in no event shall the area be greater than eight feet along the curb by a depth of four feet on the sidewalk, including the depth of the curb. Motion seconded by Supervisor McGowan.

Supervisor McSheehy moved as an amendment to previous motion that an area of ten feet by four feet be allowed for sidewalk flower stands.

Motion failed for want of a second.

Whereupon, the roll was called and motion by Supervisor Uhl, to limit the area of sidewalk occupancy by flower stands to eight feet by four feet, failed by the following vote:

Ayes: Supervisors Mead, Roncovieri, Schmidt, Uhl—4.

Noes: Supervisors Colman, McSheehy, McGowan, Ratto, Shannon—5.

Absent: Supervisors Brown, Meyer—2.

Thereupon, Supervisor Mead, seconded by Supervisors McSheehy and Ratto, moved that Section 161, Subsection (g), be amended by striking out the figure "8" in the first line, and substituting the figure "11" thus permitting the operation of sidewalk flower stands until 11 P. M.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto—5.

Noes: Supervisors McGowan, Roncovieri, Schmidt, Shannon, Uhl—5.

Absent: Supervisor Meyer.

Thereupon, Supervisor Mead moved further amendment, as follows:

That Section 159 of the proposed ordinance be amended by striking the word "Fifty" and the figure "$50.00" from the second sentence of said section and inserting in lieu thereof the word "Fifteen" and the figure "$15.00": and further, by adding after the last sentence the clause "provided that if the licensee shall, during any such quarterly period, employ or otherwise engage any other person to assist him in operating said flower-vending stand or in displaying or selling flowers thereat he shall pay a license fee, for that quarter, in the sum of Fifty Dollars ($50.00)."

As amended, Section 159 would read:

> Upon presentation of the permit duly issued and signed by the Director of Public Works a license fee shall be payable to the Tax Collector of the City and County of San Francisco. The license for such permit shall be the sum of Fifteen Dollars ($15.00) per quarter for each three months period or part thereof commencing on the first day of January, April and October, respectively, provided that if the licensee shall, during any such quarterly period, employ or otherwise engage any other person to assist him in operating said flower-vending stand or in displaying or selling flowers thereat, he shall pay a license fee, for that quarter, in the sum of Fifty Dollars ($50.00).

Privilege of the Floor

Mrs. Anna C. Wellbrock, was on motion by Supervisor Mead, granted the privilege of the floor. In her statement, Mrs. Wellbrock urged the approval of the foregoing motion.

Mr. Willard Lee Pope, representing several flower stand operators, also urged the approval of the motion.

Mr. Lloyd Taylor, representing the Market Street Association, stated that his organization desired to retain the flower stands. Revenue to be derived from those stands was not, however, of any great importance. His organization, though, was opposed to the establishment of businesses on sidewalks in competition to private businesses. He suggested that permits should be granted for sidewalk flower venders only to citizens, and allowing them merely the privilege of selling from portable baskets. Permission should not be granted to any venders to operate against the protests of merchants and property owners immediately adjacent to the place of operation. In support of his statement, Mr. Taylor presented to the Board a resolution adopted by his organization setting forth the above views.

Supervisor Uhl called attention to the communication from Mr. Sidney Kessler, presented by Supervisor McGowan, offering to pay the city $100 per month for the privilege of operating a flower stand on the corner of Powell and Market Streets, and suggested that bids be called for permission to operate sidewalk flower stands.

Supervisor Mead rose to a point of order, stating that the matter before the Board was an amendment proposed by him.

Whereupon, Supervisor Uhl, seconded by Supervisor McGowan, moved as an amendment to the motion before the Board, that the entire matter be re-referred to Committee and that the Committee be instructed to give consideration to calling for bids for sidewalk flower stands.

Supervisor McSheehy opposed the motion, pointing out that under such a plan, one man would be able to govern all the flower stands throughout the city.

Thereupon, the roll was called and the motion for re-reference to Committee failed by the following vote:

Ayes: Supervisors McGowan, Roncovieri, Uhl—3.

Noes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Schmidt, Shannon—7.

Absent: Supervisor Meyer—1.

The roll was again called and an amendment proposed by Supervisor Mead, was defeated by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto—5.

Noes: Supervisors McGowan, Roncovieri, Schmidt, Shannon, Uhl—5.

Absent: Supervisor Meyer—1.

Supervisor Mead, thereupon, moved that Section 155 be amended by striking out the provision to Section 155, beginning with the word "Provided," and ending with the words "two intersecting streets," and that Section 156 be amended by striking therefrom the words "subject to the proviso contained in said Section 155."

Mr. Pope, on being granted the privilege of the floor, on motion by Supervisor Mead, explained the reason for the proposed amendment, stating that the proviso reads "two flower stands," and not "two sidewalk flower stands."

Whereupon, Supervisor Brown suggested the insertion of the word "sidewalk," making that proviso read:

"Provided, however, that there shall not be more than two sidewalk flower stands permitted in actual operation at any one time on the street or sidewalk area of any street between two intersecting streets."

Whereupon, a further amendment was suggested, to prevent any possible ambiguity, that after the word "two," in the first line of the proviso, instead of the insertion of the word "sidewalk," there be inserted the words "of the above enumerated sidewalk," making the paragraph read:

"Provided, however, that there shall not be more than two of the

above enumerated sidewalk flower stands permitted in actual operation at any one time on the street or sidewalk area of any street between two intrsecting streets."

Whereupon, the suggested amendment being accepted by Supervisor Mead, in place of the amendment he had originally offered, for deletion of the entire paragraph, plus the further amendment to Section 156, the roll was called and the amendment was approved by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Shannon—8.

No: Supervisor McGowan—1.

Absent: Supervisors Meyer, Uhl—2.

Explanation of Vote

Supervisor McSheehy announced his intended vote on the Flower Stand Ordinance, as amended, stating that he intended to vote "No" thereof, and he urged the Board to vote down the proposed ordinance.

Passage for Second Reading Refused

Whereupon, the roll was called and the foregoing Bill was refused passage for second reading by the following vote:

Ayes: Supervisors McGowan, Roncovieri, Schmidt, Shannon, Uhl—5.

Noes: Supervisors Brown, Colman, McSheehy, Mead, Ratto—5.

Absent: Supervisor Meyer—1.

Offer For Privilege to Maintain and Operate Flower Stand

During the foregoing discussion, the following communication was presented by Supervisor McGowan and read by the Clerk, and is hereby inserted in the record pursuant to request by Supervisor Uhl:

September 12, 1940.

Supervisor John F. McGowan,

Dear Mr. McGowan:

I understand that you have suggested City bids for the flower stands throughout downtown San Francisco's streets.

In this connection for said privilege of such a stand on the corner of Powell and Market Streets I am willing to pay the City $100.00 per month. If the City wishes I am willing to pay said rental six months rent in advance to show my good faith.

It is understood that I would abide by all the City ordinances and regulations. Should you wish I shall be glad to give you bank and personal references upon requesting same.

I ask that my name not be mentioned in connection with this application in any open meetings of the Board of Supervisors.

I am greatly interested and would appreciate your cooperation in this connection.

Very truly yours,
SIDNEY KESSLER,

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Congratulating Officials and Employees of Golden Gate International Exposition for Successful Fair

Supervisor Brown: In commenting on the closing of the 1940 Exposition, paid the following tribute to those responsible for its success:

"This is perhaps at variance with the Board rules. Yesterday marked the closing of the Golden Gate International Exposition and I think the City of San Francisco should be very happy over the outcome of the 1940 session of the Exposition. The Fair attracted a great many visitors and restored in great measure the confidence of the United States in San Francisco.

"I would like to offer a resolution and have the Clerk prepare that resolution, extending to the officers and employees of the Exposition the congratulations and sincere thanks of the Board of Supervisors for the fine work which they have done this year.

"I would also like to add the same tribute to the individuals who made it possible for the Exposition to again reopen. This in spite of the difficulties, especially the financial

ones, and due credit must go to such men as Dan London, George Smith, Harry Hilp, Clarence Eden and a number of those without whose personal efforts and without whose financial aid the Fair would not have opened, and would like to add to my resolution the necessary language to offer to those gentlemen, especially the individuals, the thanks and congratulations of this Board. I will ask for the suspension of the rules for the purpose of adopting this resolution. Further, I will ask that copies of the resolution be sent to each gentleman involved."

Congratulating Officials and Employees of Golden Gate International Exposition for Successful 1940 Fair

(Series of 1939)

Resolution No. 1343, as follows:

Whereas, At midnight on the 29th day of September, the portals of the Golden Gate International Exposition on Treasure Island on San Francisco Bay were officially closed, never to be re-opened; and

Whereas, In the hearts of the ten and one-half million visitors who came to Treasure Island in 1940, its magnificence and loveliness will ever be treasured memories; and

Whereas, San Francisco and her neighbor cities of the Bay Area may take just and lasting pride in the glories that were the Exposition's—its sparkling fountains and placid lagoons, its millions of fragrant flowers and broad tree-lined avenues, its majestic buildings transformed at night into magic castles softly tinted with the azure and purple of an Arabian Nights fantasy, the marvel of its exhibitions, and the crowning grandeur of its Tower of the Sun with the symbolic Phoenix rising from its ashes; and

Whereas, It is fitting that at this time the Board of Supervisors pause to pay tribute to the employees, officials, and public spirited men without whose personal efforts and vigorous co-operation the Exposition could not have re-opened nor gained its outstanding success; and

Whereas, The civic minded citizens who lent individual financial assistance to make the 1940 Fair possible are deserving of public recognition for their splendid efforts—men such as Dan London, George Smith, Harry Hilp, Clarence Eaton, John Cahill and numerous others; now, therefore, be it

Resolved, That this Board of Supervisors express to President Marshall Dill, General Manager William Monahan and all the officials and employees of the Golden Gate International Exposition, as well as those citizens who assisted in the financing and promotion of the Exposition, its enduring gratitude and heartiest commendation for the glorious page they have written into San Francisco's history; and be it

Further Resolved, That a copy of this resolution be forwarded to each of the men mentioned herein.

Commending Recreation Commission for Sunday Concerts at Sigmund Stern Grove

Supervisor Colman called attention to the fact that last Sunday witnessed the closing of a series of sixteen concerts over the last four months at the Sigmund Stern Grove. The funds were raised by private subscription and quite a few gifted musicians volunteered their services. Twenty concerts drew sixty thousand people. Report on Relief Case—Mrs. Rodrigues

Supervisor Uhl, referring to the case of Mrs. Rodrigues, which he brought to the attention of the Board at its previous meeting, reported that the Public Welfare Commission, at its meeting on Tuesday, September 24th, had taken up the case, but continued in its insistance that the case was properly one for the State Relief Administration, notwithstanding the ruling of the State Attorney General and the opinion of the City Attorney. As a result of this difference of opinion, nothing has been done to help the lady. The Public Welfare Commission, Supervisor Uhl felt, should be censured for its refusal to aid Mrs. Rodrigues.

Communication from His Honor, the Mayor, Suggesting that the Board of Supervisors Obtain at Once from the Public Utilities Commission a Report on the Matter of the Acquisition or Construction of a Distributing System for Hetch Hetchy Electric Power, since he has no Assurance to Date from the Secretary of the Interior that the Plan Submitted by the Pacific Gas and Electric Company will be Satisfactory.

OFFICE OF THE MAYOR
Member U. S. Conference of Mayors

San Francisco, October 4, 1940.

Honorable Board of Supervisors,
City Hall,
San Francisco, California.

Gentlemen:

I direct your attention to the fact that on the 21st day of August of the present year your Honorable Board adopted a resolution authorizing certain officials of the City and County of San Francisco to enter into a stipulation with the Secretary of the Interior relative to the distribution of Hetch Hetchy power. The stipulation was signed by the President and Clerk of the Board of Supervisors, by the Mayor of San Francisco, by the Public Utilities Commission, by the Manager of Utilities and by the City Attorney and associate counsel who represented the City in the Hetch Hetchy litigation.

Briefly the terms of the stipulation were that prior to October 1, 1940, the City would use every effort to obtain a definite commitment from the Pacific Gas and Electric Company to the obtaining of a lease agreement satisfactory to the Secretary of the Interior for the leasing

of all the distribution facilities of the Pacific Gas and Electric Company used in the distribution of electricity in San Francisco. It was set forth in the agreement that this commitment was to be received not later than October 1st. Since the date of the stipulation, the Manager of Utilities, the City Attorney and I have endeavored to obtain such a commitment.

A commitment, commonly known as Plan "E" has been submitted and has been forwarded to the Secretary of the Interior for his approval, but up to the moment his approval has not been forthcoming, and whether the Secretary will approve or disapprove the plan, I do not know.

However, it was also provided in the stipulation that if the commitment could not be arranged by the first of October, the City would at once take steps to submit a revenue bond measure to the people to be voted on not later than December 17, which would provide for the issuance of revenue bonds in an amount sufficient to acquire the electrical distribution properties of the Pacific Gas and Electric Company.

In consideration of the entering into this stipulation, the Secretary consented that the restraining order issued by the United States District Court and confirmed by the Supreme Court of the United States might be stayed until the first of July, 1941. In accordance with this stipulation, Judge Roche on August 26, 1940, made his order suspending the effective date of the restraining order, which order is, of course, dependent upon the City carrying out, in good faith, the terms of the stipulation.

As I have heretofore said, up to the moment, we have had no assurance from the Secretary that the plan submitted by the Pacific Gas and Electric Company will be satisfactory or will, in his opinion, comply with the provisions of the Raker Act.

Therefore, I deem it of the utmost importance that we should not delay in setting in motion the necessary machinery for the adoption of a charter amendment in conformity with the provisions of the stipulation and at the same time make plans for a municipal distribution system which will be acquired from the proceeds of any bond issue authorized.

I direct your attention to Section 119 of the charter, which provides:

> "Whenever the Board of Supervisors, as provided in Sections 101 to 104 inclusive, of this charter, shall determine that the public interest or necessity demands the acquisition, construction or completion of any public utility or utilities by the City and County, or whenever the electors shall petition the Board of Supervisors, as provided in Sections 105, 179 and 180 of this charter, for the acquisition of any public utility or utilities, the supervisors must procure a report from the Public Utilities Commission thereon."

I would therefore suggest that your Board, at the earliest opportunity, call upon the Public Utilities Commission to make to you a report in conformity with the provisions of the section quoted, to the end that if a satisfactory leasing agreement cannot be entered into with the Pacific Gas and Electric Company, there may be no delay in carrying out the terms of the stipulation entered into between the City and the Secretary, for if such delay should occur, there is grave danger of the order suspending the injunction being set aside and the City being deprived of the revenue which it has anticipated for the balance of the fiscal year.

Yours very truly,
(Sgd) ANGELO J. ROSSI,
Mayor.

Supervisor Uhl moved that the Public Utilities Commission be requested to follow the suggestion of the Mayor contained in the fore-

going communication, and present to the Board of Supervisors, to the Mayor, and to the citizens of San Francisco, plans for the acquisition, construction or completion of a system for the distribution of Hetch Hetchy generated electric energy, together with a financial prospectus showing what can be expected in net revenue from such plans as the Commission desires to submit.

Motion failed for want of a second.

Whereupon, Supervisor Roncovieri moved that the entire matter be referred to the Public Utilities Committee.

No objection, and so ordered.

Supervisor Colman, in explaining his views on the foregoing matter, stated that he had no objection to the Board obtaining all possible information, but he would not bind himself to go on with the proposal, or even to submit a bond issue to the people of San Francisco.

Supervisor Uhl, also, declined to bind himself to any future action. He had no objection, though, to permit any request for information.

Action Rescinded

Subsequently during the proceedings, Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the action of the Board, referring the foregoing matter to the Public Utilities Committee, be rescinded.

The Chair, however, announced that the proper motion would be to move for suspension of the rules, for the purpose of rescinding action previously taken by the Board, in sending the foregoing matter to Committee.

Whereupon, Supervisor Uhl moved that the rules of the Board be suspended for the purpose of rescinding action previously taken, in sending the foregoing matter to the Public Utilities Committee.

Motion seconded by Supervisor Roncovieri, and carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, McSheehy, Meyer—3.

Thereupon, Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the matter be taken out of the hands of the Public Utilities Committee.

No objection, and so ordered.

Supervisor Uhl, seconded by Supervisor Roncovieri, then moved, pursuant to recommendation of the Mayor, that the Public Utilities Commission be requested to report to the Board, in conformity to the provisions of Section 119 of the Charter, to the end that if a satisfactory leasing agreement cannot be entered into with the Pacific Gas and Electric Company, there may be no delay in carrying out the terms of the stipulation entered into between the City and County of San Francisco, and the Secretary of the Interior.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, McSheehy, Meyer—3.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the Board request that any report submitted from the Public Utilities Commission, covering a distribution system for Hetch Hetchy power, be accompanied by a financial prospectus, in order that the Board might know exactly what is intended.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent: Supervisors Brown, McSheehy, Meyer—3.

Section 3. Sections 319 to 326, inclusive, of Article 4, Part III, of the San Francisco Municipal Code are hereby repealed.

Privilege of the Floor

Mrs. Bowman, representing the Parent-Teachers Association; Mrs. Thomas R. Best, of the Francis Scott Key Parent-Teachers Association; and Mr. Sloan, in behalf of the Sanchez Parent-Teachers Association; and Mrs. Rose Walker, representing the Longfellow Parent-Teachers Association protested the passage of the foregoing Bill, providing for the licensing and regulating of Mechanical Amusement Devices. Although they were opposed to any legislation licensing such amusement devices, they expressed opposition particularly to the proposed amendment to legislation now proposed inasmuch as it lessened the police control over such device.

Mr. Charles Foehm, representing International Brotherhood of Electrical Workers, No. 6; Mr. James Ricketts, speaking for the Building Trades; opposed the proposed legislation, which eliminated mechanical amusement devices from the supervision of the Department of Electricity.

Discussion

Supervisor Uhl, in discussing the proposed amendment to the Mechanical Amusement Devices Ordinance, contended that applications for permits for the installation of such devices should be made to the Police Department, and he suggested that those sections in Ordinance previously enacted, providing for such Police Department consideration and regulation, be restored to the present proposed legislation.

Supervisor McGowan expressed opposition to the proposed legislation. The Parent-Teacher Association, he stated, was opposed to any such legislation for the City and County of San Francisco. San Francisco does not need money so much that it has to take the nickels from the children to pay its bills. He urged the Board, in view of the great opposition to this legislation, to defeat the proposed amendment to the Mechanical Amusement Devices Ordinance, and announced that he would, in the very near future, bring in an ordinance asking for the repeal of the ordinance that has already been enacted.

Supervisor McSheehy opposed the amendments whereby supervision and regulation by the police and electrical departments had been eliminated.

Supervisor Colman, in reply to objections against the enactment of legislation licensing amusement devices, stated that the city is entitled to receive some revenue from the mechanical amusement devices. Although he had the greatest respect for the Parent-Teacher Association and its members, he did not believe anything would happen to the children of San Francisco as the result of an ordinance regulating and licensing mechanical amusement devices.

Supervisor Schmidt announced that he had opposed the enactment of the original ordinance. He believed the original ordinance to be unwise, and he could not approve of the amendments thereto.

Supervisor Uhl stated that he had checked on the operation of amusement devices, and he had yet to find any children playing them. He believed the ordinance, as originally enacted, should be given at least a six months' trial. He disagreed especially with the proposal to delete those sections providing for the granting of permits by the Police Department, and the regulation of machines, once permits had been granted, by that same department. Accordingly he moved that those sections of the original ordinance, providing for such granting of permits and the subsequent regulation, be restored to the proposed amendment.

Motion seconded by Supervisor Colman.

Thereupon, Supervisor McSheehy, seconded by Supervisor Colman, moved as an amendment, that the entire matter be re-ferred to the Finance Committee, and suggestions made be carried out, to the effect that enforcement of the ordinance be entirely under the jurisdiction of the Police Department, and that the Department of Electricity have jurisdiction over permits from a fire hazard point of view.

President Shannon relinquished the Chair temporarily, Supervisor Mead taking same, and announced that he had no objection to the motion. However, Supervisor Shannon did explain at length the effect of the proposed amendment, pointing out the reduction in proposed license fee, and the prohibition of permitting those under the age of twenty-one years from playing mechanical amusement devices. The elimination of Police Department and Electrical Department control in the matter of granting permits, was made after representation by operators that the delay caused under the operation of the ordinance as originally enacted would seriously handicap them in their business. Such specific reference to the Police and Electrical Departments was not necessary, since those departments already had the authority to permit any necessary regulation. In support of that Supervisor Shannon quoted section of the San Francisco Municipal Code pertaining to those departments.

Supervisor Roncovieri announced that he had no objection to re-reference to Committee. In support of his views, previously expressed, that the ordinance as originally enacted did not license gambling devices, nor would the proposed amendment do so either, Supervisor Roncovieri read Section 302 of the legislation being considered, and then reiterated his previous statement that mechanical amusement devices, like practically every other game or device, innocent though it might be in itself, could be used for gambling.

Privilege of the Floor

Chief of Police Charles Dullea, on being granted the privilege of the floor, on motion by Supervisor Colman, announced that enforcement of the ordinance already enacted would begin immediately. His department, Chief Dullea stated, was willing and glad, though, to take over the inspection of premises and to designate who should receive permits for the operation of mechanical amusement devices.

Re-reference to Finance Committee

Thereupon, no objection being expressed, the entire matter was re-referred to Finance Committee.

Communication From Civil Service Commission Regarding Amendments to Annual Salary Ordinance

October 3, 1940.

To the Honorable Board of Supervisors
City Hall
San Francisco, California

Gentlemen:

The Civil Service Commission is deeply concerned over a situation which has arisen as a result of our being unable to follow the provisions of Section 1 of the Annual Salary Ordinance relating to the procedure to be followed in the matter of classifications or retitlings of positions, which reads as follows:

> "Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1940-41 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said commission in changing the title of the position. Copies of such transcripts shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the Department concerned."

The Controller has questioned the validity of this section of the ordinance of your honorable Board, and has therefore refused to authorize payment of salaries affected by reclassifications or retitlings made under the provisions referred to above. This action by the Controller has resulted in making partially inoperative another part of the salary ordinance which provides for the method to be followed in filling requisitions for employments, as he is not certifying as to the availability of funds for positions which have been reclassified or retitled. Although we are unable to fill these requisitions according to the manner prescribed in your ordinance, we are informed by the City Attorney that this does not release us from the mandate of Section 148 of the charter which reads in part:

> "Whenever a position controlled by the civil service pro-

visions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligibles for such position. * * *."

On the advice of the City Attorney we have reverted to the charter mandate, and are accordingly certifying eligibles on these requisitions, but their salaries are being withheld.

To settle the question of the validity of the provision of the salary ordinance relating to classifications, the Civil Service Commission has, through the City Attorney, filed a legal action to determine the legality of the objections raised by the Controller, and this matter is now pending in court. In the meantime employees affected by reclassifications or retitlings are unable to collect their salaries because the Controller does not believe he can legally release their pay warrants.

We believe that we are correct in requesting a judicial interpretation of the section of the Annual Salary Ordinance now in question and we intend to press this action to a final judicial determination. We are informed by the City Attorney that if we desire to provide for the submission of salary ordinance amendments during the interim that the court is deciding the issues in question, this action by us will have no effect on the suit filed, namely, McKinley vs. Boyd No. 297229.

The Civil Service Commission as the personnel agency realizes the importance of protecting the rights of employees and providing for the uninterrupted operation of the city service. Moreover, we do not believe that employees should be made to suffer because of a difference in opinion between governmental departments. We are taking into consideration the welfare of those employees who are now or who may be adversely affected by this unfortunate controversy, pending decision by the court, and we have therefore decided to make a determind effort to provide payment of their salaries and will therefore submit salary ordinance amendments from time to time covering reclassifications and retitlings. We are submitting these salary ordinance amendments because we believe that it is for the best interests of the city service, but in doing so it is to be definitely understood that we are not in the slightest degree waiving any of our rights in the matter of McKinley vs. Boyd.

We hope that the Controller will agree with us as to the importance of providing payment to employees for services rendered pending the decision of the court in the matter referred to above, and that he will cooperate with us by approving salaries covering reclassifications and retitlings as of the date of the action of the Commission, or where certifications are involved as of the date of the certification of eligibles.

Respectfully submitted
CIVIL SERVICE COMMISSION

September 16, 1940—*Consideration postponed until September* 30, 1940, *Special Order at* 3:30 *P. M.*

Discussion

Supervisor Meyer moved postponement of consideration of the foregoing Bill until 3:00 P. M., Monday, October 14, 1940.

Motion failed for want of a second.

Thereupon Supervisor Schmidt explained the purpose of the legislation, and the necessity for its enactment.

Dr. J. C. Geiger, Director of Public Health, agreed with statements by Supervisor Uhl, and requested the approval of the proposed Poultry and Poultry Dealers Ordinance.

Whereupon Supervisor Meyer stated that he would not object to the ordinance, except for one provision therein. He objected to the license fee set up in Section 788, of $13 per year, for Class D, Retail, each establishment, and moved that that item be amended by eliminating the amount of $13, and substituting therefor the amount of $6. Motion seconded by Supervisor McSheehy.

Mr. F. A. Tissier, Secretary of the Retail Grocers Association, on being granted the privilege of the floor, spoke at length on the amendment proposed by Supervisor Meyer, and urged the approval thereof by the Board. Mr. Tissier objected to the $13 fee for Retail establishments in Class D. Inspections should be made, he stated, at wholesaling, or slaughtering and dressing establishments, and a provision could be inserted in the legislation prohibiting the sale of any poultry not inspected.

Mr. Errol Rosenthal, from the Controller's office, at the request of Supervisor Schmidt, explained the method of arriving at the various license fees set up in the proposed ordinance.

Mr. Skelly, of the City Attorney's office, in reply to questioning by Supervisor Meyer, and answering statements made that reduction of license fee as proposed by Supervisor Meyer, from $13 to $6, would be discriminatory, stated that the Board could determine the fees to be imposed and, so long as all persons or establishments within a class were treated alike, there would be no discrimination.

Mr. Milton Maxwell, speaking for the Butchers Union, and Mr. A. L.

Larney, Secretary of the San Francisco Meat Dealers' Association, addressed the Board briefly, recommending the approval of the proposed legislation.

Supervisors McGowan and Mead both favored the passage of the ordinance as presented, and held that the question of amount of fees to be imposed was not of paramount importance.

Amendment Failed

Thereupon the roll was called and the amendment proposing a reduction of license fees for Class D from $13 to $6 was defeated by the following vote:

Ayes: Supervisors McSheehy, Meyer—2.

Noes: Supervisors Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—8.

Passenger vehicles shall not be stopped in these zones under any circumstances between the hours specified except while the operator is in attendance.

This designation shall also be used to indicate officially allotted taxicab stands, specifically designated and marked as such, in which zones it shall be unlawful for any operator of a vehicle to park such vehicle, day or night, except that this provision shall not apply to the operator of duly licensed taxicabs authorized to occupy said stands.

(c) *White* shall indicate stopping only for loading or unloading of passengers, day or night, and in any such event the stopping shall be limited to a maximum period of five (5) minutes. It shall be unlawful for any commerical vehicle to stop, stand or park in these zones. In the case of such zones in front of theaters, the regulation shall be applicable only during performances. Discussion

Supervisor McGowan, Chairman of the Fire, Safety and Police Committee, in opening the discussion on the proposed Traffic Code, announced that although a few minor changes had been made in the text of the proposed legislation since it had previously appeared on the Calendar, those changes were only for the purpose of clarification, and affected, in no way, the intent of the ordinance. All points of controversy, with the exception of Section 60, All Night Parking Prohibited, had been eliminated.

Amendment Proposed

Supervisor Uhl announced that the Chief of Police had raised a point in connection with the proposed ordinance: He did not believe the ordinance to be enforceable since the six hour parking provision had been eliminated.

Whereupon, Supervisor McGowan explained the reasons for his

Committee's recommendation that that provision be eliminated, stating that the prohibition prevented car owners from parking their own cars in front of their own homes in the residential district for a period of longer than six hours. The provision also worked a great hardship on workmen engaged in the construction of homes, by preventing them from parking their cars on the street near the jobs on which they were engaged. As to Section 60, All Night Parking Prohibited, such prohibition is not necessary. Thereupon, Supervisor Uhl, seconded by Supervisor Roncovieri, moved that Section 60, prohibiting all night parking of automobiles be deleted.

Motion failed by the following vote:

Ayes: Supervisors Roncovieri, Uhl—2.

Noes: Supervisors Colman, McGowan, Mead, Ratto, Schmidt, Shannon—6.

Bill No. 921, Ordinance No. ....., as follows:

Amending Section 939, of Chapter VIII, of Article 13, of Part II, of the San Francisco Municipal Code, regulating the issuance of press cards.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 939, of Chapter VIII, of Article 13, of Part II, of the San Francisco Municipal Code, is hereby amended to read as follows:

Section 939. The Chief of Police is hereby authorized to issue press cards to newsgatherers, reporters, and photographers in the actual and bona fide employment of a newspaper or periodical, for the purpose of securing their admittance within all police lines in this city and county.

Applications for a press card shall be made in writing and filed with the Chief of Police. Each applicant for a press card must file with his application two (2) recent photographs of himself of a size that may be easily attached to his press card, one of which shall be attached to his press card when issued, and the other shall be filed with his application with the Chief of Police. The photograph shall be so attached to the press card that it cannot be removed and another photograph substituted without detection.

All press cards issued under this section shall be issued on a semi-annual basis, expiring on the last day of June and the last day of December respectively.

A record of the issuance of such press cards shall be kept in the office of the Chief of Police, with the date of issuance, the name of the person to whom issued, and the number of the card. The Chief of Police may at any time at his pleasure revoke the privilege attached to any or all such cards. Unless revoked, the privilege attached to

such cards shall automatically terminate on the date of expiration, such expiration date to be determined as hereinabove indicated.

Such cards shall not be transferable and it shall be unlawful for any person to use or have in his possession any such card unless the same was issued to him by the Chief of Police; or to use any such card after the privilege attached thereto has terminated or been revoked. It shall likewise be unlawful for any person to use any such card while such person is not in the actual and bona fide employment of a newspaper or periodical as a newsgatherer, reporter, or photographer.

Directing Registrar of Voters to Submit Argument in Favor of Proposed Charter Amendments Nos. Three and Four

(Series of 1939)

Resolution No. 1366, as follows:

Resolved, That pursuant to Section 183 of the Charter, the Registrar of Voters be and he is hereby directed to include with the sample ballots for the general election, November 5, 1940, the following arguments in behalf of Charter Amendments Three and Four:

Charter Amendments Three and Four clear the way for city employees to participate in the nation's defense program without permanently losing their rights as city employees.

Amendment Three provides that those called into the defense service may elect to retain their membership in the City Retirement System. The City will continue, then, to pay the city's share of the retirement system contributions. The amendment also provides that the city shall

pay the employee's share for those employees who receive less than $100 a month for their war or defense service. Those who receive more than $100 will pay their own contributions.

Mr. Ralph Nelson, Secretary-Actuary of the Retirement System, officially estimates that the cost to the city would be only $25,000.

Charter Amendment Number Four grants leaves of absence without pay to city employees who may be called into the national defense service. It is made necessary by the present limitation of six months on peace-time leaves of absence.

The amendment provides that employees shall be reinstated in their positions when returning from service. It also protects civil service eligibles awaiting city positions by providing that if their names are called while they are away in the defense service, they shall receive the positions upon their return from such service.

The Board of Supervisors unanimously approved both amendments and they have the support of all groups which have considered them.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

Whereas, The employees of the City and County of San Francisco are giving their first Annual Thanksgiving Festival and Ball on the night of Saturday, November 16, 1940, and

Whereas, It is the intention of the committee of arrangements that the affair will constitute a reunion of the thousands of employees who have worked faithfully and diligently for this city and county for many years, and

Whereas, Such an affair as a first Annual Thanksgiving Festival and Ball by our city employees should receive the whole-hearted support of our city government and of our citizens at large who are interested in the welfare of their public employees; now, therefore, be it

Resolved, That the Board of Supervisors does hereby request the Honorable Angelo J. Rossi, Mayor, to appoint a citizens' committee to cooperate with those in charge in making the said Thanksgiving Festival and Ball the success which it properly merits.

(Series of 1939)

Supervisor McGowan presented Resolution No. 1360, as follows:

Whereas, Adequate national defense is vital to the future and welfare of the nation; and

Whereas, The United States has but two institutions for the training and education of officers; the Military Academy at West Point and the Naval Academy at Annapolis; and

Whereas, Both these institutions are located in the Atlantic Coast area; and

Whereas, The Pacific area is of major importance in any national defense program; and

Whereas, Establishment of military and naval academies on the Pacific Coast would strengthen the nation's system of military defense; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco respectfully petitions the President of the United States, the Secretaries of the War and the Navy Departments, to use their best offices to have the Congress of the United States establish military and naval academies on the Pacific Coast, particularly in the San Francisco Bay Region; and be it

Urging Governor Olsen to Sign Bill Banning Communistic Party From Ballot

(Series of 1939)

Supervisor McGowan presented Resolution No. 1367, as follows:

Whereas, By almost unanimous vote, the Legislature of the State of California has passed a Bill banning the Communist Party from the ballot, which Bill is now on the Governor's desk awaiting executive action, and

Whereas, While it is fundamental, under our form of government, that a change thereof may be sought through peaceful and democratic processes, it is equally true that the overthrow of democracy shall not be accomplished nor advocated by means of force and violence or in any manner which does not accord with the orderly, peaceful method of our system of suffrage, and

Whereas, The Communist Party in California, through acts of its members as well as through circulation, under the Party's authorization, of subversive literature and propaganda stands convicted of violating one of the most sacred precepts of Americanism, and

Whereas, In this era of acute unrest in this almost totalitarian world there is greater necessity than ever before for united support of our treasured democratic heritage, not one whit of which support is found in Communistic dogma nor in the actions of its members, now therefore, be it

Resolved, That in the interest of the continued existence in California, as well as of the Nation, of our democratic form of government, this Board of Supervisors, representing the people of the City and County of San Francisco hereby memorialize his Excellency Governor Culbert L. Olsen and urge that he immediately sign the Bill recently passed by the Legislature banning the Communist Party from the ballot, and be it

Further Resolved, That a copy of this resolution be immediately telegraphed to Governor Olsen at Sacramento.

Adopted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Memorializing the President of the United States to Place an Embargo on All War Materials to Japan

(Series of 1939)

Supervisor Mead presented Resolution No. ....., as follows:

Whereas, The Chinese army is fighting today against the Japanese invader for the freedom and independence of the Chinese people as we fought 164 years ago for our independence, and

Whereas, It is the opinion of well-known American military experts such as Major Evans Carlson that China herself is capable of defeating Japan and ending for all time the Japanese militarists' threat to the freedom of the Asiatic peoples if the United States and other powers stop providing the Japanese military clique with the sinews of war; now, therefore, be it

Resolved, That we, the San Francisco Board of Supervisors, declare that the City of San Francisco will not sell directly or indirectly to Japan; and be it further

Resolved, That we ask the President of the United States to place an embargo on all war materials to Japan, including oil, iron, steel, gun cotton, chemicals, automobiles, and machine parts which can be converted into war materials.

Providing for the Consolidation of City and County of San Francisco and the County of San Mateo

(Series of 1939)

Supervisor Roncovieri presented Resolution No. ....., as follows:

Providing for the consolidation of City and County of San Francisco and the County of San Mateo.

Whereas, The City and County of San Francisco and the County of San Mateo have interests that are identical, being practically united on an economic basis, and whose efforts should be co-ordinated to the end that each should reap the rich reward which their natural, artificial and political advantages entitle them to, and be developed into the great metropolitan area of the Pacific Coast, to the end that the resources of both the City and County of San Francisco and the County of San Mateo should be developed to the fullest extent; and

Whereas, The Constitution of the State of California permits the consolidation of said City and County of San Francisco with the County of San Mateo, and the Charter of said City and County has made provision therefor; and

Whereas, The consolidation of said City and County of San Francisco with the County of San Mateo into a greater City and County of San Francisco will redound to the welfare of all of the people of both said City and County and said County;

Now, Therefore, Be It Resolved, That his Honor, the Mayor, be requested to appoint a committee consisting of the Chief Administrative Officer, the City Attorney, the Manager of Utilities and the Controller, and that the Mayor be ex-officio chairman of said committee, and that the duties of said committee be to use all lawful efforts to bring about a consolidation of the governments of the City and County of San Francisco and the County of San Mateo, and said committee is hereby given full authority to call upon the respective governmental bodies and civic organizations of both the City and County of San Francisco and the County of San Mateo to aid in the fulfillment of the purposes of this resolution.

In Memoriam—Capt. Arthur D. Layne

(Series of 1939)

Supervisor Uhl presented Resolution No. 1362, as follows:

Whereas, God in His Infinite Wisdom has taken Captain Arthur D. Layne, senior captain of the San Francisco Police Department; and

Whereas, Captain Layne, relentless foe of criminals and vice, made innumerable contributions to the meritorious records of our Police Department through his successful work as commander of the Central District during the prohibition era, his closing of the old "Barbary Coast"; his victorious crusades as leader of the Chinatown Squad against gambling and tong violence, and his conspicuous work as director of personnel for the department; and

Whereas, The Police Department has lost in Captain Layne a most efficient, faithful and able leader whose memory will serve as an inspiration to his successors; and

Whereas, The legion of those in civic, fraternal and social circles who were proud to know, respect and love him will join his bereaved family in long and deep mourning of his passing; now, therefore, be it

Resolved, That this Board of Supervisors notes with keen regret the passing of Captain Arthur D. Layne, and takes this occasion to express to his saddened family its heartfelt sympathy and condolences; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Captain Arthur D. Layne.

Unanimously adopted by rising vote.

Congratulating Mr. Frank Clarvoe on His Appointment as Editor of the San Francisco News

(Series of 1939)

Supervisor Colman presented Resolution No. 1355, as follows:

Whereas, Mr. Frank A. Clarvoe has been appointed Editor of The San Francisco News; and

Whereas, In his well-deserved ascent to the chief executive's post of one of our City's leading dailies, the journalistic career of Mr. Clarvoe may be traced from its unheralded beginning in the circulation department of a Northwest newspaper, thence to the staff of the United Press, through a period of notable service as a reporter, during which time

the Board of Supervisors knew him well as one of the boys in the press-box of the Board's chambers, and finally, after eight years as managing editor, to his present position as Editor of The News; now, therefore, be it

Resolved, That this Board learns with considerable gratification of the appointment of Mr. Frank A. Clarvoe as Editor of The San Francisco News, and, secure in the knowledge that he will carry on the commendable work of his predecessors, takes this occasion to express to Mr. Clarvoe its hearty congratulations and best wishes; and, be it

Further Resolved, That the Clerk be and he is hereby directed to send a copy of this resolution to Mr. Frank A. Clarvoe.

Expression of Good Wishes to Major A. J. McChrystal on His Assignment to Military Post in London

Supervisor Colman called attention to Major A. J. McChrystal, who has been called back into military service, and who will leave San Francisco in the very near future to take his post as a military aid in Great Britain.

Whereupon, at the suggestion of the Chair that the Board rise out of respect to a "living" man in our own locality, the Board did so rise to pay its respects to Major McChrystal, and to extend to him best wishes, and the Board further agreed that when it adjourned, it would do so out of respect to the advances Major McChrystal has made as a representative of San Francisco.

Major McChrystal, in responding briefly, thanked the Board for the good wishes expressed, and paid due respect to all the members of the Board.

Right of Board of Supervisors, or Member of the Board of Supervisors to Address Public Utilities Commission on any Public Question

Supervisor McSheehy, who had been temporarily excused from the meeting to attend a meeting in the offices of the Public Utilities Commission, to consider the establishment of bus service for Hunters Point district, on his return to the Chambers of the Board announced that he had been warned that, under the charter, no member of the Board of Supervisors could attempt to influence the Public Utilities Commission, or to address that Commission on any public question. Supervisor McSheehy then announced his intention to consult with the City Attorney, and with another attorney as well, as to the interpretation of the Charter, and he would, if possible, submit to the electors, a question of policy, as to the right of the Board of Supervisors, or a member of the Board of Supervisors, to address the Public Utilities Commission, an appointive body.

Supervisor Uhl, in commenting on statement just made, informed Supervisor McSheehy that the City Attorney had ruled that such a declaration of policy could not be submitted to the people.

Request for Flags to be Displayed in Chambers of the Board

President Shannon requested that the Clerk ascertain from the Director of Property if the Bear Flag and the Flag of the City and County of San Francisco can be procured for use in the Chambers of the Board.

Protest Against Use of Chambers of Board by Private Organizations

Mrs. James Fenton, of the Great Highway Club, was granted the privilege of the floor, on motion by Supervisor Uhl. Mrs. Fenton protested against the use of the Chambers of the Board by the San Fran-

cisco Horsemen's Association for a meeting at which that Association considered and recommended the rezoning of property on Thirty-seventh Avenue for the purpose of permitting the maintenance of a stable.

Supervisor Ratto, President of the Horsemen's Association, informed the Board as to the membership of that organization, and the interest of the association in the proposed permit, which was, he stated, for the construction of a covered riding ring rather than for a stable permit.

After brief discussion, the entire matter of such use of the Chambers of the Board was referred to the Public Buildings, Lands and City Planning Committee.

Protest Aginst Discrimination Against Golden Gate Bridge in Matter of Permits for Installation of Signs

The Clerk read a communication from Mr. George W. Gerhard, entitled "A Kingdom for a Sign," and presented by Supervisor Brown, setting forth at length instances of discrimination against the Golden Gate Bridge, in favor of the San Francisco Bay Bridge and the Carquinez Bridge.

Copies ordered to be sent to the California Toll Bridge Authority, to Mr. Frank W. Clark, State Director of Public Works, and to the State Highway Commission.

ADJOURNMENT

There being no further business, the Board, at the hour of 6:15 P. M., pursuant to previous motion, adjourned out of respect to Major A. J. McChrystal, who is leaving San Francisco to assume military duties in London.

DAVID A. BARRY, Clerk.

NEW BUSINESS

The following recommendations of the Finance Committee were taken up:

Communication From Civil Service Commission Regarding Amendments to Annual Salary Ordinance

October 3, 1940.

To the Honorable Board of Supervisors
City Hall
San Francisco, California

Gentlemen:

The Civil Service Commission is deeply concerned over a situation which has arisen as a result of our being unable to follow the provisions of Section 1 of the Annual Salary Ordinance relating to the procedure to be followed in the matter of classifications or retitlings of positions, which reads as follows:

> "Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1940-41 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said commission in changing the title of the position. Copies of such transcripts shall also be forthwith filed with the Mayor, the Board of Supervisors, and the head of the Department concerned."

The Controller has questioned the validity of this section of the ordinance of your honorable Board, and has therefore refused to authorize payment of salaries affected by reclassifications or retitlings made under the provisions referred to above. This action by the Controller has resulted in making partially inoperative another part of the salary ordinance which provides for the method to be followed in filling requisitions for employments, as he is not certifying as to the availability of funds for positions which have been reclassified or retitled. Although we are unable to fill these requisitions according to the manner prescribed in your ordinance, we are informed by the City Attorney that this does not release us from the mandate of Section 148 of the charter which reads in part:

> "Whenever a position controlled by the civil service provisions of this charter is to be filled, the appointing officer shall make a requisition to the civil service commission for a person to fill it. Thereupon, the commission shall certify to the appointing officer the name and address of the person standing highest on the list of eligibles for such position. * * *."

On the advice of the City Attorney we have reverted to the charter mandate, and are accordingly certifying eligibles on these requisitions, but their salaries are being withheld.

To settle the question of the validity of the provision of the salary ordinance relating to classifications, the Civil Service Commission has, through the City Attorney, filed a legal action to determine the legality of the objections raised by the Controller, and this matter is now pending in court. In the meantime employees affected by reclassifications or retitlings are unable to collect their salaries because the Controller does not believe he can legally release their pay warrants.

We believe that we are correct in requesting a judicial interpretation of the section of the Annual Salary Ordinance now in question and we intend to press this action to a final judicial determination. We are informed by the City Attorney that if we desire to provide for the submission of salary ordinance amendments during the interim that the court is deciding the issues in question, this action by us will have no effect on the suit filed, namely, McKinley vs. Boyd No. 297229.

The Civil Service Commission as the personnel agency realizes the importance of protecting the rights of employees and providing for the uninterrupted operation of the city service. Moreover, we do not believe that employees should be made to suffer because of a difference in opinion between governmental departments. We are taking into consideration the welfare of those employees who are now or who may be adversely affected by this unfortunate controversy, pending decision by the court, and we have therefore decided to make a determind effort to provide payment of their salaries and will therefore submit salary ordinance amendments from time to time covering reclassifications and retitlings. We are submitting these salary ordinance amendments because we believe that it is for the best interests of the city service, but in doing so it is to be definitely understood that we are not in the slightest degree waiving any of our rights in the matter of McKinley vs. Boyd.

We hope that the Controller will agree with us as to the importance of providing payment to employees for services rendered pending the decision of the court in the matter referred to above, and that he will cooperate with us by approving salaries covering reclassifications and retitlings as of the date of the action of the Commission, or where certifications are involved as of the date of the certification of eligibles.

Respectfully submitted
CIVIL SERVICE COMMISSION

Proposal to Name Boulevard Encircling Lake Merced, the James Rolph Jr. Drive

(Series of 1939)

Supervisor Ratto presented Resolution No. ....., as follows:

Whereas, The late Honorable James Rolph, Jr., six times Mayor of San Francisco and former Governor of the State of California, left to posterity the revered memory of a great statesman and a lovable man, which will not grow dim so long as our City and State continue to exist; and

Whereas, In deserved tribute to his incomparable leadership and sterling deeds which accomplished so much of lasting value for our citizens, it is meet and proper that San Francisco perpetuate the name of James Rolph, Jr., by dedicating to his memory a public improvement which, lasting through the years, will remind our visitors and the succeeding generations of San Franciscans of the noble spirit once in our midst; and

Whereas, The Department of Public Works has recently completed construction of a magnificent boulevard, approximately three and one-half miles in length, encircling Lake Merced and serving as a connecting link to the new Ocean Shore Highway, which provides a drive and promenade of striking beauty along smooth roadway bordered by stately trees and multi-colored flowers extending to the edge of the placid Lake; and

Wheras, Adjacent to the boulevard, a well-oiled and scenic bridle path has been constructed for use by thousands of riding devotees, which will recall that the late James Rolph, Jr., was one of California's leading breeders of standard-bred saddle horses; now, therefore, be it

Resolved, That, in order to provide fitting perpetuation of a name which represents so much in the civic history of San Francisco, and also to provide a justly proud designation for a highly praiseworthy public development, the boulevard encircling Lake Merced, from Skyline Boulevard to Sunset Boulevard, be and it is hereby named James Rolph, Jr. Drive.

Use of Civic Auditorium for National Tournament of the American Bowling Congress

(Series of 1939)

Supervisor Ratto presented Resolution No. ....., as follows:

Whereas, The San Francisco Bowling Association which is a member of the American Bowling Congress, is desirous of bringing to San Francisco the National Tournament sponsored each year by the American Bowling Congress, and

Whereas, This tournament which has never been held on the Pacific Coast or west of Kansas City is definitely slated to come West in the next few years, and

Whereas, As it has consistently enriched the cities in which it has been held, to the extent of over one million dollars it can easily be understood that competition between cities is very strong, and

Whereas, Competition in the West will no doubt be principally between San Francisco and Los Angeles and the cities of Oakland, Fresno and Portland and Seattle will offer some competition, and

Whereas, during the tournament held in 1940, which was held in Detroit, in excess of six thousand five-man teams participated, making this the largest sports event, in respect to participants, held anywhere in the world, and

Whereas, The tournament will last for a period of thirty to forty-five days, with new participants arriving and competing each day during that period of time, and

Whereas, The American Bowling Congress has followed the practice of awarding tournament locations for two years in advance; the 1941 tournament to be held in St. Paul and the 1942 tournament in Columbus, Ohio; and in 1943 the tournament is scheduled to be held in the East, and

Whereas, It is the customary practice to hold every other tournament in the midwest, it would mean that the tournament would not be held in the West until 1945; now, therefore, be it

Resolved, That this Board of Supervisors appoint a Committee to assist the San Francisco Bowling Association in its endeavors to obtain the National Tournament sponsored by the American Bowling Congress for San Francisco in 1945, or at an earlier year, if that is possible; and be it

Further Resolved, That the Board of Supervisors and the other Departments in cooperation do their utmost to grant the use of the Civic Auditorium

Further Resolved, That the cooperation of the Real Estate Department be obtained in securing the use of the Exposition Auditorium for the use of the participants during the National Tournament of the American Bowling Congress.

Recommended by the Director of Public Works.
Approved by the Mayor.
Approved by the Manager of Utilities.
Approved as to funds available by the Controller.
Approved as to form by the City Attorney.

Discussion

Mr. Sharon, representing the Public Utilities Commission, explained the need for the foregoing requested appropriation.

Supervisor McSheehy, after the presentation by Mr. Sharon, questioned Mr. Sharon about reductions of water rates, how many reductions there had been and the amount of such reductions, since the city had acquired the Spring Valley Water Company.

Point of Order

Supervisor Uhl rose to Point of Order, stating that the Supervisor was not speaking to the matter before the Board.

Chair ruled Point of Order to be well taken.

Thereupon, Supervisor McSheehy renewed his argument against approving the requested increase of Stores Revolving Fund from $300,000 to $400,000, and making appropriation therefor. The Board, he believed, would make a mistake in approving this appropriation. It would simply mean taking that amount from water revenue and reducing the surplus for the current fiscal year.

Supervisor Brown inquired from Mr. Sharon, why the Commission had not requested this appropriation at the time the budget had been considered. That, stated Supervisor Brown, would have been the proper procedure.

In reply thereto, Mr. Sharon pointed out the difficulty of prophesying accurately, at budget time, just what might be needed in the way of additions and betterments to the water distribution system. Increased building activity, especially the opening of tracts by Stoneson Brothers, had greatly increased the need for water meters, and other equipment to enable the Water Department to serve the people.

Thereupon, Supervisor McSheehy questioned Mr. Sharon about water meters, how many had been installed during the past year, and their cost.

The Chair ruled such questioning out of order.

Motion for Postponement

Supervisor Meyer, seconded by Supervisor Brown, moved that further consideration be postponed for one week:

Motion failed by the following vote:

Ayes: Supervisors Brown, McSheehy, Meyer—3.

Noes: Supervisors McGowan, Mead, Ratto, Uhl—4.

Absent: Supervisors Colman, Roncovieri, Schmidt, Shannon—4.

Explanation of Vote

Supervisor Uhl, in explanation of his intended vote, stated that in view of the market conditions, and of extensions to the service being made necessary by building development like that of the Stoneson Brothers, and others, he would vote for the appropriation.

Final Passage

Thereupon, the roll was called and Bill No. 905 was finally passed by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisors Brown, McSheehy—2.

Absent: Supervisors Colman, Shannon—2.

Motion for Reconsideration

Before the result of the foregoing vote had been announced, Supervisor Brown changed his vote from "No" to "Aye" and moved for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor McSheehy—1.

Absent: Supervisors Colman, Shannon—2.

Privilege of the Floor

Mrs. George H. Bowmann, representing Parent Teachers Association, and Mr. O. C. Hanson, President Parent Teachers Association, Aptos Junior High School, on being granted the privilege of the floor, spoke at length in opposition to the proposed amendment to the Mechanical Amusement Device Ordinance. While they expressed opposition to any ordinance licensing pin ball games, they were greatly opposed to the proposed amendment, stating that it weakened the present ordinance.

Mr. George W. Johnson, Secretary Retail Cigar and Liquor Clerks Union, and Mr. Wolscher, owner and operator of Mechanical Amusement Devices, speaking for himself and other operators, urged approval of the proposed amendment.

Supervisor Roncovieri explained in detail wherein the proposed amendment changed the provisions of the original ordinance, and the reasons for the proposed changes.

Captain Michael Riordan, Deputy Chief of Police, and Officer E. Penaat, from the Police Department, opposed the amendment, pointing out the impossibility of enforcement should same be approved by the Board.

Supervisor Roncovieri disagreed with views expressed by Captain Riordan that the proposed amendment could not be enforced. Supervisor Roncovieri objected also to views expressed by Mrs. Bowmann and Mr. O. C. Hanson. The ordinance, he stated was primarily for regulation; the license features were only incidental. Those opponents

to the proposed regulation had done nothing, nor had they proposed anything constructive, although they had presented the same opposition to any legislation some eight years previous, when similar legislation had been discussed. Supervisor Roncovieri objected, also, to statements made, that to license pin ball machines was to recognize them and to clothe them with a cloak of respectability. Such statements, he stated, were not correct. The imposition of a license on mechanical amusement devices did not and could not license the operation of illegal machines. The machines to be licensed were not gambling devices, any more than are games of chess, or other games, innocent in themselves, but which might be used for illicit purposes.

Supervisor McGowan, in discussing the proposed legislation, recited briefly its history in the Board. The Finance Committee brought the ordinance into the Board. Over the objections of the Parent Teachers Association and members of the Board, the ordinance was passed. The Finance Committee then brought in certain amendments. Now the Committee is bringing in another amendment. If the Board really wants to do something for San Francisco, it should regulate the machines, but eliminate any fee to be derived from them. The amount to be realized under the proposed ordinance means very little and the people of San Francisco do not care for money derived from such sources. The people would prefer to pay a few more cents in the tax rate.

Privilege of the Floor Denied

Prior to Supervisor McGowan taking the floor, Supervisor McSheehy moved the privilege of the floor for Mrs. Thomas R. Best. Supervisor McGowan, however, had objected at that time, and accordingly the privilege of the floor had been denied.

In Hands of the Board

Thereupon, on motion duly made, the matter had been taken into the hands of the Board.

Supervisor McSheehy, at the conclusion of remarks by Supervisor McGowan, questioned Mrs. Best, inquiring as to the authorship of the legislation before the Board. Mrs. Best, in reply, stated she had heard that the amendment had come from the Pin Ball men, although Mr. Rosenthal, from the Controller's office, had drafted same. In reply to further questioning by Supervisor McSheehy, Mrs. Best objected to remarks to the effect that the opponents of the proposed legislation had done nothing about pin ball games since the defeat of similar legislation some eight years previous. The Parent Teacher Association had requested the Board of Supervisors to draft legislation to prohibit the operation of pin ball games in San Francisco, and had gone on record definitely recommending the solution that it considered best for San Francisco, namely, the complete elimination of such games from San Francisco.

Supervisor McSheehy, in discussing the proposed legislation, stated that Captain Riordan had said that the proposed amendment would make a farce out of the law. Mr. Penaat, also an attorney, and a member of the Police Department, agreed with statements by Captain Riordan. They both state the amendment is impracticable, and he, Supervisor McSheehy, therefore, could not vote for it, nor could the Board be justified in voting for it. He believed it would be a disgrace, after passing an ordinance satisfactory to the Police Department, to defy that department just to make it easier for those people operating pin ball games.

Supervisor Schmidt stated he had been opposed to the original ordinance, and had consistently opposed such legislation. However, since the Board had passed the ordinance regulating pin ball games to a certain degree, he believed that any weakening of that ordinance would be a mistake. He agreed with Supervisor McGowan that the Board would do well to pass an ordinance eliminating these machine entirely. Such an ordinance would have his hearty support. As matters now

stand, however, he would not vote for the proposed amendment because it would greatly weaken what San Francisco already has. That stand did not mean, though, that he approves the ordinance as originally enacted.

Supervisor Uhl announced his intention to vote against the proposed amendment due to the statement made by Captain Riordan. He believed, though, that the matter should be submitted to the City Attorney to ascertain whether the point raised by Capain Riordan, as to the impossibility of securing a conviction in case of violation of the ordinance, is correct from a legal point of view.

Whereupon, Supervisor Roncovieri stated that the City Attorney had already approved the measure, as to its legality.

Thereupon, Mr. Penaat disclaimed any charge that the ordinance was not legal; Captain Riordan had held, Mr. Penaat stated, that the ordinance was impracticable for enforcement by the police.

In continuing his statement, Supervisor Uhl stated he believed in the protection of youth. He believed the present ordinance should be given a fair trial, or six months, to see if these machines are amusement machines or gambling devices. He would, accordingly, vote against the proposed amendment.

Refused Passage for Second Reading

Thereupon, the roll was called and the proposed amendment to the Mechanical Amusement Device ordinance was refused passage for second reading by the following vote:

FROM JUDICIARY COMMITTEE WITHOUT RECOMMENDATION

Present: Supervisors McSheehy and McGowan.

Note: Neither the sponsor of the following resolutions nor the interested parties were present at the committee meeting. The matters are therefore presented without recommendation.

Married Women Employees of City and County of San Francisco to File Declaration With Civil Service Commission Giving Residences of Their Husbands.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Attention has been called to the fact that Mrs. Mary C. Kohler and Mrs. Muriel C. Drury are non-residents of the City and County of San Francisco as per provisions of the Civil Code of the State of California, Section 156, setting forth the rights of husbands, and Section 7 of the Charter, and

Whereas, Similar conditions might exist regarding other married women employed by the City and County of San Francisco; now, therefore, be it

Resolved, That every married woman in the employ of the City and County of San Francisco shall make declaration to the Civil Service Commission, giving the residence of their husbands.

Supervisor Uhl announced that he had been unable to attend the meeting of the Judiciary Committee for hearing on the foregoing Resolution. However, since the previous meeting of the Board, his attention had been called to one or two departments of the City Government,

and particularly to the Board of Education, wherein it was desired to check up on the residence of some of the married women employed, and he requested the opportunity to present an amendment to the Resolution previously presented, for further consideration by the Judiciary Committee.

Supervisor McSheehy, Chairman of the Judiciary Committee, announced that the matter could be heard by the Board, without rereference to Committee.

Whereupon, Supervisor Uhl stated that he would, later in the day, present his proposed amendment to the Resolution heretofore offered.

Subsequently during the day's proceedings, Supervisor Uhl presented the following Resolution, as a substitute for that resolution previously presented:

Departments Requested to File With Board of Supervisors List of Married Women Employees, Showing Residences of Their Husbands.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Attention has been called to the fact that Mrs. Mary C. Kohler and Mrs. Muriel C. Drury are non-residents of the City and County of San Francisco as per provisions of the Civil Code of the State of California, Section 156, setting forth the rights of husbands, and Section 7 of the Charter; and

Whereas, Similar conditions might exist regarding other married women employed by the City and County of San Francisco; now, therefore, be it

Resolved, That it is desirable to list the name and address of the husband of every married woman in the employ of the City and County of San Francisco; and, be it

Further Resolved, That the various departments wherein married women are employed are hereby requested to furnish the Board of Supervisors with said information.

On objection by Supervisor Brown, to immediate consideration of the foregoing Resolution, Supervisor McSheehy moved that consideration thereof be made a Special Order of Business on Monday, October 28, 1940, at 3 P. M.

No objection, and so ordered.

Requesting Public Welfare Commission to Increase Number of Its Meetings

(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Public Welfare Commission of the City and County of San Francisco meets on alternate Tuesdays for the purpose of considering and disposing of matters coming within its jurisdiction; and

Whereas, The nature of the business handled by the Public Welfare Commission—pensions for widows, the blind and the needy aged, aid to half-orphans, relief for indigents—is such as to require all possible expedience in order that no inconvenience or actual suffering may be occasioned recipients of aid; and

Whereas, A greatly increased volume of cases is now being handled by the Public Welfare Commission and it is not always possible, with the two-week period which elapses between meetings as at the present time, to take care of the more urgent problems as necessity demands; now, therefore, be it

Resolved, That this Board of Supervisors does hereby respectfully request the Public Welfare Commission to increase the number of its regular business meetings to at least one during each calendar week.

Discussion

Supervisor Uhl announced that, in his opinion, meetings of the Public Welfare Department should be held weekly, instead of every two weeks as is now the practice.

In support of his views, Supervisor Uhl cited, among other cases, that of Mrs. Rodrigues, with two small children, which case he had brought to the attention of the Public Welfare Department, just at the close of one of that department's meetings. Had he been but a few minutes later, and missed that meeting, a two weeks' period would have elapsed before Mrs. Rodrigues could have obtained necessary relief. The two weeks' period before meetings also caused undue delay and consequent hardship to other applicants for relief.

Supervisor Uhl, in his presentation, stated that since the Public Welfare Department was an agent of the Board, in matters of relief, the Board could with propriety make such request as set forth in the Resolution.

Supervisor McSheehy questioned the right of the Board to adopt such a resolution, in view of Section 22 of the Charter, and he requested the Clerk to inform the City Attorney about the contention of Supervisor Uhl that the Public Welfare Department was an agent of the Board, and consequently the Board would have the right to make the request contemplated.

Consideration Postponed

Thereupon, on motion by Supervisor McSheehy, further consideration was postponed until Monday, October 28, 1940.

Consideration Postponed

Merging of S. R. A. and Public Welfare Commission Clinics

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Due to the fact that wherein applicants for S. R. A. or from the City and County of San Francisco for relief are required to pass a physical examination by the clinic of each department, and

Whereas, Citizens who have applied for relief by S. R. A. are refused relief due to the fact said applicants are found by the S. R. A. clinic to be unemployed unemployables, and

Whereas, Citizens who have applied for relief by the Public Welfare Commission of the City and County of San Francisco are refused relief due to the fact said applicants are found by the Public Welfare Commission to be unemployed employables, and

Whereas, Wherein the S. R. A. outfit say the applicant is an unemployed unemployable, and the Public Welfare Commission say the applicant is an unemployed employable, said applicant is left without relief, and

Whereas, Prior to the Public Welfare Commission, there was but one clinic, said clinic operated by S. R. A., with the result that early relief was accorded either by S. R. A. or the Public Welfare Commission, and

Whereas, The setting up of a clinic by the Public Welfare Commission has brought about conflict detrimental to persons seeking relief, and

Whereas, It is positively necessary that said conflict be removed; therefore, be it

Resolved, That immediate action be given in order to avoid said conflict; and be it

Further Resolved, That the clinics be merged with only the necessary personnel; said merged clinic to be presided over by a doctor representing the State Relief Administration and a doctor representing the Public Welfare Commission.

Agreement With California Toll Bridge Authority to Paint Pipe Line, San Francisco-Oakland Bay Bridge

(Series of 1939)

Resolution No. 1391, as follows:

Whereas, The City and County of San Francisco owns a certain pipe line located on the San Francisco-Oakland Bay Bridge; and,

Whereas, It is necessary from time to time to paint this pipe line; and,

Whereas, The California Toll Bridge Authority has designated their desire to have the work of painting said pipe line done by their painters simultaneously with the painting of said San Francisco-Oakland Bay Bridge; and,

Whereas, The Public Utilities Commission is of the opinion it would be highly impractical and most uneconomical to paid said pipe line by a separate crew from that which is maintained by said California Toll Bridge Authority, and that said work should be done at the same time and coordinated with the painting of the bridge, using the same scaffolding and the same painting crew, and under the same traffic control;

Now, Therefore, Be It Resolved, That the Public Utilities Commission be, and it is hereby authorized to enter into a contract with the California Toll Bridge Authority to paint the aforesaid pipe line;

Be It Further Resolved, That payment be made monthly to the California Toll Bridge Authority for the actual cost of the painting upon the presentation of their properly supported bill, duly approved by the Manager of Utilities and the Controller.

Recommended by Public Utilities Commission.

Approved as to form by the City Attorney.

Note: *The above resolution was referred to the Public Utilities Committee by the Board on October 14th. On October 15th a substitute resolution was forwarded to the Committee by the City Attorney's office, identical with the original resolution except for the following provision:*

"Further Resolved, That there is an actual emergency existing in this, that the California Toll Bridge Authority has begun painting the bridge structure on which the pipe line above described is located, and the most expeditious manner for completing the work of painting the pipe line is to have the same painted at the time the bridge structure is painted. By reason of the emergency existing, this resolution will take effect immediately and the contract to be entered into shall be effective forthwith."

The Public Utilities Commission refused sanction of this emergency provision subsequent to the meeting of the committee on October 16th, rendering it of no effect, and therefore the original resolution appears hereinabove. Supervisor McSheehy signified his intention of filing a minority report.

MINORITY REPORT OF SUPERVISOR JAMES B. McSHEEHY

October 21, 1940.

To the Honorable Board of Supervisors

Gentlemen:

At the meeting of the Public Utilities Committee of this Board on October 16, 1940, a resolution calling for the painting of a 10″ pipe line

suspended from the upper part of the lower deck of the Bay Bridge from the pier at Steuart and Harrison Streets to the reservoir on Yerba Buena Island, a distance of about two miles, was considered.

Supervisor Meyer and myself were the only members present at the meeting, and as we had entirely different opinions as to the passing of the resolution, I agreed that it should be placed on the calendar and that I would file a minority report.

The following reasons are why this resolution should not pass:

1. The pipe has already been painted some time during the last three months, while the bridge authority has been painting the bridge.

2. Some three years ago the Exposition Company and the City of San Francisco represented by the Utilities Commission entered into a contract in which the City would deliver all the water used during the entire life of the Exposition including construction and demolition periods, and this water would be pumped from one of our mains to the reservoir on Yerba Buena Island that has a capacity of about three million gallons. In return for this water the Exposition would deed to the City of San Francisco this 10″ pipe line that they are now asking us to pay the Toll Bridge Authority for painting, and this is to be a monthly bill as long as the pipe line remains on the bridge.

3. The contract is not finished as the demolition of the buildings has not taken place, and you will find a large force of men working on the island.

4. This bill should be tendered to the Exposition Company and not the City of San Francisco.

5. During the entire life of the Exposition there were about 557,500,000 gallons of water used, reduced to 74,333,332 cubic feet, and at the wholesale price prescribed by the Utilities Commission this water would have cost the Exposition $75,369, and in return for the same the pipe line would have cost today $52,800 and three years ago it should have cost about $42,240, or a direct loss to the City of San Francisco of $22,329. Now they want us to go a step further and take the pipe line over and agree to a monthly maintenance charge for painting the same.

Gentlemen, has it ever occurred to you the position that San Francisco is in today? The United States census taken the early part of this year shows an increase in population in this State of California of 21% and a decrease of population here in San Francisco of about 3%, the only city in the State of California showing a decrease.

Hetch Hetchy was erected for the purpose of giving to San Francisco a bountiful supply of water. We have invested in that project about $160,000,000, and we are now receiving less than five million gallons of water a day from Hetch Hetchy. Our daily consumption here in San Francisco is about 56 million gallons.

In the San Joaquin Valley there is a pipe line of 70 million gallons daily capacity. That is all the water we can take from Hetch Hetchy, although we use daily an average of 400 million gallons at Moccasin Power House to generate hydro-electric power. Part of this water is used by the Merced-Turlock Irrigation District and a greater portion of it flows into the San Francisco Bay except a small amount that flows through the 70 million gallon pipe line we have installed in the San Joaquin Valley. On June 25th of this year three Supervisors of this Board saw the man who regulates the water through the various pipe lines allocate only five million gallons of water to San Francisco. This is a 70 million gallon pipe line and our Bay reservoirs are full and that is all the water we need. We consume less water and pay more for water than any other city of comparable size in the United States. The City of Sacramento uses 200 gallons of water per capita. We use only 65 gallons per capita. There are 114,000 meters being used in San Francisco. The Spring Valley Company sold water to the people of San Francisco on a flat rate base for 60 years.

Leaving the present meters in and not going to the expense of removing them, charging a flat rate on a three-year average supply of what water now costs, we could re-establish a flat rate and the consumption of water would be greatly increased so that all householders would be encouraged to plant gardens with no extra cost of water that is now flowing into the Pacific Ocean.

Our local reservoirs have about 50 billions of gallons of water in storage, a 3-year supply, and we could augment this daily from our 70 million gallon pipe line from Hetch Hetchy with practically no cost, keeping our reservoirs full to capacity and allowing the City of San Francisco's citizens to use this surplus water. We have less trees on our streets than any large city in the United States.

There was always a shortage of water here in San Francisco up to six years ago. We had scarcely enough water for domestic uses. That is why we did not plant trees and beautify our gardens. Now that we have a surplus of water, let us use it.

Gentlemen, I ask you here today not to vote for this emergency resolution, and if you do so I will bring in a resolution next Monday that I hope six members of this Board will vote for, requesting that a flat rate for the purchase of water be restored so that the City of San Francisco can encourage people to live in San Francisco and not move down the Peninsula and across the Bay where they can buy water much cheaper than we are selling it to them here in San Francisco, and which will allow them to beautify their homes and streets so that they may live in much pleasanter surroundings.

In closing, I hope, gentlemen, you will take a stand here today and vote down this resolution and see if we cannot make a start to encourage people to live in San Francisco.

I ask that this minority report be made part of the record and printed in the Journal.

Report by Supervisor Meyer

Supervisor Meyer, in discussing the Resolution under consideration, stated that the real question is whether or not the Bay Bridge organization should be permitted to paint the pipe line in question. It was his opinion that it would be better to have that organization paint the pipe line because of the economy of such procedure. It would cost at least twice as much for the city to do the painting as it would to have the work done while the bridge itself was being painted. For that reason he would move adoption of the resolution appearing on the calendar.

Supervisor Mead, in reply to questioning by the Chair, stated that the pipe line would, of course, need painting from time to time, and it would be economical to have the State painters do the work while they were painting the bridge itself. The proposal, Supervisor Mead stated, was a sensible one. He would, however, like to know a little more about the proposed contract, and suggested that further consideration be postponed for one week, in order that such desired information might be obtained.

Mr. Sharon, representing the Public Utilities Commission, answered Supervisor Mead, saying, that it is proposed for the Toll Bridge Authority to paint the pipe line while the bridge itself is being painted. The city will bear its proportion of the cost of the entire job, which will be the ratio of the surface of a ten inch pipe line to that of a sixty-six foot bridge. It is estimated that the cost will not exceed $400 annually over a five-year period. There is approximately 34,000 square feet of painting on the pipe line. If this contract is not entered into, the painting will be necessary, anyway, and at a cost estimated to be two or three times as great.

Thereupon, Supervisor McSheehy questioned Mr. Sharon, inquiring why the proposal was brought to the Board, since the Public Utilities Commission intended to have the painting done, anyway.

Mr. Sharon, in reply, stated that the contract was desired because of the savings to be realized. The Controller, however, requested that the proposed contract be authorized by the Board of Supervisors in order that he might certify as to availability of funds therefor.

Point of Order

Following Supervisor McSheehy's further presentation of his views as to elimination of water meters, and fixing a flat rate for water service, as outlined in his minority report, Supervisor Uhl raised the Point of Order that Supervisor McSheehy was not speaking to the motion by Supervisor Meyer, for adoption of the resolution appearing on the Calendar.

Point of Order Well Taken

The Chair ruled the Point of Order well taken.

Thereupon, Supervisor McSheehy questioned the accuracy of the estimated cost of $400 per year for performing the proposed painting, and read from item in the San Francisco Chronicle of October 20, regarding the cost of the pipe line installed to serve Treasure Island, and the price paid therefor by the Public Utilities Commission in the way of value of water delivered to the Exposition. Supervisor McSheehy held that the water delivered to the Exposition, in payment for the pipe line, made the cost of that pipe line very excessive, and accordingly he doubted the advisability of taking the estimate of the Public Utilities Commission as to the cost of painting the pipe line.

Mr. Sharon pointed out that figures in statement read by Supervisor McSheehy were most misleading. In addition to the actual cost of the pipe line itself, there must be considered some 1500 feet of pipe through the Yerba Buena hills, a large reservoir, and the distribution system itself on Treasure Island.

Thereupon, Supervisor McSheehy objected to authorizing the execution of a "blanket contract," the provisions of which were not known, and he moved that the entire matter remain on the Calendar for one week, and that copy of contract about to be entered into between the Toll Bridge Authority and the Public Utilities Commission be presented to the Board.

Motion failed for want of a second.

Supervisor Mead moved that the Resolution be amended to provide that amount of contract should not exceed $2000 over a five-year period, or $400 per year.

Supervisor Brown suggested that the limitation be made for one year, since he did not believe the Board had the authority to limit expenditure for five years.

Thereupon, Supervisor Mead accepted the suggestion, and changed his motion to provide for a limitation of expense for painting pipe line to $400 per year.

Mr. Sharon, however, objected to the proposed limitation, holding that with such limitation, the contract would be of no value.

The Chair ruled that, Supervisor Mead's motion not having received a second, there was nothing before the Board except the original motion for the adoption of the Resolution, as it appeared on the Calendar.

(Series of 1939)

Supervisor McGowan presented Resolution No. 1392, as follows:

Whereas, The San Francisco Call Bulletin with keen and patriotic foresight has proposed a plan which, in contrast to the conditions which prevailed after the World War, will afford a decent measure of protection to young men who, after serving their country under the provisions of the Selective Service Act, again return to their homes and normal life, and which will also serve as an incentive for complete and whole-hearted compliance with what otherwise might be accepted, because of economic conditions, with reservations, and

Whereas, The plan of The Call Bulletin, aptly termed "Draftees Preferred," contemplates a community movement sincerely dedicated to the proposition of locating in proper and remunerative positions those who are summoned now to training under the National Defense Program, and

Whereas, This is a timely, laudable and foresighted suggestion; one which should and shall receive the acclaim and support of every citizen who holds in reverence the ideals and principles of democratic government, now therefore be it

Resolved, That his Honor, the Mayor, be and is hereby requested to appoint a Committee of outstanding patriotic citizens to be known as the "Draftees Preferred Committee" the tenure of which shall be commensurate with the existence of the Selective Service Act, and whose function and duty it shall be to strive inexorably and with every means which it may summon to its command, to the end that each young San Franciscan summoned to the colors under the provisions of the Selective Service Act, shall, upon his return be provided with the best possible and most remunerative position for which he is fitted, and be it

SPECIAL ORDER—3:00 P. M.

Indefinitely Postponed

From Finance Committee, without recommendation.

Departments Requested to File with Board of Supervisors List of Married Women Employees, Showing Residence of Their Husbands.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Attention has been called to the fact that Mrs. Mary C. Kohler and Mrs. Muriel C. Drury are non-residents of the City and County of San Francisco as per provisions of the Civil Code of the State of California, Section 156, setting forth the rights of husbands, and Section 7 of the Charter; and

Whereas, Similar conditions might exist regarding other married women employed by the City and County of San Francisco; now, therefore, be it

Resolved, That it is desirable to list the name and address of the husband of every married woman in the employ of the City and County of San Francisco; and, be it

Further Resolved, That the various departments wherein married women are employed are hereby requested to furnish the Board of Supervisors with said information.

On motion by Supervisor McSheehy consideration postponed until Monday, October 28, 1940, *at* 3:00 *P. M.*

Discussion

Supervisor Uhl, in discussing the foregoing resolution, announced that although the City Attorney had rendered an opinion stating that under the definition of a resident, as used in the Charter, residence of married women in the employ of the City and County was not necessarily the same as the residence of their husbands, and for that reason, and that a married woman, employed by the City and County of San Francisco, did not lose her San Francisco residence simply because her husband maintained residence elsewhere, he intended to take the matter into court in order to obtain an interpretation of the Charter on the subject.

Supervisor McSheehy, Chairman of the Judiciary Committee, felt that in view of the expressed intention of Supervisor Uhl to seek a court interpretation of the Charter, the foregoing resolution should be tabled, or postponed indefinitely.

Supervisor Uhl, thereupon, announced that he had no objection to indefinite postponement of further consideration of the resolution presented by himself, although he would object to tabling the resolution.

Whereupon, Supervisor McSheehy, seconded by Supervisor Mead, moved that consideration be indefinitely postponed.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—8.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, McGowan—2.

Refused Passage for Reconsideration

Approved by the Public Utilities Commission, Resolution No. 3953.
Recommended by the Director of Public Works.
Approved by the Mayor.
Approved by the Manager of Utilities.
Approved as to funds available by the Controller.
Approved as to form by the City Attorney.

Finally passed by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisors Brown, McSheehy—2.

Absent: Supervisors Colman, Shannon—2.

Motion for Reconsideration

Before the result of the foregoing vote had been announced, Supervisor Brown changed his vote from "No" to "Aye," and moved for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor McSheehy—1.

Absent: Supervisors Colman, Shannon—2.

Question—Shall the action of the Board whereby the foregoing Bill was finally passed, be reconsidered?

Supervisor McSheehy requested temporary postponement of reconsideration of the foregoing matter, until Mr. Sharon, representing the Public Utilities Commission, could be present to hear the arguments to be advanced in favor of reconsideration.

The Chair, however, suggested postponement for one week, due to the absence of Supervisor Brown, who had at the previous meeting, made the motion for reconsideration, and because he, the President, would be obliged to leave the meeting at 4 P. M. to attend a meeting of the Retirement System.

Supervisor Meyer objected to any postponement since the proposed appropriation was designed to increase revolving funds absolutely necessary because of the rise of cost of materials required by the Water Department.

Supervisor Mead stated that he believed any motion for postponement would be out of order. Supervisor Brown, at the previous meeting of the Board, had moved for reconsideration at the next regular meeting of the Board (October 28, 1940). For that reason, Supervisor Mead did not believe the Chair could entertain any motion for postponement.

The Chair, however, ruled that a motion for postponement would be in order. However, if no such motion should be made, there would be nothing before the Board.

Supervisor McSheehy held that because of the importance of the matter, arguments should be presented and a vote taken.

The Chair again ruled that only one motion would be entertained. That would be a motion for postponement. If such motion should be made, the Chair announced, he would second it.

Whereupon, Supervisor McSheehy moved that the matter of Supervisor Brown's notice for reconsideration of the matter of appropriation of $100,000 for the Water Department Stores Revolving Fund be continued for one week. Motion seconded by Supervisor Shannon, who announced that he had seconded the motion, as he had promised, but he would vote against postponement.

Supervisor Mead rose to point of order, stating that he believed the motion to be out of order. He based his views on the language of the motion for reconsideration. Supervisor Brown is absent. He will not be present before the next meeting, and there is no guarantee that he will be present at that time.

The Chair ruled the motion to be out of order, for the reason that Supervisor Brown had made his motion for reconsideration, and the matter was on the Calendar. Supervisor Brown had been given a leave of absence by the Board of Supervisors until November 2d. Under ordinary circumstances it would be but a courtesy to a member of the Board to grant a week's postponement. However, under the conditions, although he had given Supervisor McSheehy a complimentary second, he did not intend to vote for postponement.

Whereupon, Supervisor McSheehy, in support of his motion for postponement, referred to question by Supervisor Brown, at the previous meeting of the Board, as to the reasons why the Public Utilities Commission had not made a request for the now desired appropriation at budget time. The need for such appropriation must have been apparent. Supervisor McSheehy reminded the Board that during the consideration of the budget of the Public Utilities Commission, only one item, out of a total of some hundred items, had been deleted. That was a proposed appropriation for San Andreas Outlet. The Annual Appropriation Ordinance indicates a surplus of $430,500 in the Water Revenue Funds, as estimated by the Public Utilities Commission. If this $100,000 appropriation should be approved, there would be that much less for estimated revenues for the next year's budget, and a corresponding amount necessary to be raised by tax levy.

Postponement Refused

Thereupon, the roll was called and the motion for postponement failed to carry by the following vote:

Ayes: Supervisors McSheehy, Schmidt—2.

Noes: Supervisors Colman, Mead, Meyer, Roncovieri, Shannon, Uhl—6.

Absent: Supervisors Brown, McGowan, Ratto—3.

East side of Spring Street between California and Sacramento Streets.

Approved as to form by the City Attorney.

Discussion

Supervisor Uhl, in discussing the foregoing Resolution, stated that its adoption would result in the elimination of hundreds of parking spaces in San Francisco. He believed the matter should be thoroughly considered and all merchants affected should be notified of a hearing for consideration of the proposed regulation.

Supervisor Ratto explained that the proposed regulations were recommended by the Police Department, and all areas in the Down Town district are to be treated equally. The proposed parking prohibitions are already part of the present traffic code, which will be repealed upon the new traffic code becoming effective.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that the foregoing Resolution remain on the Calendar for one week.

Supervisor Roncovieri, in support of the motion, stated that he desired to know the legal definition of the term "alley." He stated, also, that if parking in alleys was to be prohibited only in the Down Town areas, that should be stated in the resolution.

Privilege of the Floor

Mr. Will L. Merryman, representing Down Town organizations, announced that unless the Board should approve the proposed regulations, when the new traffic code becomes effective, there will be no traffic law in San Francisco. This action is merely to put back into effect what has been in the previous traffic law. The Fire Department holds it to be absolutely necessary for alleys to be kept free from parking.

Thereupon, the roll was called and the motion for postponement carried by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri, Schmidt, Uhl—5.

Noes: Supervisors Colman, Mead, Ratto, Shannon—4.

Absent: Supervisors Brown, McGowan—2.

Discussion

Supervisor Ratto answered Supervisor Uhl, calling attention to the heavy traffic on both First and Fremont Streets, and objected to objections raised after thorough surveys had been made, followed by recommendations made by the various merchants and business men to be affected by traffic regulations proposed.

Supervisor Uhl, however, seconded by Supervisor McSheehy, moved that the proposed foregoing resolution remain on the calendar of the Board for one week.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Opposing Sending American Boys to Foreign Countries for War Service

Immediately after the first Roll Call, Supervisor Uhl requested the

privilege of the floor be granted to Mr. Walter A. Webber, of 1458 Eighteenth Avenue, and to a Miss Muriel Hanson, who had important messages which they wished to deliver to the Board.

No objection being offered, Mr. Walter A. Webber, representing the "Defend America First" Week Committee and the Mothers of American National Youth, addressed the Board and the citizens present, opposing the sending of American boys to foreign lands for waging war, and urged that a protest be sent to the President, to oppose sending American boys to any foreign country for war purposes.

Supervisor Colman, following address by Mr. Webber, suggested that the entire matter should be referred to committee, and that Mrs. Doyle, to whom Miss Hanson was about to relinquish the floor, present her arguments to the committee. He would object to any further privilege of the floor.

Supervisor Uhl, thereupon, moved that the Board of Supervisors send a telegram to the President of the United States, asking that American boys be not sent out of this country to wars abroad.

The Chair referred the motion to the Public Welfare Committee.

Subsequently the Chair announced that he had been handed a note by Miss Muriel Hanson, requesting that proposed telegram be sent to the President without delay.

Supervisors Mead and Colman both called attention to statements in the press, reporting the denial by the President of any intention to send American boys to partake in any war abroad, or in any war at all unless our own country and its possessions, or other countries in the Western Hemisphere should be attacked.

Whereupon, Supervisor Uhl changed his motion, to read:

That this Board send a telegram to the President, commending him for his promise that our boys would not be sent out of this country to wars abroad.

Whereupon, the Chair announced that the entire matter had been referred to Committee and there was nothing before the Board.

Requesting Civil Service Commission to Amend Its Rule Relative to Disability or Illness of Certain Employees in the Health Department, Sheriff's Office and Municipal Railway.
(Series of 1939)

Resolution No. ....., as follows:

Whereas, Section 153 of the Charter provides that the Civil Service Commission, by rule and subject to the approval of the Board of Supervisors by ordinance shall provide for leaves of absence due to illness or disability, and

Whereas, The sections of the San Francisco Municipal Code dealing with sick leave, embody Rule 32 of the Civil Service Commission, Section 11 of which authorizes the Police and Fire Departments, subject to the approval of the Civil Service Commission, to enact their own rules relative to sick and disability leaves of absence, and

Whereas, Pursuant to this authority, the aforementioned departments have provided by rules, which have been approved by the Civil Service Commission, that full compensation shall be paid to members of said

departments for disability or illness contracted or suffered in the line of duty, the extent of the leave for such disability or illness to be determined by the Commission having jurisdiction over the respective departments, and

Whereas, Ambulance drivers and stewards in the Department of Public Health, as well as jailers and bailiffs employed by the Sheriff's Office are engaged in highly hazardous work; one in which they are very often injured as a result of contact with criminals and insane persons or become afflicted with contagious or infectious diseases, and platform men of the Municipal Railway are also engaged in a capacity which is hazardous to the extent that injuries are often incurred because of collisions and accidents; and

Whereas, It appears only fair and proper that the last-mentioned employees, who through no fault of their own, and in the line of duty are disabled or rendered ill should be entitled to the same consideration and benefits which are enjoyed by the members of the Police and Fire Departments, now therefore be it

Resolved, That this Board of Supervisors being of the disposition to treat all the employees of the City and County of San Francisco with equity and fairness does hereby request the Civil Service Commission to give consideration to this matter and to take such steps as will insure to the employees referred to in the Department of Public Health, the Sheriff's Office and the Municipal Railway the same benefits as are now enjoyed by the members of the Police and Fire Departments.

Discussion

Supervisor McSheehy, in discussing the question raised by Supervisor Colman, as to possible cost to San Francisco if the foregoing Resolution should become effective, stated that it would be impossible to determine at this time. However, past experience would indicate that any additional cost to the City and County would be very slight.

Thereupon, Supervisor Colman announced that he desired to know the effect of the proposed Resolution, if adopted. The Resolution, if adopted as presented, could commit the City to a definite policy. He desired a report from the Civil Service Commission as to probable cost.

Reference to City Attorney

Subsequently during the proceedings, further consideration having previously been temporarily postponed, the foregoing Resolution was, on motion by Supervisor McGowan, referred to the City Attorney for study and report.

Adopted

Exempting From Residential Requirements of the Charter, Class L406 Senior Psychologist, Juvenile Court

Recommended by the Mayor.

After explanation of the need for the foregoing, Supervisor Uhl announced that he was still opposed thereto, feeling that waiving residential qualifications might prevent City employees from acquiring residence in San Francisco, who would otherwise do so.

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Shannon—7.

Statement on Reconsideration of Action on Bill Increasing Water Department Stores Revolving Fund

Supervisor Brown, under his name on Roll Call, referred to proceedings of the Board at the meeting of October 28, 1940, in re Reconsidera-

tion of the Action of the Board, whereby Bill No. 905, Increasing the Amount of Water Department Stores Revolving Fund from $300,000 to $400,000. In moving for reconsideration, Supervisor Brown announced, his purpose was to have time to check on some of the statements made by Mr. Sharon. The Board did not cut items from the budget, as Mr. Sharon had stated, except for San Andreas Outlet Shaft Control Gate. Since the Mayor had not recommended appropriation for Outlet Tunnel, an appropriation for an Outlet Shaft Control Gate was obviously unnecessary. The proper procedure would have been to ask at budget time for desired allocation of funds. Increasing budget items during the fiscal year should be done only in cases of great emergency.

Removal of Tracks on Howard Street and South Van Ness Avenue

Supervisor Uhl moved that a letter be sent to the Manager of Utilities, stating that it is most desirable that street car rails on Howard Sreet and on South Van Ness Avenue be removed, and stating also that the Board will appreciate information as to when those rails will be removed.

After brief discussion on the motion, Supervisor Uhl changed his motion, and moved that letter be sent to the Manager of Utilities, asking him "kindly to inform the Board what plans are under consideration for removal of street car rails on Howard Street and South Van Ness Avenue.

Motion referred to Public Utilities Committee.

Removal of Tracks on Leavenworth Street

Supervisor Uhl moved that the Board request the Director of Public Works to appear before the Board and discuss the matter of removal of rails on Leavenworth Street between McAllister and Post Streets.

Motion referred to Public Utilities Committee.

Bus Transportation in Hunters Point District

The Clerk presented and read a communication from Mrs. J. Manning, representing the Merchants and Property Owners of Hunters Point District Association, urging favorable action on application for Coach Transportation for the residents of Hunters Point District.

Referred to Public Utilities Committee.

The following Opinion was presented by the Clerk and ordered printed in full in the Journal of Proceedings:

Report of the Attorney, John L. McNab, on the Legality of a Leasing Arrangement Between the State Toll Bridge Authority and the District, Dated September 25, 1940.

I have been directed by this Board to render an opinion on the legality of a leasing arrangement between the State Toll Bridge Authority and the Golden Gate Bridge and Highway District.

The proposal involves a discussion as to the right on the part of the Golden Gate Bridge District to transfer to the Toll Bridge Authority, by lease or other arrangement, the operation of the Golden Gate Bridge and the right to collect tolls thereon.

Whatever the possible advantages flowing from such an arrangement might be (and on this I express no opinion), the answer is to be determined not by questions of expediency or benefits involved, but strictly by the question of whether or not there is any legal authority for such a contract.

If either the Golden Gate Bridge and Highway District or the Toll Bridge Authority is without legal power to enter into such an arrangement, all questions of discretion are eliminated and a discussion of benefits becomes superfluous.

There are two Statutes involved—one creating the Toll Bridge Authority of California—and the other providing for the establishment of the Golden Gate Bridge and Highway District.

I have made a very careful study, not only of these Statutes but of the decisions of the Courts bearing upon this question.

As a result of this study I advise the Board that it is not legally possible for either the Toll Bridge Authority or the Golden Gate Bridge and Highway District to enter into the suggested arrangement.

Statements emanating from the State Board of Public Works and the Toll Bridge Authority indicating that they would take over the operation of the Golden Gate Bridge as the next step in transportation developments, must have been made without giving consideration to the total lack of authority for such an arrangement.

The California Toll Bridge Authority was created by Chapter 763 of the Statutes of 1929. This Statute has been often amended but its essential features remain unchanged. By it the policy of the State of California was declared to be: "To acquire and own all Toll Bridges situated upon or along any part of the highways of the State, with the end in view of ultimately eliminating all toll charges thereon."

By Section 4 of the Act, the Department of Public Works is authorized to do two things, and two things only:

The first is to build bridges and the second is to acquire bridges.

I quote from the Statute as follows:

> "When the Department of Public Works determines that it is advisable or necessary to acquire either through eminent domain proceedings or otherwise any existing privately owned toll bridge or bridges,"

it may take appropriate proceedings therefor.

It has been decided by the Supreme Court of California (in re. Okahara, 191 Cal. 362), that the word "acquired" means to become the owner of property and to make the property one's own. The Courts of last resort throughout the Union have, in innumerable cases, held to the same effect. (1 C. J. S., page 918).

Everywhere it is held that to acquire means to own by purchase or otherwise and to retain the exclusive possession and ownership of the property.

No power whatever is granted to this Toll Bridge Authority to lease or to enter into any arrangement for the operation of any property except their own.

If it were contemplated that the Toll Bridge Authority should make any arrangement with the Golden Gate Bridge and Highway District, the only power the Authority possesses is to buy the Bridge outright.

The whole philosophy of the Toll Bridge Authority is based upon Toll Revenue Bonds.

The only method of payment provided by the Statute is to issue Bonds based upon the revenue of the Bridge and nothing else.

The Statute repeatedly and expressly declares that these Bonds are not considered a debt or obligation of the State of California either as to principal and interest. It is expressly declared that "both principal and interest of all such Bonds shall be secured only by the tolls or other revenues collected from the particular Bridge."

Without extending this opinion unduly by analyzing the provisions of the Act, it will be seen that there is no legal right on the part of the Toll Bridge Authority to lease any Bridge or enter into any arrangement, except by outright buying the Bridge, or in appropriate proceedings, condemning it to its own use.

Furthermore, the language of the Statute and its Amendments seems to be limited to the acquiring and condemning of Bridges owned by private persons and private corporations. There appears to be no legislative ground to condemn publicly owned Bridges. The power is restricted by the following provision:

> "Whenever the Department of Public Works determines that

it is advisable or necessary to acquire either through eminent domain proceedings or otherwise any existing privately owned Toll Bridge or Bridges,"

it may proceed with the making of the necessary estimates as a base for a Revenue Bond issue.

You are therefore advised that the California Toll Bridge Authority is without any power, either express or implied, to enter into any arrangement for the leasing or the operation of the Golden Gate Bridge.

Secondly, there remains to be considered the power of this Board of Directors to enter into any leasing or operative agreement with the Toll Bridge Authority or any other Governmental Department.

The answer to this question has involved the reading of many authorities. I see no purpose however in wearying this Board by quotations from the decisions of the Court. So much loose discussion and so many ill-considered statements have been made by State Authorities with respect to the problems involved, that I have thought it wise to advise the Board without taking time to write an elaborate opinion. After all the members of this Board are in good faith, searching for an answer to these questions because of their desire not only to protect the Bridge District but to afford any possible measure of relief to the traveling public.

However, I am compelled to advise the Board that it is without authority to lease the Golden Gate Bridge and its appurtenances to any Authority, public or private, under the existing circumstances.

The Golden Gate Bridge and Highway District was organized under the Statute of 1923. It is governed by this Board of Directors selected by the various counties making up the Bridge District. These Directors have certain limited powers given to them by Section 10 of the Act.

It is settled law in this State that a Board of Directors may exercise only such powers as are directly conferred upon them by their legislative charter and such incidental powers as may be implied therefrom.

The Courts have frequently given expression to the rule that wherever a power is not granted to a public corporation that power is withheld.

By subdivision 5 of Section 10 the Board is given the power to build bridges and to carry out all of the operative functions with respect thereto.

It was the obvious purpose of the Act to establish a District in which all of the constituent counties, resembling stockholders, have a part. Respecting its property the Board is given the usual power to purchase and to hold property and there is included among these powers the general authority "to lease and dispose of real or personal property within or without the District *necessary to the full exercise of its powers.*"

The only semblance of authority to make a lease is that which I have just quoted. Obviously this refers to the making of incidental and subordinate leases "necessary to the full exercise of its powers"; such for example as a lease of restaurant facilities; or a parking adjunct; or a sightseeing tower; or a refreshment stand for the convenience of the patrons; or any like convenience which may accommodate the public or bring profit to the Bridge in the course of its operations. It was never the intent of the Legislature to give to the Board of Directors the power to enter into a lease of the Bridge properties themselves.

The whole purpose and intent of the Statute was to empower the District to operate a Bridge and to collect tolls therefrom. To finance it it incurred the obligation of a bond issue for $35,000,000 which is a lien not only on the surplus revenues but a lien on all the property of the District for any unpaid or delinquent portion of the bond issue. To say that the Board of Directors might lease the entire property of the District thereby ridding itself of the management of all its corporate property is to render the whole Statute meaningless and purposeless.

The members of the Board, as well as the other officers, are expressly

charged with certain statutory duties with respect to the revenues of the Bridge and the disposition of surpluses. The revenues of the Bridge have been pledged from the outset by the plain provisions of Section 21 of the Bridge Act. Upon this Board rests the statutory powers to set aside in separate funds "revenues of the works." These are dedicated to the payment of operative expenses, to providing for repairs and depreciation, to pay interest on the bonds, and to provide for sinking funds. The Statute expressly declares that all of these revenues of the Bridge are pledged for such purposes. The surpluses from the revenues which must be deposited in reserve interest funds and the remainder of the revenues are directed by the Statute to be divided by the Directors to each county or city and county within the District in proportion to assessed valuation.

Time without number the Courts of the country have been called upon to rule upon the rights of Directors of private corporations to either dispose of or to lease the bulk of the corporation properties. These decisions chiefly concern private corporations, and while the rules with respect to them are rigid we must remember that here we are dealing with a public corporation, in which the members of this Board are Trustees of public property and public funds. This is a statutory trust and the Directors must execute that trust for the benefit of the taxpayers of the District. No court in the country would support the action of the Directors of a public corporation in disposing of the entire operative property of the District either by sale or lease. To do so would be to violate the very duties imposed upon them by statute.

This Board was called into existence by a statute which imposed upon the Directors the building of this Bridge; its financing; its management; the fixation and collection of tolls; the extinguishment of the bondholders' lien; and the return from the surplus of operations of all surplus cash to the constituent counties of the District.

If the Directors of a private corporation are the administrators of a trust for the benefit of the stockholders, in larger degree are the Directors of a public corporation the trustees of the counties and their inhabitants.

In considering the right of Directors of even a private corporation to lease or dispose of its property, the decisions classify the property of the corporation as either operative or inoperative. The statute confers no power on the Directors to lease the operative property, the chief element of which is the Bridge itself. The Directors are charged with the imposition and collection of tolls to meet the bond issue. They cannot delegate this authority to any other public or private body.

The fundamenal rule even with respect to private corporations is that the Board of Directors of a corporation, not in financial distress, has no right to dispose of the corporate property unless expressly so authorized by statute. The objection of a single stockholder would be sufficient to prevent such an act.

Without extending this opinion to unnecessary lengths, it may suffice to quote from a leading authority, (63 A. L. R. 614) the following:

> "It seems to be universally recognized that municipal corporations can exercise no powers which are not in express terms or by fair and reasonable intendment conferred upon them, hence, such corporations have no power to lease municipal property in the absence of statutory enactments empowering them to do so."

The Directors are charged with the imposition and collection of tolls to finance the District and to pay the bond issue. The duties and responsibilities conferred upon them cannot be assigned or delegated to anyone else. From my investigations I could fill this opinion with decisions of the Courts forbidding the delegation of such duties. It may suffice to say that the decisions of the Courts are without dissent that the duties imposed by a statute on this Board cannot be delegated to any

other authority, public or private. They must be carried out by the Board itself.

Attempts have been repeatedly made by public corporations to dispose of properties belonging to the corporation either by lease or by deed. One of the outstanding examples involved is in the celebrated case of *Oakland vs. Waterfront Company*, 118 Cal. 188. There certain waterfront properties were under contract to transfer to others with the right to collect tolls. The whole transaction was declared to be void by the Supreme Court.

In short, any student of the question may find in the pages of *McQuillian on Municipal Incorporations*, citations without number, holding that a Board of Directors of a public corporation may not exercise any power unless it is conferred in plain and unambiguous terms, and that a doubtful power is a power denied: (Section 368), and that a Board of Directors cannot delegate or grant to any other body the power to exercise the function committed to it. (Section 395).

While I have not been asked to consider anything beyond the power of the State Toll Bridge Authority I may say that two things would be absolutely essential to render valid any agreement leasing the Bridge property or delivering over its operation to the State, or any agency of the State:

First, there would have to be a statute passed by the Legislature enlarging the powers of the Board of Directors, and in addition to this, I seriously doubt the legality of any action without the approval of the taxpayers and electors of the District in an election called to pass upon the question.

I have not alluded at length to the rights of the bondholders and the corresponding obligation of the taxpayers of the District. This bond issue is non-callable. The holders of these bonds cannot be required to accept even the full face value of the bonds with interest computed to maturity. Assuming that the bondholders were willing and the State was willing to advance the $70,000,000, or thereabouts, necessary to insure the payment of the bonds with interest to maturity, there is no obligation on the bondholders to surrender their obligations. In the absence of a direct agreement with the holders of bonds and the assent of the taxpayers, I am gravely doubtful that any special statute on the subject could give relief.

The Board will understand that in rendering this opinion I am merely stating my legal conclusions. It has not been my purpose nor is it my right to express my opinion respecting the practicability of any plan suggested—that is the province of the Board alone.

In thus concluding this expression of my views, I assure the Board that I am more than willing to consider, with an open mind, any other plan which may be suggested in the future.

Supplemental Recommendations, Public Welfare Department, for Month of November, 1940

(Series of 1939)

Resolution No....., as follows:

Resolved, That the recommendations of the Public Welfare Department, containing Old Age Security Aid discontinuances, denials and other transactions, and Half Orphan Aid, other transactions for the month of November, 1940, are hereby approved and the Clerk of the Board of Supervisors is directed to transmit this approval to the Controller.

Discussion

Supervisor Uhl objected to the adoption of the foregoing resolution, holding that approval thereof would signify approval of the report of the Public Welfare Commission as to denials and discontinuances of aid. Whereupon consideration was temporarily postponed.

Privilege of the Floor

Subsequently, during the proceedings, consideration of the foregoing resolution was resumed.

Mr. R. H. Born, Director of Public Welfare, explained to the Board that complete report of recommendations of the Public Welfare Commission, for which approval of the Board of Supervisors was required, was submitted to the Board of Supervisors every month.

Mr. William Hornblower set forth in detail the State legislation governing Old Age and other assistance, and urged a change in procedure, whereby the right of appeal to the Board of Supervisors, as provided for in State legislation, would be granted those whose applications for aid had been denied.

Amendment

Supervisor Uhl again expressed disapproval of the resolution as presented, and moved that it be so amended to approve amounts to be paid for aid during the month of November, deleting all reference to denials, discontinuances and other transactions; the City Attorney to draft the desired amendment. Motion seconded by Supervisor McGowan.

Supervisor McSheehy objected to proposed action and suggested postponement of the entire matter for one week.

Supervisors Brown and Colman both objected to any change in the present method of procedure with respect to aid without consulting with the Public Welfare Commission.

Thereupon Supervisor Colman moved that matter of change of procedure be referred to the Public Welfare Committee, and that the Public Welfare Commission, Mr. William Hornblower, and others interested, be invited to be present at the committee hearing. Motion seconded by Supervisor Brown.

Supervisor McGowan opposed reference to Public Welfare Committee, and moved as an amendment that the entire matter of procedure be considered in the Board, as a special order of business for Monday, November 18, 1940, at 3:30 P. M. Supervisor Colman agreed to amendment.

No objection, and so ordered.

Whereupon Supervisor McGowan renewed the motion previously

made by Supervisor Uhl, and seconded by himself, that the resolution, as amended, be approved.

Adopted

Changing Name of Bernal Avenue to Ray Way
(Series of 1939)

Resolution No....., as follows:

Resolved, That the name of Bernal Avenue be and is hereby changed to Ray Way.

Approved as to form by the City Attorney.

Supervisor Ratto, Chairman of Streets Committee, outlined the reasons prompting the recommendation of the Streets Committee for the proposed change of name of Bernal Avenue.

Privilege of the Floor

Mrs. Anna Lindsley, President of Fairmount Improvement Association, opposed the proposed change of name. However, she stated, if name should be changed, she believed it should be changed to "San Jose Avenue."

Mrs. Rose Walker, from the Southern Council of Civic Clubs, stated that although her organization had not been given an opportunity to consider the proposed change of name, she believed the Southern Council of Civic Clubs would oppose the change if the club were given such opportunity. She would, therefore, request postponement of consideration.

Dr. Leonard, representing San Francisco and California Historical Society; Mr. Ben Sexton of the North Beach Promotion Association, and Mr. Joseph E. Tinney, representing the Native Sons of the Golden West, all opposed the proposed change of name.

Mr. Harry Glensor, attorney for the Ray Oil Burner Company, and Mr. Nelson Hayward, vice president and general manager of that company, presented in detail the reasons for the proposed change of name of Bernal Avenue. Mr. Glensor and Mr. Hayward both stated that, contrary to the statement made by Mrs. Walker that the Ray Oil Burner Company was in reality but a San Francisco branch of a Los Angeles concern. The company, they stated, was owned and operated entirely by San Franciscans. Mr. Hayward, during his remarks, objected to the suggestion that the name be changed to "San Jose Avenue."

During the discussion on proposed resolution Supervisor McSheehy presented a communication from the Postmaster, addressed to Mrs. Anna Lindsley, stating that while the authority for change of name of any street rested with the Board of Supervisors, the Post Office Department was opposed to the change of name of any old-established street.

Communications were received and read from the Director of Public Works, one of which suggested that Bernal Avenue be changed to San Jose Avenue and the other stating that inasmuch as in the bond legislation providing for bond issue for construction of scenic road around Bernal Heights had referred to that road as Bernal Heights Avenue, that name was considered the official name of that road. Mr. Sydney Franklin, from the Department of Public Works, also expressed the same views as set forth in the communication with respect to that road.

Supervisor Mead, after the Board had been informed that there were already two streets in San Francisco with same pronunciation as "Ray" Way, although spelled differently, suggested, in order to avoid any possible confusion, that the last two words in the proposed resolution, "Ray Way," be deleted, and there be substituted in lieu thereof the word "Rayway."

Mr. Hayward of the Ray Oil Burner Company announced that his company would have no objection to that change.

In Hands of the Board

Supervisor Mead, seconded by Supervisor Brown, moved that the matter be taken into the hands of the Board.

No objection and so ordered.

Supervisor Uhl expressed his desire to cooperate with any industry in San Francisco, and announced he would approve a change of name, as requested by the Ray Oil Burner Company, unless such change would be detrimental. He suggested that further consideration be postponed until Monday, November 18, 1940, at 2:30 P. M.

Supervisor Colman announced his approval of the proposed change of name of Bernal Avenue.

Postponement Proposed

Supervisor McSheehy, seconded by Supervisor Uhl, moved that further consideration be postponed for one week and be made a special order of business for Monday, November 18, at 3:00 P. M.

Supervisors Meyer and Roncovieri expressed themselves as in favor of motion for postponement. Supervisor Meyer, however, stated that he believed the name "Bernal Avenue" should be changed to "San Jose Avenue." Supervisor Roncovieri protested the change of name until it could be learned definitely what the name of the newly constructed boulevard around Bernal Heights would be.

Motion Defeated

Thereupon the roll was called and the motion for postponement of further consideration of the proposed resolution failed by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri, Uhl—4.

Noes: Supervisors Brown, Colman, McGowan, Mead, Ratto, Shannon—6.

Absent: Supervisor Schmidt—1.

Amendment

Whereupon Supervisor McSheehy moved that the proposed resolution be amended by striking out the words "Ray Way," and substituting in lieu thereof the words "San Jose Avenue." Motion seconded by Supervisor Meyer.

Amendment to Amendment

Thereupon Supervisor Meyer moved, as an amendment to the amendment, that the last two words in the proposed resolution, "Ray Way," be deleted and in lieu thereof there be substituted the word "Rayway." Motion seconded by Supervisor McGowan.

Supervisor McSheehy objected to the amendment to the amendment. The street should be called "San Jose Avenue."

Supervisor Brown also expressed disapproval of the amendment to the amendment.

Amendment to Amendment Approved.

Thereupon the roll was called and the amendment to the amendment was approved by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Ratto, Shannon, Uhl—6.

Noes: Supervisors Brown, McSheehy, Meyer, Roncovieri—4.

Absent: Supervisor Schmidt—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Expressing to Governor Clarence D. Martin and the People of the State of Washington Regret for Collapse of Tacoma Narrows Bridge.

(Series of 1939)

Supervisor Brown presented Resolution No. 1446, as follows:

Whereas, This Board has noted with feelings of deep regret the unfortunate collapse of the great bridge across the Tacoma Narrows; and

Whereas, The falling of this tremendous span, the third largest of its kind in the world, is a severe loss to the well-being of our neighbors to the north, albeit one which they will, in their courageous and progressive fashion, soon replace with an even greater and more valuable structure; and

Whereas, Devout thanks are to be offered to the kind Providence which spared all human life in this catastrophe; now, therefore, be it

Resolved, That this Board of Supervisors, on behalf of the entire citizenry of the City and County of San Francisco, expresses to the Governor, and citizens, and Toll Bridge Authority of the State of Washington its heartfelt sympathy in the loss of their great bridge, and rejoices that no greater damage or loss of life was occasioned; and be it

Further Resolved, That this Board of Supervisors does hereby convey to the people of the State of Washington its sincere well-wishes for even greater prosperity and contentment, if possible, than they now enjoy; and be it

Further Resolved, That the Clerk of this Board be and he is hereby directed to forward copies of this resolution to Honorable Clarence D. Martin, Governor of Washington, and the Toll Bridge Authority of the State of Washington.

In Memoriam—Honorable Key Pittman, United States Senator from Nevada

(Series of 1939)

Supervisor Roncovieri presented Resolution No. 1447, as follows:

Whereas, Almighty God has summoned to his eternal reward the Honorable Key Pittman, United States Senator from Nevada; and

Whereas, The late Senator Pittman, eminent upper house representative of the "Silver State" since 1912, and President pro tempore of the Senate, is widely and affectionately known by the citizens of San Francisco, due to his sterling and successful efforts in behalf of our City in obtaining the Federal grant under the Raker Act, which made possible our great Hetch Hetchy water and power system; and

Whereas, Attesting to the high esteem in which San Franciscans hold the late Senator Pittman, his name is imperishably emblazoned on the bronze plaque which was imbedded in the O'Shaughnessy Dam, important link of the Hetch Hetchy chain, at the time of its dedication; and

Whereas, As chairman of the important Senate Foreign Relations Committee, Senator Pittman was largely instrumental in the congressional revision of the neutrality act to its present "cash-and-carry" form, in addition to lending valuable aid to the establishment of embargoes and to the provision of neutrality protection from conflicts raging the world over; and

Whereas, Senator Pittman epitomized the spirit of all good American citizens in his outspoken advocacy of a firm American policy during the present world strife, of a United States Navy superior to the naval forces of any foreign interest, and by his denunciation of contemporary military and totalitarian regimes in Europe and Asia; and

Whereas, All San Franciscans join the citizens of our neighbor State in deeply mourning the loss of their distinguished and beloved leading citizen; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco learns with deepest sorrow of the passing of the Honorable Key Pittman, and takes this occasion on behalf of the people of San Francisco to express to his bereaved widow and to the people of Nevada its heartfelt sympathy and condolences; and be it

Further Resolved, That when the Board of Supervisors adjourns this day it does so out of respect to the memory of the late Senator Key Pittman; and be it

Further Resolved, That copies of this resolution, suitably engrossed, be forwarded to Mrs. Mimosa Pittman and to the Honorable E. P. Carville, Governor of Nevada.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors Schmidt, Shannon—2.

Appointment of San Francisco Hospitality and Welfare Committee for Service Men

Supervisor Colman presented, at the request of Mr. Wesley McKenzie, representing the Central Council of Civic Clubs:

Whereas, As a result of the National Conscription Act many thousands of young men will receive their military training in the various army and navy posts in the territory adjacent to San Francisco, and

Whereas, In the course of the next few years all of these men, together with those who will pass through en route to overseas points, will at some time be visitors in San Francisco, and

Whereas, The question of wholesome entertainment and recreation for these countless thousands of vigorous young men while visiting San Francisco constitutes a problem of first magnitude, not only to these young men, but to this community as well, and

Whereas, The citizens of San Francisco are eager to extend every possible aid to this problem through their fraternal, religious, veterans' organizations, to the end that the welfare of these young men shall be enhanced, the uniform they wear shall be honored, and to the further end that the mothers and fathers of America be informed that San Francisco is proud and happy to have their sons as guests, and that

insofar as possible their visits here will be both pleasant and profitable, both to them and the citizens of San Francisco, and

Whereas, The Central Council of Civic Clubs, representing forty-nine civic clubs and organizations, has brought the situation to the attention of this Board,

No, Therefore be it Resolved, That it is the desire of this Board that his Honor, the Mayor, shall at once appoint a committee of citizens representative of the various civic, fraternal, religious and veterans' organizations; such committee to be known as the San Francisco Hospitality and Welfare Committee for Service Men, and whose purpose it shall be to sponsor and coordinate the efforts of all organizations, and to collaborate with the military and naval authorities in order that the problems inherent in the situation may be satisfactorily solved, to the benefit of these young men, the credit of San Francisco, and to the honor of the military and naval services represented.

Mr. McLaughlin, in making his presentation, read the following communication, commenting thereon and explaining portions thereof as he proceeded with the reading:

November 18, 1940.

The Honorable Board of Supervisors,
City and County of San Francisco,
City Hall,
San Francisco, California.

Gentlemen:

The purpose of this letter is to respond to the statements made by Mr. Adolph Uhl and Mr. William Hornblower at a meeting of the Board of Supervisors held on Tuesday, November 12, 1940, relative to applications for old age assistance. In order that the reply of the Public Welfare Commission be complete, there is attached to this letter a document consisting of five pages, titled "Report to the Honorable

Board of Supervisors on the Procedure of the Public Welfare Department."

It was only seven months ago that this same subject was called to the attention of the Public Welfare Commission by a letter from Mr. David A. Barry, Clerk of the Board, dated April 10, 1940, requesting that all members of the Board be furnished copies of the reports showing those who have applied for old age assistance, those receiving it, those whose applications were denied and the reasons for such denial. Reply was made by Mr. McLaughlin, then Public Welfare Director, informing the Board that all information requested in Mr. Barry's letter was on file and available in the Controller's office and that an additional copy of all reports would be furnished to the Clerk of the Board for filing and for reference of any members of the Board. Mr. Barry replied the same day modifying the request contained in his letter of April 10, and stating that it was not deemed necessary for each member of the Board to have copies of the reports in his individual custody. Copies of the three letters accompany the report attached to this letter.

Procedure—

The procedure for investigating Old Age Aid, Blind Aid, and Aid to Dependent Children is established by State law and, in order that the City and County of San Francisco may be eligible to federal and state subventions for the categorical aids, which subventions represent approximately 75 per cent of the total cost of such aids, or approximately three and a half million dollars per year, the established procedure must be followed.

The following reports are sent to the Board of Supervisors in connection with applications for, and recipients of, public assistance under the Social Security Act, showing the name, address, amount, and reason where applicable:

(1) New applications
(2) Restorations
(3) Increases
(4) Decreases
(5) Suspansions
(6) Temporary discontinuances
(7) Cancellations
(8) Denials
(9) Other transactions

Section 118 of the Welfare and Institutions Code and the regulations of the Federal Social Security Board prohibit the making public of the list of public assistance recipients and other records relating to individuals receiving public assistance. In spite of the statement of Mr. Hornblower at the meeting of the Board of Supervisors on November 12, the State Department of Social Welfare today confirmed that in no county in the State of California do all applicants for old age assistance appear before the Board of Supervisors.

If aid is denied to an applicant for old age assistance, the applicant has the right of appeal to the State Board of Social Welfare through its local office at 540 Van Ness Avenue. This is the established procedure, established by state law, which is followed throughout the State of California. When an applicant is denied aid, he is always notified of this in writing and is informed in writing that he has the right of appeal to the State Board of Social Welfare.

During the four months of the current fiscal year, July through October, 1940, 1207 applications for Old Age Assistance were submitted by the Public Welfare Department to the Board of Supervisors. Of that number 1009 were accepted and 198 were denied; 83.6% of the total applications were accepted and 16.4% were denied. Of the 198 denials during the four-month period, there is only one appeal which has been filed with the State Department of Social Welfare. As yet there has

been no action on this appeal. There are six more persons whose applications for Old Age Assistance were denied during the four-month period who are contemplating filing appeals with the State Board of Social Welfare and who are, at this time, discussing the matter with the local office of the State Department of Social Welfare.

It appears proper to call the attention of your Honorable Board to the fact that unwarranted statements such as those made by Mr. Uhl and Mr. Hornblower lead the general public to believe that applicants for old age assistance are not being treated fairly by the Public Welfare Department, whereas, as a matter of fact, Messrs. Uhl and Hornblower clearly evidence that they are not at all familiar with the established procedure. They were not even aware that the information which they sought in connection with those who prove to be ineligible for aid is on file in the office of your Board.

Very truly yours,

F. M. McAuliffe, Chairman,
Public Welfare Commission.

Dear Sirs:

At the meeting of the Board of Supervisors on Monday, April 8, 1940, Supervisor McGowan requested that all the members of the Board of Supervisors be furnished copies of the report of the Public Welfare Department, showing those who have applied for old age pensions, those receiving them, the amount received, and those whose applications were denied and the reasons for such denial.

It is desired that these reports be furnished monthly to the members of the Board.

Respectfully yours,

Mr. David A. Barry
Clerk, Board of Supervisors
City Hall
San Francisco, California

Dear Mr. Barry:

Answering your letter of April 10th:

The Public Welfare Department on the last Monday of each month, requests approval of the Board of Supervisors of payrolls covering all recipients of Old Age Assistance in the City and County of San Francisco eligible for such assistance on the first day of the following month. The payrolls passed by the Board of Supervisors on Monday, March 25, 1940, consisted of 349 sheets 12x19, listing the names of 10,458 recipients. With the payrolls, the Board passes upon calendars showing transactions of other nature:

(a) Decreases
(b) Increases
(c) Discontinuances
(d) Aid Denials
(e) Suspensions
(f) Other Transactions.

The Public Welfare Department also submits to the Board of Supervisors for approval on the first Monday of each month the new applications which have been investigated and approved by the Department. The statement of new applications submitted to the Board of Supervisors for approval on Monday, April 1, 1940, consisted of 7 pages 8½x13 inches, containing 209 names.

There is also submitted to the Board of Supervisors for approval on the last Monday of each month a list of discontinuances recommended by the Department, giving the names, case numbers, reasons for cancellation and the amounts cancelled. The statement of discontinuances submitted on March 25, 1940, consisted of 6 pages, containing 126 names.

All of the foregoing calendars, after they have been approved by the Board of Supervisors, are filed in the Controller's office, where they are accessible to members of the Board at all times. The filing in the Controller's office is part of the resolution approving the respective statements. All applications must be approved or denied by the Board of Supervisors, under the present law, within ninety days.

Naturally any substantial volume of clerical work that is added to the Department means the additional expense of clerical workers to prepare it. Attention is also directed to the following extracts from Section 118 of the Welfare and Institutions Code and the regulations of the Federal Security Agency:

> *Section* 118. "All applications and records concerning any individual made or kept by any public officer or agency under any provision of this code which relates to the Department of Social Welfare, or which gives it any authority, shall be confidential, and shall not be open to examination by anyone not in the employ of the office or agency or of the department except upon an order of a court of competent jurisdiction, and except that they may be examined by a peace officer or employee, or by the representative of a private agency devoted to social welfare activities, if it is shown that information is desired for a proper public purpose."
>
> *Policy adopted November* 29, 1938 *by Social Security Board.* "The Social Security Board finds that it is an important element in efficient administration of State public assistance plans that the State public assistance agency have authority to promulgate and enforce regulations concerning the use and protection of lists of public assistance recipients and other records relating to individuals receiving public assistance, to confine the use of such lists and records to purposes directly related to the administration of State and local public assistance programs, and to protect from public disclosure communications of an intimate and personal character made in confidence to the State or local public assistance agencies or any of their employees or representatives."

Miss Eugenie Schenk, our Social Service Director, communicated with Supervisor McGowan by telephone today to ascertain exactly what is desired. It was agreed that an extra set of all the payrolls and calendars referred to on the previous page of this letter should be furnished to the Board of Supervisors and filed in that office so that members of the Board could have ready access to them. This procedure would meet the needs of the members of the Board without violating the intent of Section 118 of the Welfare and Institutions Code.

We are anxious to provide the members of the Board of Supervisors with whatever information they desire. Therefore, beginning with the May calendar we shall forward to your office an extra set of all calendars and payrolls, to be filed in the office of the Board.

Very truly yours,
Frank Y. McLaughlin ss//

Gentlemen:

Pursuant to my letter of April 10, a copy of which is attached, I have been directed by Supervisor McGowan to again communicate with you and to modify the request contained in the letter of April 10, to provide that in lieu of furnishing copies of the report of the Public Welfare Department to each member of the Board, you furnish one copy of such report to the Clerk of the Board for his custody for reference of such members of the Board as may desire to consult the report.

Supervisor McGowan, after reflection, is of the opinion that it would not be prudent for each member to have a copy of such report in his individual custody.

Thanking you for your compliance with this request, I am

Very truly yours,

Report to the Honorable Board of Supervisors on the Procedure of the Public Welfare Department

Historical Review of Relief Activities in San Francisco:

In August, 1934, the Board of Supervisors of the City and County of San Francisco by Ordinance No. 19.07120, placed in the hands of the Citizens' Emergency Relief Committee "the distribution of all funds and moneys . . . for the relief of the dependent poor of the City and County of San Francisco . . ." with the statement that "the Committee shall have administrative powers and shall have full power to administer all relief to be given or afforded from the funds of the City and County of San Francisco . . ."

The Citizens' Emergency Relief Committee was at that time comprised of Mr. F. M. McAuliffe, Chairman, Mr. Guido J. Musto, Mr. J. P. Rettenmayer, Miss Ruth A. Turner, and Mr. Edward D. Vandeleur, with Mrs. Eugene Prince heading the Family Relief Committee. This same group of persons, with the single exception of Mr. J. P. Rettenmayer, has served continuously since that time and now comprises the Public Welfare Commission.

At the time of the creation of Citizens' Emergency Relief Committee, public assistance in the form of old age assistance, aid to needy blind, and aid to dependent children was being administered by the County Welfare Department under the direction of Miss Eugenie Schenk. Miss Schenk is now Social Service Director of the Public Welfare Department in charge of these types of public assistance.

The Public Welfare Commission and the Public Welfare Department were created by Charter Amendment, voted upon and passed by the people in March, 1937, and ratified by the California State Legislature in April, 1937. This Charter Amendment, Charter Amendment No. 4, provides that:

> "The commission shall be a policy-determining and supervisory body and shall have all the powers provided for in Section 19 of the charter." (Subdivision 5, Charter Amendment No. 4)

The Charter Amendment further provides that:

"Said Public Welfare Department shall exercise all of the functions exercised by the County Welfare Department and by the Citizens' Emergency Relief Committee as the same exist at the time this amendment is approved by the Legislature of the State of California and shall perform such other duties and have such other functions as may be authorized by the Board of Supervisors of the City and County of San Francisco or required by the Government of the United States or the State of California or any department or agency thereof." (Subdivision 8, Charter Amendment No. 4)

Procedure Followed in the Investigation of Applications:

In accordance with the actions of the Board of Supervisors and in accordance with Charter Amendment No. 4, the Public Welfare Commission and the Public Welfare Department receive applications for Old Age Assistance, make complete investigations in connection with these applications to determine the eligibility of the applicants in accordance with the laws of the Federal Government and those of the State of California. The law requires that all investigations shall be completed within ninety days after receipt of the application. In connection with those applicants who do not meet the eligibility requirements established by law, at least three persons review the investigation before a recommendation is made; these are the investigator who conducted the investigation, the investigator's supervisor, and the Social Service Director in charge of Old Age Assistance.

When the investigations required by law are completed, the Public Welfare Department requests the approval of the Board of Supervisors of its actions. Accompanying these requests, complete reports of all transactions during the month are sent to the Clerk of the Board of Supervisors for his custody and filing and for reference of such members of the Board as may desire to consult them. C. Second Monday of Month
(1) Other Transactions

Attention is directed to the following extracts from Section 118 of the Welfare and Institutions Code of the State of California and from the regulations of the Federal Social Security Board:

Section 118. "All applications and records concerning any individual made or kept by any public officer or agency under any provision of this code which relates to the Department of Social Welfare, or which gives it any authority, shall be confidential, and shall not be open to examination by anyone not in the employ of the office or agency or of the department except upon an order of a court of competent jurisdiction, and except that they may be examined by a peace officer or employee, or by the representative of a private agency devoted to social welfare activities, if it is shown that information is desired for a proper public purpose."

Policy adopted November 29, 1938, *by Social Security Board.* "The Social Security Board finds that it is an important element in efficient administration of State public assistance plans that the State public assistance agency have authority to promulgate and enforce regulations concerning the use and protection of lists of public assistance recipients and other records relating to individuals receiving public assistance, to confine the use of such lists and records to purposes directly related to the administration of State and local public assistance programs, and to protect from public disclosure communications of an intimate and personal character made in confidence to the State or local public assistance agencies or any of their employees or representatives."

The State Department of Social Welfare today confirmed that in no county of the State of California do all applicants for Old Age Assist-

ance appear before the Board of Supervisors. As in the City and County of San Francisco, where such work is made the function and duty of the Public Welfare Department by Charter Amendment No. 4, all investigations of applicants are made by the county welfare departments, and the indicated action is taken by the county welfare department.

Records of all applications for Old Age Assistance, whether the applicants are accepted for aid or denied aid, are forwarded to the State Department of Social Welfare. Any applicant whose application is denied by the Public Welfare Department has the right of appeal to the State Department of Social Welfare. This is the procedure established by law for appeals. Such appeals can be filed through the local office of the State Department of Social Welfare at 540 Van Ness Avenue. When an applicant is denied aid, he is always notified of this in writing and is informed in writing that he has the right of appeal to the State Board of Social Welfare.

During the four months of the current fiscal year, July through October 1940, 1,207 applications for Old Age Assistance were submitted by the Public Welfare Department to the Board of Supervisors. Of that number, 1,009 were accepted and 198 were denied. 83.6% of the total applications were accepted and 16.4% were denied. Of the 198 denials during the four-month period, there is only one appeal which has been filed with the State Department of Social Welfare. As yet, there has been no action on this appeal. There are six more persons whose applications for Old Age Assistance were denied during the four-month period who are contemplating filing appeals with the State Board of Social Welfare and who are, at this time, discussing the matter with the local office of the State Department of Social Welfare.

It appears proper to call the attention of your Honorable Board to the fact that unwarranted statements such as those made by Mr. Uhl and Mr. Hornblower lead the general public to believe that applicants for old age assistance are not being treated fairly by the Public Welfare Department, whereas, as a matter of fact, Messrs. Uhl and Hornblower clearly evidence that they are not at all familiar with the established procedure. They were not even aware that the information which they sought in connection with those who prove to be ineligible for aid is on file in the office of your Board.

Mr. McLaughlin, in concluding his remarks, questioned the practicability of the Board of Supervisors, through its Public Welfare Committee, and subsequently, the Board itself, constituting itself as a Board of Appeals to hear those applicants whose applications for aid had been denied. If the Board should so sit as a Board of Appeals, it would necessarily have to rely, for its findings, on the case records compiled by the Public Welfare Department, or the Board would be obliged to employ independent investigators.

Supervisor McGowan, in reply to inquiry by the President, who, during the discussion during the previous meeting was absent from the Board, attending a meeting of the Retirement Board, stated that applicants whose request for aid have been denied, receive a communication from the Public Welfare Department, stating that such applications have been denied by the Board of Supervisors. While technically, the statement is true, it is felt that the denials have been in fact made by the Public Welfare Department. Under the law, applicants can appeal to the Board of Supervisors, and applicants should be so informed.

The President, thereupon, stated that each month the Board has received from the Public Welfare Department, statements setting forth the recommendations of that department. These recommendations have received the approval of the Board of Supervisors. Since the Board of Supervisors has had no procession of applicants complaining about their treatment, the Public Welfare Department must have done a good job, and there can be no fault found with the administration of relief by that department.

Supervisor Brown, in further reply to questioning by the President, stated he believed the Parliamentary situation to be that the Board should approve or disapprove the Public Welfare Department's recommendations for discontinuances, denials, etc., for the month of November, and he would so move. Motion seconded by Supervisor Colman.

Mr. William Hornblower, on being granted the privilege of the floor, on motion by Supervisor McGowan, stated that appeal before the Board of Supervisors was not being requested. It was requested, though, the Board had before it the record of the findings of the Public Welfare Department, showing reasons for denials of aid. Applicants whose petitions have been denied should have the opportunity to send a written statement to the Board of Supervisors, requesting an opportunity to appear before the Board before aid is denied or discontinued. Mr. Hornblower also charged that there are more than fifty applicants in Laguna Honda Home, who could receive private care rather than be kept in the Laguna Honda Home, if aid should be granted them.

Mr. Florence McAuliffe, President, Public Welfare Commission, discussed the situation, enlarging on report previously presented by Mr. McLaughlin. As to appeals to the State Social Service Department, the Public Welfare Department, at all times when so requested, aided applicants in perfecting their appeals.

Supervisor McGowan opposed the motion by Supervisor Brown. Supervisor McGowan believed that the Board, each month, should be informed that recommendations by the Public Welfare Department had been filed; that the report should be referred to the Public Welfare Committee; and that applicants whose applications had been denied, or whose aid had been discontinued or reduced, should be advised that they have the right to be heard before the Committee.

Supervisor Colman opposed the suggestion by Supervisor McGowan. Such hearings as proposed could have no good result. The Board would be acting without any knowledge, and political pressure would likely become a determining factor in the decisions arrived at. Such course would be dangerous. At present the matter is being handled in a thoroughly satisfactory way. The Board has done its duty when it has acted on the recommendations by the Public Welfare Department.

Supervisor McSheehy also opposed a change in the present procedure for granting aid, and agreed with statements made by Supervisor Colman.

Supervisor McGowan, in again discussing the motion by Supervisor Brown, announced that he believed the solution to the problem could easily be found. Any applicant, he stated, whose application for assistance had been denied, or whose assistance, once granted, had been discontinued, had the right to appeal to the Board. It would be better, Supervisor McGowan believed, for such applicants to appear before the Public Welfare Committee rather than before the full Board. However, since the Board apparently would refuse to agree with such procedure, he would, whenever his attention had been called to a denial of aid, bring such case to the Board, and under the law the Board could not deny a hearing.

Supervisor Brown, in closing, outlined briefly the arguments presented for proposed change in procedure, and appealed to the Board to approve the recommendations of the Public Welfare Department.

Amendment to Motion

Supervisor McGowan, seconded by Supervisor Mead, moved, as an amendment to the motion, that further consideration of recommendations of the Public Utilities Commission as to discontinuances, denials and other transactions be postponed for one week, and that the Clerk be instructed to advise applicants that they have the right to appear before the Board of Supervisors for hearing in the event that they are not satisfied with the recommendations of the Public Welfare Department.

Motion failed by the following vote:

Ayes: Supervisors McGowan, Mead, Meyer, Uhl—4.

Noes: Supervisors Brown, Colman, McSheehy, Ratto, Roncovieri, Schmidt, Shannon—7.

Adopted

Whereupon, the following resolution, upon motion by Supervisor Brown, was *adopted* by the following vote:

Supplemental Recommendations, Public Welfare Department, for Month of November, 1940

(Series of 1939)

Resolution No. 1462, as follows:

Resolved, That the recommendations of the Public Welfare Department, containing Old Age Security Aid, discontinuances, denials and other transactions, and Half Orphan Aid, other transactions for the month of November, 1940, are hereby approved and the Clerk of the Board of Supervisors is directed to transmit this approval to the Controller.

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—8.

Noes: Supervisors McGowan, Mead, Uhl—3.

Discussion of Specific Cases Requiring Assistance

During the foregoing discussion, Supervisor Uhl announced that he desired to present to the Board some concrete cases. Accordingly he presented the case of a Mr. Schoem, an inmate of Laguna Honda Home, who desired to leave that institution and to receive private care with a Mr. and Mrs. Butler, who had known him for some thirty-five years. Mr. Schoem could be discharged from that institution if he could receive again the old age assistance which had been granted him prior to his admittance there, due to illness.

Mr. McAuliffe explained the case, stating that aid had not been denied Mr. Schoem, but that the investigation of his case had not been concluded. After a case had been discontinued for longer than one year, under the law, complete investigation must be made anew, as though it were a new case.

Thereupon, Supervisor Uhl presented the case of a Mrs. Betty Jacobson, whose husband had deserted her, leaving to her care three young children. Mrs. Jacobson, Supervisor Uhl considered, pursuant to ruling by the State Attorney General, was an unemployable unemployed, and was, therefore, a charge of the Public Welfare Commission. The Public Welfare Commission considered her to be an employable unemployed, and, therefore, a charge of the State Relief Administration.

Mr. McAuliffe, in reply, stated that the case was one for the Juvenile Court, where it is under consideration. The court decision is expected in December. In the meantime, Mrs. Jacobson is receiving aid from the Catholic charities.

Supervisor Uhl, after questioning Mrs. Jacobson, announced that it was true that food commodities were being furnished her, but that her rent was unpaid, and that utilities were turned off, or about to be turned off because of non-payment therefor.

Thereupon, Supervisor McGowan inquired of the City Attorney whether it would be possible or legal for the Board of Supervisors to pass a motion requesting the Public Welfare Commission to place this woman under temporary care until her case had been decided by the Juvenile Court.

Supervisor McGowan moved that the Public Welfare Commission be requested to take in charge the care of Mrs. Jacobson and her family temporarily, until such time as her status can be determined. Motion failed for want of a second.

Mr. McAuliffe, thereupon, repeated his former statement that Mrs. Jacobson was receiving temporary aid from the Catholic charities.

Subsequently during the proceedings, under his name on "Roll Call" Supervisor McGowan moved that it be the sense of the Board that the Public Welfare Commission be requested to take under consideration the case of Mrs. Jacobson, and that that Commission furnish her relief until such time as her status can be determined by investigators.

Motion seconded by Supervisor McSheehy and carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Shannon, Uhl—6.

Noes: Supervisors Brown, Colman, Ratto, Roncovieri, Schmidt—5.

Notices of Denial of Applications for Assistance

During the foregoing discussion, attention was called to notices sent to applicants for assistance, headed "Notice to Applicant of Denial by the Board of Supervisors . . ."

Supervisor Shannon called particular attention to the wording of the notice being sent to such applicants whose petitions for aid had been denied, and suggested that the caption thereon be changed to read: "Notice to Applicant of Denial by Department of Social Welfare, Acting for the Board of Supervisors."

Mr. Hornblower called attention to the fact that no body could be vested with the power of denying aid except the Board of Supervisors.

Whereupon, Mr. McAuliffe suggested that the caption, or heading, might be changed to read: "Notice to Applicant of Denial by Board of Supervisors Acting on Recommendation of the Public Welfare Department."

Further suggestion was offered to the effect that the Notice of Denial of Aid also inform the applicant of the location, in San Francisco of the State Social Welfare Board, to whom an appeal could be made.

Thereupon, on motion by Supervisor Brown, the entire matter was referred to the City Attorney with request that he draft a form more in keeping with the desires of the Board.

No objection and so ordered.

Discussion

Supervisor McSheehy called attention to his absence from the Public Utilities Committee, at which the foregoing Bill had been considered, and requested a week's postponement of consideration by the Board in order that he might have time for further investigation before voting thereon.

Mr. L. V. Newton, representing the Market Street Railway Company, opposed postponement. The application, Mr. Newton stated, was filed with the Board on September 19, 1940, at the request of federal office employees who desired transportation between the Customs House and the San Francisco Bay Bridge Terminal.

Supervisors McGowan, Ratto, Colman and Brown opposed the request for postponement.

Communication from the Manager of Utilities, opposing the operation of buses on First Street and on Fremont Street, between Market Street and the Terminal, was presented and read by the Clerk.

Postponement Refused

Thereupon, the roll was called and Supervisor McSheehy's request for week's postponement was refused by the following vote:

Ayes: Supervisors McSheehy, Meyer, Schmidt, Shannon, Uhl—5.

Noes: Supervisors Brown, Colman, McGowan, Mead, Ratto, Roncovieri—6.

Explanation of Vote

Thereupon, Supervisor Uhl announced that although his sympathy was with what the Market Street Railway Company was doing and he favored many extensions that would be made in the future, he

believed the above proposal should be re-referred to committee. He was particularly apprehensive of the great traffic jam that would result during the peak hours, if this permit should be granted. For that reason, he would vote against the resolution.

Supervisor McSheehy announced his intention to move for reconsideration, should the foregoing Resolution be adopted.

Amendment Proposed

Supervisor Uhl expressed his willingness to vote for a six months' permit for the requested bus operation, and moved that the Resolution under consideration be amended to provide for such six months' operation. Motion failed for want of a second.

Thereupon, the Chair announced that he had voted for week's postponement, because he had wanted to find out how the proposed bus operation would affect the bus service of the Pacific Greyhound lines. The postponement having been refused, he would vote against the Resolution.

Adopted

Thereupon, the Roll was called and the foregoing Resolution was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri—7.

Noes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Notice of Reconsideration

Before the result of the foregoing vote had been announced, Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri—8.

Noes: Supervisors Schmidt, Shannon, Uhl—3.

Request for Shelter at the South Van Ness Avenue-Army Street Terminus of Municipal Bus Line

Father Kenny, of St. Anthony's Church, was, on motion by Supervisor McSheehy, granted the privilege of the floor. Father Kenny, on behalf of the patrons of the South Van Ness Avenue Municipal Bus Line, requested that a covered shelter be provided for the use of patrons of the bus line at the present terminus of that line at South Van Ness Avenue and Army Street.

Whereupon, Supervisor McSheehy moved that the Clerk be instructed to communicate with the Public Utilities Commission, requesting that Commission to give consideration to the construction of a proper shelter for the patrons of the municipal bus line, as requested by Father Kenny.

Supervisor Colman opposed the motion, and suggested that Father Kenny attend the meeting of the Commission, and make his request directly of that Commission.

Supervisor Uhl agreed with Supervisor Colman, that Father Kenny should appear before the Commission. Supervisor Uhl expressed the thought that the proposed action of the Board might prejudice the proposal.

President Shannon informed Father Kenny that the Board had nothing at all to do with the operation of utilities in San Francisco. That is a function of the Public Utilities Commission. However, the motion made by Supervisor McSheehy was in order, but President Shannon believed that the personal appearance of Father Kenny, at the meeting of the Commission, would be more effective than would any action of the Board.

Supervisor Mead expressed the hope that the motion would prevail. He suggested, though, that the Clerk be instructed immediately to send the proposed communication to the Commission so it would be before that Commission at the time of Father Kenny's appearance there.

Supervisor Colman, in explanation of his intended vote, stated that he hoped Father Kenny's endeavors would be successful, but that he must vote against the motion, because the Board of Supervisors was without any jurisdiction in the matter. He would not care to make any recommendation to the Public Utilities Commission.

Motion Carried

Thereupon, the Roll was called and the motion *carried* by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes: Supervisors Brown, Colman—2.

Presentation of First Group Leaving San Francisco for Military Service

Supervisor McGowan announced that as Chairman of the Citizens' "Draftees Preferred Committee" appointed by his Honor, the Mayor, to cooperate with the program outlined by the San Francisco Call-Bulletin, he had arranged to present to the Board the first group of volunteers for military service which was leaving San Francisco for encampment, and he called on Mr. George Gillen, Chairman of the Americanism Committee of the Eagles to present that group to the Board of Supervisors and to the citizens present.

Following the presentation of the men about to leave for camp, Mr. Robinson, representing the Exchange Club, announced that his organization was sponsoring an affair at 8 P. M., at the George Washington High School Auditorium, at 30th Avenue and Anza Street, at which would be given medals to those men leaving San Francisco. Mr. Robinson invited members of the Board, and citizens present, to attend that affair.

Section 1. Sections 144 and 145, Article 3, Chapter V, Part II, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 144. **Psychiatric Division.** The Department of Public Health is hereby authorized and directed to establish and maintain in the San Francisco Hospital a separate and distinct ward or department to be known as the "Psychiatric Division" for the reception, observance, diagnosis, treatment and temporary care of persons suffering from mental illness. The Psychiatric Division herein provided for shall be conducted as an integral part of the San Francisco Hospital and shall be subject to all the rules and regulations thereof.

Section 145. **Conditions Relating to Admittance and Detention Therein.** Admission to the Psychiatric Division shall be limited to the following classes of persons:

(a) Any patient who becomes mentally ill while in any other department of the San Francisco Hospital may be immediately transferred to the Psychiatric Division of the San Francisco Hospital for Emergency Detention upon a petition of mental illness, properly executed by the Superintendent of the San Francisco Hospital or his duly authorized representative. The patient may be kept in the said Psychiatric Division until the petition be presented to the judge assigned from the Superior Court to the Detention Hospital. This period of Emergency Detention is not to exceed forty-eight (48) hours unless a legal holiday intervenes in said period, and then not exceeding seventy-two (72) hours. The provisions of this section shall not be construed as applying to a patient who, by reason of his physical illness, becomes temporarily mentally disturbed and thereby requires temporary care in the Psychiatric Division.

(b) Any person alleged to be suffering from mental disease, an inebriate, drug addict, feeble-minded person, epileptic, and any other incompetent, not insane, may be transferred from the Detention Service to the Psychiatric Division of the San Francisco Hospital for further observation and diagnosis, or for medical or surgical treatment upon the recommendation of the Medical Examiners in Lunacy in and for the City and County of San Francisco and on order of the Judge assigned to the Court presiding at the Detention Hospital.

(c) Any person suspected of being mentally deranged may be transferred from the City Prison or County Jail to the Detention Hospital Service in the Psychiatric Division of the San Francisco Hospital upon an order of any judge of the Superior or Municipal Courts for a period of observation not to exceed twenty (20) days. Said observation will be made by the Medical Examiners in Lunacy in and for the City and County of San Francisco. When further observation, laboratory tests, medical or surgical treatment are indicated, the person may be transferred from the Detention Service to the Psychiatric Division upon the recommendation of the Medical Examiners in Lunacy and upon the order of the judge originally transferring said person to the Detention Hospital.

(d) Any resident of the City and County of San Francisco suffering from mental illness may be admitted as a voluntary patient to the Psychiatric Division of the San Francisco Hospital, after investigation by the Social Service Department, under the rules and regulations of the Department of Public Health. Such patient must be, at the time of making application for admission, in such a state of mind as to render him competent to make such application. Any patient so received and detained shall be deemed a voluntary patient. Such patient shall not be detained in said Psychiatric Division for more than seven (7) days after having given notice in writing to the superintendent or person in charge of his desire to leave, and in no case shall such patient remain for a longer period than twenty (20) days.

(e) Any mentally disturbed person brought into the Psychiatric Division of the San Francisco Hospital by the police, city ambulance, relatives or friends may be accepted for temporary hospitalization on the certification by a senior member of the Resident Staff of the San Francisco Hospital that emergency detention is necessary. A petition properly executed must be presented to the judge assigned from the Superior Court to the Detention Hospital within forty-eight (48) hours, unless a legal holiday intervenes and then not exceeding seventy-two (72) hours. Such petition may be presented by relatives or friends, but where none can be found in the county willing and able to make and present said petition, any peace officer, the Special Investigator of the District Attorney's office, or a senior member of the Resident Staff of the Psychiatric Division of the San Francisco Hospital may present said petition.

(f) The purpose of the establishment of the Psychiatric Division of the San Francisco Hospital is for the reception, observation, diagnosis, treatment and temporary care of persons suffering from mental

Repeal of Section 112, Part III of San Francisco Municipal Code, Imposing License Fee Against Concert Attractions

Supervisor Brown presented the following communication:

October 22, 1940.

Mr. Edward F. Moffatt
225 Market Street
San Francisco, California

Dear Ed:

We have been advised by the City tax office that the San Francisco Opera Association must pay a license fee of $20.00 for each concert. This is to be effective immediately and is the result of City Ordinance,

Section 112 of the San Francisco Municipal Code, which levied a tax of $5.00 to $20.00 against concert attractions. The amount of tax depends upon the capacity, that is, a theatre seating 1,500 is assessed the full $20.00.

There was an old similar ordinance for "Opera in the Civic Auditorium," but it was repealed two or three months ago. It is needless to say that the small margin of profit, if any, on percentage concert attractions does not warrant additional assessments. That, together with our recognized status as a non-profit, civic, and educational organization, should be ample testimony for a repeal of this ordinance.

It is interesting to note that in Section 95 of the Municipal Code, boxing and wrestling exhibitions are assessed only $10.00, and likewise under Section 115, exhibitions, auto shows, etc., are only assessed a $10.00 fee.

I believe that the matter of a repeal should be taken up with Messrs. Roncovieri, Dewey Mead and Warren Shannon of the Finance Committee.

Sincerely,

San Francisco Opera Association.

Referred to the Finance Committee.

Amending Article 18, Chapter 4, Part II of the San Francisco Municipal Code—Theatres, Motion Picture Theatres, Halls and Other Places of Public Assemblage.

Supervisor McGowan presented the following amendment:

Section 650:

(a) It shall be unlawful for the owner, lessee, manager, or other person, firm, company or corporation, having charge of any theatre, motion picture theatre, hall or other place of public assemblage, to permit any person during a performance, exhibition, lecture entertainment or public assemblage therein, to sit or remain standing in any exit, entrance, aisle, passageway, stairway, lobby, foyer, or mezzanine in such theatre, motion picture theatre, hall or other place of public assemblage.

(b) Provided, however, that patrons of any theatre, motion picture theatre, hall or place of public assemblage, awaiting seats for any performance, exhibition, lecture, or entertainment therein, may be permitted to stand in such space as may be set aside in said theatre, motion picture theatre, hall or other place of public assemblage, with the approval of the Division of Fire Prevention and Investigation of the San Francisco Fire Department for the accommodation of said patrons awaiting seats.

Section 651:

(a) A written application shall be made to the Chief of the Division of Fire Prevention and Investigation of the San Francisco Fire Department for standing space to be set aside for patrons while awaiting seats and/or for the location of any vending or dispensing machines or other articles in any passageway, lobby or foyer of any theatre, motion picture theatre, hall or other place of public assemblage. Said permit may be granted by said chief if in his judgment the space so set aside for standing room for patrons and/or the placing of vending or dispensing machines or other articles in any lobby or foyer that might be designated by him would not obstruct the rapid exit of the patrons in the event of fire or panic.

(b) A plan of said lobby or foyer, showing the space set aside for standing room for patrons and/or the location of any vending or dispensing machines or other articles, shall be submitted to said chief at the time of the filing of said application, and said plan shall be placed on file in the office of said chief.

(c) If the permit be granted, a duplicate of said plan together with

the permit shall be installed on the premises in a place designated by said chief. The space set aside in said theatre, motion picture theatre, hall or other place of public assemblage as standing room for patrons awaiting seats shall be separated from the space left clear for exits by a tape, ribbon or other material easily broken or detached, supported by light posts fixed in stationary sockets; the top of said posts shall be not less than three (3) nor more than four (4) feet from the floor.

Section 652:

Nothing in this article shall be construed to permit any person to sit or stand in any aisle or on any stairway, or corridor leading thereto, in the auditorium or gallery of any theatre, motion picture theatre, hall or other place of public assemblage during any performance, exhibition, lecture or entertainment or such given or held therein.

Section 653:

(a) All stage scenery, curtains, draperies, upholsteries, hangings or other readily combustible decorations in any theatre, motion picture theatre, hall or other place of public assemblage shall be of incombustible material, or shall be treated, painted, or dipped in a flameproofing solution or substance approved by the Division of Fire Prevention and Investigation of the San Francisco Fire Department.

(b) Smoking shall be strictly prohibited on the stage, in the dressing-rooms, work-shops, or storage-rooms and in any section or division of the building located to the rear of the proscenium wall of any theatre, motion picture theatre, hall or other place of public assemblage during a theatrical, operatic or motion picture exhibition therein.

Section 654:

Diagram of Theatre on Program. A diagram or plan of each theatre, gallery or floor showing distinctly the exits therefrom, each occupying a space not less than fifteen (15) square inches, shall be printed in black lines in legible manner on the program of the performance when such program is distributed to the audience.

Section 655:

Fireman Detailed in Theatres. The Board of Fire Commissioners may detail one (1) or more experienced members of the Fire Department as they may deem necessary or proper in the interest of the public safety, in any and all buildings or structures used as a theatre, motion picture theatre, hall or other place of public assemblage to be present in such building or structure during the progress of any performance, exhibition, lecture, entertainment or public assemblage therein.

Section 656:

(a) *Notice to Chief of Police.* The owner, lessee, manager or other person, firm, company or corporation having control or management of any theatre, motion picture theatre, hall or other place of public assemblage must notify the Chief of Police at least six (6) hours before the same shall be opened for the purpose of public assemblage therein.

(b) It shall be the duty of members of the Police Department to enforce all the provisions of this article at any and all times, and the members of the Fire Department detailed under the provisions of Section 655 of this article shall immediately report to said members of the Police Department any violation of this article or of any law pertaining to the public safety that may come to their attention.

Section 657:

The owner, lessee, manager, person, firm, company or corporation having charge of any theatre, motion picture theatre, hall or other place of public assemblage, who violates any of the provisions of this article, shall be guilty of a misdemeanor. Such violation shall be punishable by a fine not exceeding $100.00 or by imprisonment in the

County Jail not exceeding one hundred (100) days, or by both such fine and imprisonment.

This ordinance is passed as an emergency measure, and the Board of Supervisors does by the vote by which this ordinance is passed declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows, to-wit: The same is necessary for the preservation of the safety of a large number of persons in the City and County of San Francisco attending theatres and public halls where performances or other public exhibitions are given, and that without said ordinance there is danger to the persons in said theatres as well as to persons entering and leaving same.

Privilege of the Floor

Chief of the Division of Fire Prevention, Mr. Frank Kelly, explained the need of the foregoing Bill and urged its immediate passage as an emergency measure. The Bill, with the exception of a few changes, is the same as that presented by Supervisor Ratto previously, and has his approval, as well as the approval of Fire Chief Brennan.

Thereupon, the Chair announced that inasmuch as the legislation was not in proper form, nor had it the approval of the City Attorney, immediate consideration was impossible, and he would refer same to the Fire, Safety and Police Committee.

Supervisor McGowan presented Resolution No. ....., as follows:

Resolved, That the County Welfare Commission is hereby directed to adopt the following procedure in making its reports of investigations of applications for old age assistance, blind assistance and orphan aid:

Upon completing its investigation of each applicant, the County Welfare Commission shall notify the applicant of it recommendation to the Board of Supervisors with respect to his or her application, and in all cases where aid is recommended to be denied, or less than the maximum amount allowed by law be awarded, or that aid to any recipient be discontinued or the amount of aid be reduced, said notice shall set forth the reasons supporting such recommendation and shall advise the applicant or recipient of the time and place when said report will be presented to the Board of Supervisors for hearing, and of applicant's right to oppose said report by filing a written protest with the Clerk of said Board in advance of the hearing.

The Clerk shall refer all such protests to the Welfare Committee of the Board of Supervisors for hearing. At such hearing the applicant or recipient may appear in person, or through counsel of his own choosing, to show cause, if any he has, why the report of the County Welfare Commission should not be adopted by the Board of Supervisors and acted thereon in accordance with the recommendation of said Commission.

That the County Welfare Commission shall file with its reports, a sufficient number of copies of the same, so that each member of the Board of Supervisors may be furnished with a copy of each report.

Referred to the Public Welfare Committee.

Report on Proceedings at State Convention of County Supervisors' Association

Supervisor MsSheehy presented the following communication:

San Francisco, November 18, 1940.

To the Honorable Board of Supervisors
Gentlemen:

At the State Convention of the County Supervisors' Association of California, held in Oakland, I was elected a member of the Board of Directors.

San Francisco occupies a unique position in reference to the County Supervisors' Association as we are the only city and county in the State and our interest in the Association, which was organized in 1911, amounted to very little on account of our being a city and county. We have no internal differences of the allocation of State funds which has often arisen in the counties which contain incorporated cities; each claiming jurisdiction as to the expenditures of these funds.

Great changes have taken place in the last few years, especially in the way the State Government is absorbing the functions of the City and County Government. I have here an agenda of 31 items which I am going to ask our Clerk send a copy to each member of this Board so you can see some of the contemplated bills that will be presented at the next session of the legislature.

The meeting that I attended last Thursday, in Sacramento, was presided over by Senator Breen of Alameda County and it was a joint conference of the California State and Highway Survey Committee. San Francisco is no longer isolated on account of our being a city and county, and I trust, gentlemen, that you will carefully study the agenda of 31 items. I can assure you that I will attend the meetings of the Board of Directors of the County Supervisors' Association of California and report to you their findings in reference to business that might affect this city.

Respectfully,

J. McSheehy, Supervisor.

Ordered made part of the Record, and filed.

(Series of 1939)

Supervisor Meyer presented Bill No. ....., Ordinance No. ....., as follows:

Granting to Market Street Railway Company the right to discontinue operation of street railway cars and to remove its street railway tracks on Third Street from Channel Street to San Bruno Avenue (a portion of which was formerly Rodeo Avenue), thence along San Bruno Avenue to Bay Shore Boulevard, and thence along Bay Shore Boulevard to the line dividing the County of San Mateo and the City and County of San Francisco, and to operate automobile buses over and upon said streets in lieu of street railway cars.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Mayor's Veto Message Re: Rayway

City and County of San Francisco
Mayor's Office
200 City Hall

November 20, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I am returning herewith disapproved Resolution No. 1439 proposing to change the name of Bernal Avenue to Rayway.

I believe a dangerous precedent will be established if such a change occur.

I have the greatest admiration for the Ray Oil Burner Company located in this section, the firm that would be honored by making such a change. It is a fine institution and is giving a great deal of employment to our citizens. But by the same token, many, many other firms throughout the city are doing likewise and have an equal right to request the changing of street names to their own firm names. I could give many such examples, but doubt if that is necessary.

Bernal Heights and Bernal Avenue are landmarks in San Francisco. They carry with them tradition. They are constant reminders of those who aided with others in building the glorious history of our metropolis.

If confusion arises over the present name of the Avenue, then I do not think it would help the situation to change the name of Bernal Avenue to Rayway.

Those who protested the change at a hearing in my office today point out that there are three other streets in San Francisco with similar names.

For the reasons stated above, I cannot approve the change of Bernal Avenue to Rayway.

Yours sincerely,
ANGELO J. ROSSI, Mayor.

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to wit:

From Fremont and Mission Streets, thence over Fremont Street across Market Street to Front Street, thence along Front Street

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceeding instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all state and municipal rules, laws and regulations relating to the operation of said buses.

(c) Transfers shall be issued to and from said bus line to the bus lines or street cars operated by said Company in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of said Company.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri—7.

Noes: Supervisors McSheehy, Schmidt, Shannon, Uhl—4.

Notice of Reconsideration

Before the result of the foregoing vote had been announced Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri—8.

Noes: Supervisors Schmidt, Shannon, Uhl—3.

Discussion

Supervisor McSheehy outlined at length the reasons prompting him to seek reconsideration of the action of the Board whereby Resolution granting a permit to the Market Street Railway Company to operate buses from Fremont and Mission Streets to Washington and Battery Streets, and return, was adopted. In support of his motion for reconsideration, Supervisor McSheehy read Order of the State Railroad Commission, permitting the establishment of a seven cent fare by the Market Street Railway Company, when transfers were requested, and a five cent fare when no transfers were desired. Supervisor McSheehy also called attention to later orders by the Railroad Commission. The orders by the Railroad Commission were based on the showing that some $32,000,000 of Market Street Railway Company stocks and bonds were outstanding, and that the Company was entitled to reasonable re-

turns upon its investment. No reference to buses appears in the Orders of the Railroad Commission, and there can be no prohibition against the Board stipulating in any bus permits granted, that buses shall be operated on a five cent fare. The Board, also, can stipulate as to the number of buses to be operated on such routes, and the headway to be maintained.

Mr. L. V. Newton, representing the Market Street Railway Company, agreed that the Board could write into bus permits any stipulations it desired, but that his Company, being under the jurisdiction of the Railroad Commission, would abide by the rulings of that Commission. If any proviso for a five cent fare should be written into the proposed permit, there would be nothing left for the Railway Company to do but to withdraw its applications for bus permits.

Supervisor Uhl announced that although at the last meeting of the Board he had opposed the granting of the requested permit, he had since consulted with Mr. Ackerman, of the Greyhound Lines. Mr. Ackerman had assured him that the operation of the proposed buses would not bring about any undue congestion, but would, on the other hand, receive the approval of the Greyhound Lines, and would furnish needed transportation to people coming from Marin County. For those reasons, Supervisor Uhl would favor the granting of the requested bus permit.

Reconsideration Refused

After brief closing arguments by Supervisor McSheehy, during which he again urged the Board to grant reconsideration, the Roll was called and reconsideration refused by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Schmidt—4.

Noes: Supervisors Brown, Colman, Meyer, Ratto, Roncovieri Shannon, Uhl—7.

(Series of 1939)

Bill No. 971, Ordinance No....., as follows:

Discussion

Supervisor McGowan inquired as to the reasons for denying clerks in the office of the Clerk of the Board of Supervisors, whose positions had recently been reclassified, the minimum salaries of their classifications, and announced his intention to vote against all such matters as the foregoing until such time as the clerks of the Board of Supervisors have received their correct compensation.

The Chair, thereupon, pointed out that matters appearing on the Calendar were "on Final Passage," while the action of the Finance Committee was due to the fact that the committee has learned that increases in salaries have been allowed, and new positions have been created, which were denied by the Mayor during his consideration of the budget for the current fiscal year. Temporary positions have been made permanent, although such changes have been denied by the Mayor during budget consideration. Since such procedure is not fair to those employees whose legitimate requests for salary increases or adjustments have been denied for the past three years, the Committee has adopted the policy of not approving any such requests for creation of positions or changing positions from temporary to permanent status, except in cases of real emergencies. As to the Clerks in the Supervisors' office, they were turned down along with everyone else.

Supervisor Roncovieri, Chairman of the Finance Committee, agreed with the statement made Supervisor Shannon. He suggested, also, that the problem of creation of new positions, which might carry increases in salaries, and the change of positions from temporary to permanent status, required very careful study. In connection with that thought he had written to the Civil Service Commission, requesting a list of all positions and employments that have been changed on recommendation of that Commission during the fiscal years 1939-1940, and 1940-1941; also, a list of all changes of positions from a lower to a higher classification, also all changes from temporary to permanent status, showing in each case the salaries both before and after such changes.

The Chair, in reply to questions by Supervisor McSheehy, stated that the case of the clerks in the Supervisors' office, had not yet been denied, but had been referred to the Civil Service Commission for report and recommendation.

Thereupon, Supervisor Uhl suggested that the foregoing discussion had no connection with the matter before the Board, and moved that the Public Welfare Commission be requested to justify the additional employments proposed in the foregoing legislation. He was opposed to adding any new employments.

However, after statement by Supervisor Roncovieri, Supervisor Uhl did not press his motion, but requested temporary postponement of further discussion until Mr. Henderson, of the Civil Service Commission could appear before the Board and show why the proposed new employments could not wait until the next fiscal year.

No objection, and so ordered.

Re-reference to Committee

Subsequently during the Proceedings, at the suggestion of the Chair, Supervisor Uhl, seconded by Supervisor McGowan, moved re-reference to Finance Committee.

Motion carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—8.

Noes: Supervisors Brown, Colman, Ratto—3.

NEW BUSINESS

Adopted

The following recommendations of Finance Committee were taken up:

Present: Supervisors Roncovieri, Shannon.

Approval of Recommendations—Public Welfare Department (Series of 1939)

Resolution No. 1463, as follows:

Resolved, That the recommendations of the Public Welfare Department, containing the names and amounts to be paid as Old Age Security Aid, Blind Pensions and Half Orphan Aid for the month of December, 1940, including amounts, increases, decreases, discontinuances, cancellations and other transactions, are hereby approved.

Amendment Proposed

Supervisor Uhl, seconded by Supervisor McGowan, moved to amend the foregoing Resolution, by deleting therefrom all reference to decreases, discontinuances, cancellations and other transactions, making the Resolution read:

Resolved, That the recommendations of the Public Welfare Department, containing the names and amounts to be paid as Old Age Security Aid, Blind Pensions and Half Orphan Aid, for the month of December, including increases, are hereby approved.

Supervisor Colman opposed the amendment, stating that the question of policy had been discussed at the previous meeting of the Board, and had been settled at that time.

Supervisor McGowan announced that although he had seconded the motion, he realized that any attempt to amend the resolution was somewhat futile. However, he reminded Supervisor Uhl, any member has the right to bring before the Board, any cases for open hearing. For that reason, he would suggest the motion for amendment be withdrawn.

Explanation of Vote

Whereupon, Supervisor Uhl announced that he would not press his motion, but he would vote "No" on the Resolution as presented, not because he was opposed to Old Age pensions, but because of the de-

creases, discontinuances, etc., which he had not had the opportunity to investigate.

Thereupon, the Roll was called and the Resolution, as presented, was adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon—9

No: Supervisor Uhl—1.

Absent: Supervisor Mead—1.

Approved as to form by the City Attorney.

Discussion

Supervisor McSheehy called attention to the Board's Calendar, and announced that the foregoing resolution was not presented to the Board with the unanimous approval of the Public Utilities Committee. He had opposed the resolution in committee, and he desired, in the future, that when a committee recommendation did not receive the unanimous approval of those present, that fact be noted in the Calendar.

Minority Report

Thereupon Supervisor McSheehy presented and read to the Board the following:

Minority Report of Supervisor James B. McSheehy, in Connection with the Recommendation of the Public Utilities Committee, Granting a Permit to the Market Street Railway for the Operation of Automobile Buses from Third Street and Evans Avenue to Hunters Point.

At the meeting of the Public Utilities Committee Wednesday, November 20, 1940, during the consideration of the application of the Market Street Railway Company for a permit to establish and maintain an automobile bus line to serve the Hunters Point District, I moved that the resolution granting such permit should include a provision fixing the fare for such service at five cents where no transfer was requested, or issued, and a further provision designating the headway under which the buses engaged in this service would be required to operate.

Neither of the amendments which I offered were accepted by the Committee and I, therefore, offer as a minority report the following subdivisions, designated (e) and (f), for incorporation in the resolution before you.

(e) The rate of fare for each passenger for any distance on a one-way trip along said bus route shall not exceed the sum of five (5c) cents, except when the passenger requests and receives a transfer.

(f) The headway between which said automobile buses are to be operated over the streets herein described shall be not less than ten (10) minutes between the hours of 7:00 A. M. and 6:00 P. M. o'clock, and not less than twenty (20) minutes between the hours of 6:00 P. M. and midnight.

Respectfully submitted,

JAMES B. McSHEEHY,
Member Public Utilities Committee.

Supervisor McSheehy moved that the foregoing minority report be approved.

Following the presentation of the foregoing communication the Clerk read a communication from Hunters Point Improvement Association, recommending that a minimum headway of twenty minutes be stipulated in the permit.

Mr. John Sharon, representing the Public Utilities Commission, in reply to questions by Supervisor Uhl, informed the Board that because of the Putnam suit it was impossible for the Public Utilities Commission to supply the Hunters Point District with the desired transportation.

Mr. Dion Holm, Assistant City Attorney, in reply to a question by

Supervisor Uhl as to the legal right of the Board to write into a permit for bus operation by the Market Street Railway, reminded the Board that even should a stipulation as to a five-cent bus fare be approved by the Board, the Board would be powerless in the enforcement of such a stipulation. The matter of fares is under the jurisdiction of the Railroad Commission.

Supervisor Brown, in supporting the Committee's recommendation, stated that there is no service to the district at the present time, nor can the Public Utilities Commission give service. The points raised in the minority report were discussed extensively in committee. The Market Street Railway Company will not operate on a five-cent fare, nor will it agree to any limitation in the matter of headway.

Privilege of the Floor

Assemblyman-elect Welch, of the Twenty-second Assembly District, was granted the privilege of the floor, on motion by Supervisor McSheehy. Mr. Welch stated that there was no objection to the granting of the requested permit, but there was objection to the manner of hearing before the Public Utilities Commission. The people in the district desired an amendment to insure a five-cent bus fare, and a definite headway in the bus operation.

Mr. L. V. Newton, in reply to Mr. Welch, asserted that the Market Street Railway Company could not bind itself to any fixed schedule until it knew what the demand for service would be. However, a fifteen minute headway is promised and should the demand for transportation warrant it additional equipment would be put into service on the line. As to a five-cent fare, the company could not accept. It would be a violation of the schedule of the Railroad Commission and it would be discrimination against other districts of the city.

Mr. Holm, in reply to a question by Supervisor Schmidt, announced that the city would have the right to rent a bus for the purpose of giving transportation, so long as it was done on a day to day rental basis; the city could not go into a sales contract and have rentals apply on the purchase of a bus.

Supervisor Colman stated that it was entirely a question of transportation, and asked Mr. Welch if the people in the district desired Market Street Railway buses or no transportation at all.

In reply thereto Mr. Welch stated that of course the people wanted transportation, and would accept the Market Street Railway buses, but they did not want that company to be granted a perpetual franchise.

Mrs. Giampaoli, speaking for people in the district, requested that stipulation as to headway be included in the permit to be granted. However, as to the five-cent fare, without transfer, the people would not be greatly benefited, since practically all the residents in the district would desire transfers from the bus line.

Mr. Joseph O'Gara, representing Hunters Point Merchants and Property Owners Association, opposed the minority report and requested that the Board approve the Committee recommendation without further delay.

Mr. William J. Varley, supported the minority report. Commenting on other phases of the transportation problem, he held that if it is legal to rent buses on the Howard Street line, it would be legal to rent buses for use in Hunters Point District. Although these permits which are being granted by the Board to the Market Street Railway Company are only temporary, and can be revoked at the will of the Board, the fact is that none have ever been revoked, nor would they be. Mr. Varley suggested also that the Board grant no more bus permits until the Putnam suit is settled. If such a policy should be adopted he believed litigation against the City and County of San Francisco would cease.

Supervisor McGowan, referring to statement made by Mr. Welch, agreed that the people of Hunters Point District had not been granted a proper hearing by the Public Utilities Commission, and he moved,

as an amendment to Supervisor McSheehy's minority report, that the Board postpone further consideration until Monday, December 2, 1940, at 3:00 P. M., and that the Manager of Utilities and the Public Utilities Commission be directed to be present at that time. Motion seconded by Supervisor Schmidt.

Supervisor Colman opposed the amendment, and he attributed to the Public Utilities Commission's management the splendid condition of the Municipal Railway. Before the management of the Municipal Railway was placed in the hands of that Commission the railway system cost the people some $350,000 annually in the tax rate. Moreover, the Board cannot compel the Public Utilities Commission's attendance at a meeting of the Board, nor would he request such attendance. He was opposed to the motion.

Supervisor McSheehy read from Section 21 of the Charter, and asserted that the Board did have the right to compel the attendance of that, or any other commission at the Board meeting, whenever it was deemed necessary.

Supervisor Mead opposed the amendment, holding that it would merely delay providing transportation for Hunters Point District. He suggested also that Supervisor McSheehy delete from his minority report any reference to a five-cent fare. If that is done he would support the minority report. As to the proposed Special Order of Business, if the Public Utilities Commission and the Manager of Utilities should not be present, another week's delay would ensue for the serving of subpoena compelling their presence. To that delay he was opposed.

Supervisor McGowan, in reply thereto, stated that he did not believe the Commission or the Manager of Utilities would ignore such a request from the Board or that any subpoena would be required. However, if such should be the case it would be well for the Board to know it. He believed an invitation for their appearance would be sufficient.

Supervisor Mead thereupon announced that he had just learned that the people of the district had appeared before the Public Utilities Commission, but had not received the courtesy or the consideration to which they were entitled. For that reason he would support Supervisor McGowan's amendment.

Amendment Failed

Thereupon the roll was called and Supervisor McGowan's amendment to the minority report, that further consideration be postponed until Monday, December 2, 1940, at 3:00 P. M., and that the Manager of Utilities and the Public Utilities Commission be directed to be present at that time, failed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Schmidt—4.

Noes: Supervisors Brown, Colman, Meyer, Ratto, Roncovieri, Uhl—6.

Absent: Supervisor Shannon—1.

Approval of Minority Report Refused

Whereupon the roll was again called and motion to approve the minority report failed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Schmidt—4.

Noes: Supervisors Brown, Colman, Meyer, Ratto, Roncovieri, Uhl—6.

Absent: Supervisor Shannon—1.

Explanation of Vote

Supervisor Uhl, in explanation of his vote, announced that if the Market Street Railway Company could operate on a five-cent fare it would do so. The company has agreed to a fifteen-minute headway for its buses, although Supervisor McSheehy had requested but a twenty-minute headway. Therefore, since it is by this method only that the people of the district can obtain transportation, he would vote to grant the requested bus permit.

Supervisor McSheehy, in reply to Supervisor Uhl, stated that his minority report called for a required headway of ten minutes between the hours of 7:00 A. M. and 6:00 P. M., and for a twenty-minute headway thereafter until midnight.

Adopted

Thereupon the roll was called and the resolution as presented, was *adopted* by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McGowan, McSheehy, Schmidt—3.

Absent: Supervisor Shannon—1.

Motion for Reconsideration

Before the result of the foregoing vote had been announced Supervisor McSheehy changed his vote from "No" to "Aye," and moved for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—8.

Noes: Supervisors McGowan, Schmidt—2.

Absent: Supervisor Shannon—1.

Suspension of Rules for Purpose of Immediate Reconsideration

Supervisor Brown, after announcing that he did not believe members of the Board desired to hold up transportation in the Hunters Point District for another week, moved suspension of the rules for the purpose of immediate reconsideration.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McGowan, McSheehy, Schmidt—3.

Absent: Supervisor Shannon—1.

Health Committee, Together with City Attorney and Department of Public Health to Make Study and Report on Fraudulent Practices in Connection with Pickled Meat Processes.

(Series of 1939)

Supervisor McGowan presented Resolution No. ....., as follows:

Whereas, In recent years there has sprung up in San Francisco, as well as in other cities, a practice in the processing of meats such as corned beef and other pickled meat products, whereby through the injection of salt water by means of a hypodermic syringe and pressure pump, the meat is not only cured but its weight, through the addition of the brine solution, is vastly increased up to and including the time of sale, only to shrink and diminish when in the process of cooking, the solution exudes from the meat, and

Whereas, This practice constitutes a fraud upon the purchasers of such meat, which when cooked, often diminishes up to one-third of that which the product weighed when purchased, thereby causing a loss to the buyer of one-third of the purchase price, and

Whereas, This practice is inimical to the rights and welfare of the meat consuming public in San Francisco; now, therefore, be it

Resolved, That the Health Committee of this Board, together with the City Attorney and the Department of Public Health be and they are hereby authorized and requested to make a study of this matter,

and to prepare and submit to this Board such legislation as will effectively eliminate the condition complained of.

Supervisor McSheehy presented Resolution No. ....., as follows:

Whereas, The permits for automobile bus lines which have been granted to the Market Street Railway Company contain varying provisions with respect to headway, removal of tracks and other important matters, and

Whereas, It is entirely possible, with the reduced cost necessary to operate one-man buses, that a reduction to a five cent fare might be had, particularly where no transfer is issued; now, therefore, be it

Resolved, That the Judiciary Committee of this Board of Supervisors be and is hereby requested to make a study of the foregoing matter; to hear all the interested parties and to make its report and recommendation thereon to this Board as soon as possible.

City Engineer Requested to Make Study of Underpasses at Sixth and Market and Tenth and Market Streets
(Series of 1939)

Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, Traffic congestion is a serious problem in San Francisco, and

Whereas, It is desirable that at the earliest possible moment, means should be taken to relieve existing traffic congestion, and

Whereas, The underpass does relieve congestion as evidenced by the underpass at the Embarcadero, and

Whereas, Traffic congestion on Sixth Street and on Tenth Street can be greatly relieved by the construction of an underpass at Sixth and Market and Tenth and Market, respectively; now, therefore, be it

Resolved, That the City Engineer be and he is hereby requested to make a study of this matter and advise this Board what benefits will be and the approximate cost for an underpass at Market and Sixth Streets and an underpass at Market and Tenth Streets.

Referred to Streets Committee.

Consideration of Traffic Problem

During the proceedings, Lieutenant Franklyn Kreml, Director of Safety Division of the International Association of Chiefs of Police, was, on motion by Supervisor McGowan, granted the privilege of the floor. Lieutenant Kreml addressed the Board at length on the subject of traffic control in San Francisco. Sergeant T. J. Loveless, aid to Lieutenant Kreml, also spoke briefly on the same subject. As a result of the work in San Francisco, fatalities due to traffic accidents have been reduced about twenty per cent. Other cities, though, have enjoyed a forty per cent reduction in fatalities. The main reason for the poorer results in San Francisco seems to be a weakness in the enforcement program, and without enforcement there can be no effective traffic control. In closing Lieutenant Kreml urged the Board to consider the establishment of a system for handling all traffic tags and citations that would insure the regular disposal of all cases. The problem of traffic enforcement will be greatly aided when the citizens realize that all cases are handled equitably.

Lieutenant Kreml, in closing recomended, in addition to an ordinance which would, at a subsequent date be presented to the Board, the creation of a traffic court with a judge assigned thereto for a term of two years; the assignment of an Assistant District Attorney to such court; the removal of all authority from the Traffic Fines Bureau to reduce or cancel any tags; adequate housing for all the various traffic enforcement functions.

Thereupon, Supervisor McGowan thanked Lieutenant Kreml for his presentation, and announced that he would confer with the Chief of Police, with the view of having legislation prepared for presentation to the Board at its next meeting.

Expression of Appreciation from Mr. W. D. Hadeler for Reappointment as Director of Golden Gate Bridge and Highway District

During the proceedings, Mr. W. D. Hadeler, recently re-appointed to position of Director of the Golden Gate Bridge and Highway District, expressed his appreciation of his reappointment by the Board to that position.

Supervisor Colman repeated his statement, made at the previous meeting of the Board, that he had formerly voted against the appointment of Mr. Hadeler because of his friendship for the former holder of that position. However, because of the accounts he had heard of Mr. Hadeler's conduct in office during the past four years, it was a pleasure for him to vote for Mr. Hadeler on last Monday, November 18, 1940.

Payment of Overtime Wages for Per Diem Employments

Supervisor Colman, under his name on Roll Call, suggested the Finance Committee prepare and recommend to the Board legislation to enable payment of accrued overtime salaries due to certain employees of the City and County of San Francisco, about which there

is no controversy. The case of other employments, about which there is controversy, can be considered further at a later date.

In reply thereto, Supervisor Roncovieri informed Supervisor Colman and the Board that such proposal was being prepared and wouldy probably be before Committee for consideration at its next meeting.

Protest Against License for Derby Show at National Hall

SPECIAL ORDER—3:00 P. M.

Mayor's Veto Message Re: Rayway

City and County of San Francisco

Mayor's Office
200 City Hall

November 20, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I am returning herewith disapproved Resolution No. 1439 proposing to change the name of Bernal Avenue to Rayway.

I believe a dangerous precedent will be established if such a change occur.

I have the greatest admiration for the Ray Oil Burner Company located in this section, the firm that would be honored by making such a change. It is a fine institution and is giving a great deal of employment to our citizens. But by the same token, many, many other firms throughout the city are doing likewise and have an equal right to request the changing of street names to their own firm names. I could give many such examples, but doubt if that is necessary.

Bernal Heights and Bernal Avenue are landmarks in San Francisco. They carry with them tradition. They are constant reminders of those who aided with others in building the glorious history of our metropolis.

If confusion arises over the present name of the Avenue, then I do not think it would help the situation to change the name of Bernal Avenue to Rayway.

Those who protested the change at a hearing in my office today point out that there are three other streets in San Francisco with similar names.

For the reasons stated above, I cannot approve the change of Bernal Avenue to Rayway.

Yours sincerely,
ANGELO J. ROSSI, Mayor.

Changing Name of Bernal Avenue to Rayway
(Series of 1939)

Resolution No. 1439, as follows:

Resolved, That the name of Bernal Avenue be and is hereby changed to Rayway.

Adopted by the Board of Supervisors, San Francisco, November 12, 1940.

Ayes: Supervisors Brown, Colman, McGowan, Mead, Ratto, Shannon, Uhl—7.

Noes: Supervisors McSheehy, Meyer, Roncovieri—3.

Absent: Supervisor Schmidt—1.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk,
By John R. McGrath,
Chief Asst. Clerk,

ANGELO J. ROSSI, Mayor.

Disapproved, San Francisco, November 20, 1940.

November 25, 1940—*Consideration continued until December* 2, 1940—*Special Order at* 3:00 *P. M.*

Privilege of the Floor

Mr. Sidney Franklin, representing the Department of Public Works, informed the Board that permits had been granted for construction of buildings along Bernal Avenue, and that, in his opinion, confusion would result in the numbering of those buildings should the Mayor's veto be not sustained. However, he would recommend that the name of Bernal Avenue be changed to San Jose Avenue, since it was, in reality a part of San Jose Avenue, and was so considered by the State.

Mr. Carroll Newburgh, Vice-President, Central Council of Civic Clubs; Mr. J. Mahoney, of Upper Noe Valley Improvement Club; Mr. John Wright, from Alameda; Mr. Alfred J. Ennis, of the Cabrillo Memorial Society; Mrs. Annie Scanlon, of the Women's Civic Center; Mrs. Anna Lindsley of the Fairmount District Improvement Club; Dr. A. T. Leonard, California Historical Society; Mrs. Rose Walker, Longfellow-Mount Vernon Improvement Club, and Southern Council of Civic Clubs; Mrs. James J. Donnelly, of Daughters of California Pioneers; Mr. Ben Sexton of North Beach Promotion Association; and Mr. Russel A. Powell, Chairman of Board of Directors of Central Council of Civic Clubs; all urged that the Mayor's veto be sustained.

Mr. Jack Wiley and Mr. Nelson Hayward spoke in favor of the change of name of Bernal Avenue to Rayway, and requested that the Mayor's veto be not sustained.

In Hands of the Board

Thereupon, on motion by Supervisor Colman, seconded by Supervisor Mead, the matter was taken into the hands of the Board.

Supervisors McSheehy and Uhl opposed the change of name of Bernal Avenue to Rayway, and expressed their intention to vote to sustain the Mayor's veto.

Supervisor Colman repeated his views previously expressed and announced that he would vote to override the veto.

Veto Sustained

Thereupon, the roll was called on the question: "Shall the resolution stand adopted notwithstanding the veto of the Mayor?" and the Mayor's veto was sustained by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Ratto, Shannon—5.

Noes: Supervisors McGowan, McSheehy, Meyer, Roncovieri, Schmidt, Uhl—6.

Reconsideration

The following recommendation of the Public Utilities Committee, adopted on November 25, 1940, was on notice by Supervisor McSheehy, that he would move for reconsideration, again taken up:

Supervisor McSheehy dissenting.

Present: Supervisors Meyer, McSheehy, Brown.

Granting Permit to Market Street Railway to Operate Buses from Third Street and Evans Avenue to Alvord Street and Hunter's Point Boulevard and Return.

(Series of 1939)

Resolution No. 1486, as follows:

Granting permit to Market Street Railway to operate buses from Third Street and Evans Avenue to Alvord Street and Hunter's Point Boulevard and return.

Resolved, That the Market Street Railway Company, a corporation, be and it is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

> Commencing at the intersection of Third Street and Evans Avenue; thence along Evans Avenue to Hunter's Point Boulevard; thence along Hunter's Point Boulevard to Hawes Street; thence along Hawes Street to Innes Avenue; thence along Innes Avenue to Donahue Street; thence along Donahue Street to Galvez Avenue; thence along Galvez Avenue to Hunter's Point Boulevard; thence along Hunter's Point Boulevard to the intersection of Alvord Street and Hunter's Point Boulevard; and returning by the same route to Evans Avenue and Newhall Street; thence along Newhall Street to Fairfax Avenue; thence along Fairfax Avenue to Third Street; thence along Third Street to Evans Avenue.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Market Street Railway Company shall be deemed to be an assent to all of said terms and conditions, and for the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Market Street Railway Company to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine, and the said permit or any of the privileges thereby granted, or exercised thereunder, shall not, in any proceeding instituted by the City of San Francisco to acquire the system of said Market Street Railway Company, be deemed an asset or thing of value to said system.

(b) That said buses will at all times be operated by skilled operators, and in the operation of the same the said Market Street Railway Company will comply with all state and municipal rules, laws and regulations relating to the operation of said buses.

(c) Transfers shall be issued to and from said bus line to the bus lines or street cars operated by said Company in accordance with its rules and regulations and to the same effect and in the same manner as transfers are now issued to and from the street railway cars of said Company.

(d) That the permit herein granted shall not be assigned or transferred without consent of the Board of Supervisors.

Approved as to form by the City Attorney.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McGowan, McSheehy, Schmidt—3.

Absent: Supervisor Shannon.

Before the result of the foregoing vote had been announced Supervisor McSheehy changed his vote from "No" to "Aye" and gave notice that he would move for reconsideration at the next meeting of the Board.

The vote then stood:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—8.

Noes: Supervisors McGowan, Schmidt—2.

Absent: Supervisor Shannon.

Question: *Shall the action of the Board whereby the foregoing Resolution was adopted, be reconsidered?*

Observance of Rules and Limitations of Debate

Supervisor Uhl, after declaring that the matter of granting bus permits to the Market Street Railway to operate buses in the Hunters Point District had been most thoroughly discussed at the previous meeting of the Board, moved that the rules of the Board be observed with respect to the time limit of ten minutes for anyone wishing to discuss the question. Motion seconded by Supervisor Ratto.

Chair declared motion out of order, but declared motion for reconsideration would require a second before it could be entertained.

Motion for Reconsideration

Thereupon, Supervisor McSheehy, seconded by Supervisor McGowan, moved that the action of the Board whereby the foregoing Resolution was adopted, be reconsidered.

Supervisor McSheehy, in support of his motion for reconsideration, repeated briefly arguments presented at the previous meeting of the Board, pointing out that the orders of the Railroad Commission, permitting the Market Street Railway Company to charge a five cent fare, contained no reference to buses. Since the cost of a bus is but a small fraction of the cost of a street car, a five cent fare would be ample, and if reconsideration should be allowed, he would present an amendment to the Resolution, stipulating that the bus fare should be only five cents. He would further demand that headway for buses be set forth in the permit to be granted.

Mr. Sharon, representing the Public Utilities, in reply to questioning by Supervisor Schmidt, informed the Board that due to the Putnam suit, the Utilities Commission could not make any capital investment for the Municipal Railway, and could not, therefore, establish a bus line to serve Hunters Point District, no matter how advisable such route would be.

Supervisor McSheehy in closing, following statement by the City Attorney that the Putnam suit might be settled in about six months, again urged the Board to allow reconsideration. Should reconsideration be allowed, the Board could stipulate a five cent fare, as well as a proper headway between buses. The Market Street Railway has received about seventeen bus permits, covering 142 miles of street, and although he had endeavored to have certain stipulations made therein, not once have amendments been approved.

Reconsideration Denied

Thereupon, the roll was called and reconsideration was denied by the following vote:

Ayes: Supervisors McGowan, McSheehy, Schmidt—3.

Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Being part of 50 Vara Lot No. 129 in Block No. 115.

And Whereas, Such lien is subordinate to the lien or charge upon said real property of a mortgage given to secure the payment of $51,000.00, which said mortgage was dated January 17, 1936, and was recorded on January 25, 1936, in the office of said Recorder of said City and County of San Francisco, in Book 2902 of Official Records, at page 155; and

Whereas, It is necessary at this time for the obligation secured by such mortgage to be renewed; and

Whereas, Such obligation cannot be renewed unless the lien created by the filing of the abstract of judgment is subordinated to the lien or charge upon the real property of a mortgage or deed of trust to be given as security for such renewal; and

Whereas, The City Attorney for said City and County of San Francisco has in writing stated that it is to the advantage and for the benefit of said City and County of San Francisco, that said judgment lien be subordinated to the mortgage or deed of trust to be given as security for the renewal of said obligation; and has recommended that such subordination be accomplished through means of an agreement duly authorized and executed by said City and County of San Francisco;

Section 2. Now, Therefore, The Mayor and the Clerk of the Board of the Board of Supervisors of said City and County of San Francisco, be, and they are hereby instructed to execute on behalf of said City and County of San Francisco, an agreement subordinating the lien created by the filing of the aforesaid abstract of judgment to the lien or charge upon the said real property of any mortgage or deed of trust given as security for the renewal of the said obligation, the payment of which is now secured by the aforesaid mortgage, and to deliver said agreement to Title Insurance and Guaranty Company, to be recorded so that said Abstract of Judgment above mentioned will continue to be a valid lien against said property, second only to the lien of said mortgage or deed of trust to be given for the renewal of said existing mortgage obligation.

Final Passage

The following recommendation of the Health Committee heretofore Passed for Second Reading, was taken up:

Creating Psychiatric Division in the San Francisco Hospital and Providing for and Regulating Admission Thereto (Series of 1939)

Bill No. 985, Ordinance No. ....., as follows:

Amending San Francisco Municipal Code, Sections 144 and 145, Article 3, Chapter V, Part II, relative to the Psychopathic Ward in the San Francisco Hospital.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 144 and 145, Article 3, Chapter V, Part II, of the San Francisco Municipal Code, are hereby amended to read as follows:

Section 144. **Psychiatric Division.** The Department of Public Health is hereby authorized and directed to establish and maintain in the San Francisco Hospital a separate and distinct ward or department to be known as the "Psychiatric Division" for the reception, observance, diagnosis, treatment and temporary care of persons suffering from mental illness. The Psychiatric Division herein provided for shall be conducted as an integral part of the San Francisco Hospital and shall be subject to all the rules and regulations thereof.

Section 145. **Conditions Relating to Admittance and Detention Therein.** Admission to the Psychiatric Division shall be limited to the following classes of persons:

(a) Any patient who becomes mentally ill while in any other department of the San Francisco Hospital may be immediately transferred to the Psychiatric Division of the San Francisco Hospital for Emergency Detention upon a petition of mental illness, properly executed by the Superintendent of the San Francisco Hospital or his duly authorized representative. The patient may be kept in the said Psychiatric Division until the petition be presented to the judge assigned from the Superior Court to the Detention Hospital. This period of Emergency Detention is not to exceed forty-eight (48) hours unless a legal holiday intervenes in said period, and then not exceeding seventy-two (72) hours. The provisions of this section shall not be construed as applying to a patient who, by reason of his physical illness, becomes temporarily mentally disturbed and thereby requires temporary care in the Psychiatric Division.

(b) Any person alleged to be suffering from mental disease, an

inebriate, drug addict, feeble-minded person, epileptic, and any other incompetent, not insane, may be transferred from the Detention Service to the Psychiatric Division of the San Francisco Hospital for further observation and diagnosis, or for medical or surgical treatment upon the recommendation of the Medical Examiners in Lunacy in and for the City and County of San Francisco and on order of the Judge assigned to the Court presiding at the Detention Hospital.

(c) Any person suspected of being mentally deranged may be transferred from the City Prison or County Jail to the Detention Hospital Service in the Psychiatric Division of the San Francisco Hospital upon an order of any judge of the Superior or Municipal Courts for a period of observation not to exceed twenty (20) days. Said observation will be made by the Medical Examiners in Lunacy in and for the City and County of San Francisco. When further observation, laboratory tests, medical or surgical treatment are indicated, the person may be transferred from the Detention Service to the Psychiatric Division upon the recommendation of the Medical Examiners in Lunacy and upon the order of the judge originally transferring said person to the Detention Hospital.

(d) Any resident of the City and County of San Francisco suffering from mental illness may be admitted as a voluntary patient to the Psychiatric Division of the San Francisco Hospital, after investigation by the Social Service Department, under the rules and regulations of the Department of Public Health. Such patient must be, at the time of making application for admission, in such a state of mind as to render him competent to make such application. Any patient so received and detained shall be deemed a voluntary patient. Such patient shall not be detained in said Psychiatric Division for more than seven (7) days after having given notice in writing to the superintendent or person in charge of his desire to leave, and in no case shall such patient remain for a longer period than twenty (20) days.

Whereas, Section 591 of the Vehicle Code of the State of California provides for the issuance and attaching of such notice or citation for violations of traffic regulations by standing or parked motor vehicles, and

Whereas, Certain of such violators are cited to appear before the magistrate in the Traffic Court at the Hall of Justice, and

(b) The time specified in said notice to appear must be at least five days after such appearance at the Traffic Fines Bureau unless an earlier hearing is agreed to by the person so notified.

(c) The place specified in said notice to appear shall be the courtroom of the Municipal Judge assigned to hear such matters.

The City shall also have the right to occupy the easterly portion of said Avenue for the use and maintenance of the existing Fire House and drying rack until such time as a new location is established and occupied.

It is hereby understood that after the closing of said portion of Appleton Avenue, the land so closed shall not be used or be permitted to be used for the erection of any structure, nor for the planting of trees or shrubs, nor for any other purpose which will damage or interfere with the proper use, function, maintenance, or repair of any such sewer, water, telephone, electric, or gas line, or appurtenance.

Committee of the Whole

On motion by Supervisor McSheehy, seconded by Supervisor Colman, the Board resolved itself into a Committee of the Whole, Supervisor Mead presiding.

Privilege of the Floor

Mr. William O'Brien, Attorney for the Housing Authority, and Mr. Bangs, Technical Advisor of the Housing Authority, explained the reasons for the requested closing of a portion of Appleton Avenue. Mr. A. Watchman, member of the Housing Authority, supported the request for the proposed closing.

Mr. Jack Silvey, President of Bernal Progressive Club, Inc.; Mr. Ben Sexton of the North Beach Promotion Association; and Mrs. Anna Lindsley, President of Fairmount Improvement Association opposed the proposed closing.

In Hands of the Board

All citizens present and desiring to be heard having been granted the privilege of the floor, the matter was, on motion by Supervisor McSheehy, taken into the hands of the Board.

Supervisor Ratto expressed his opposition to the proposed closing, stating that in his opinion, the proposed closing of Appleton Avenue and the resulting parking facilities afforded to the residents of Holly Court would be discrimination against other car owners who are obliged to rent garage space to house their cars. Although the closing might provide recreation space for children residing in Holly Court, the Park Commission is planning to make improvements in Holly Park. Those improvements would provide ample recreational facilities for the people in the district. Although Appleton Avenue is at present closed to traffic because of the obstruction of the fire house, a new fire house would shortly be constructed, and that obstruction would be removed.

Consideration Continued

Thereupon, Supervisor McSheehy, seconded by Supervisor Brown, moved that further consideration be postponed until Monday, December 16, 1940, at 3:00 P. M.

No objection, and so ordered.

Referred to Joint Judiciary, Finance and Streets Committee
Urging a New Formula for Distribution of Gas Tax Funds and Opposing the Southern California Proposal Therefor
(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Attorney General of the State of California has released with title two identical initiatives, sponsored by the Southern Counties Development Association, one for submission to the voters, the other to the Legislature, proposing:

> That distribution between Primary and Secondary State Highways, as a basis for the expenditure of gas tax funds, be eliminated;
>
> That the State be divided into Southern and Northern areas and that the State's share of gas tax funds be divided in proportion to the number of cars registered in the Northern and Southern counties; and

Whereas, If these proposals were enacted into laws, State Highways in Southern counties would receive the "lion's share" of gas tax funds, at the expense and to the detriment of State Highways in the Northern counties, and

Whereas, By virtue of the greater per-mile cost of construction in the North due to heavier terrain, more funds should be allocated to

the North, instead of the present approximate fifty-fifty division, particularly since thousands of Southern California motorists use State highways in the north, besides the fact that many out-of-state tourists enter California via Northern routes and eventually reach Southern California; now, therefore

Be it Resolved, That the Board of Supervisors in and for the City and County of San Francisco does hereby express its active opposition to the proposals sponsored by the Southern Counties Development Association, and be it

Further Resolved, That said Board of Supervisors urges re-division of the gas tax funds under a new formula which would recognize the factor of greater per-mile construction in the North; and be it

Further Resolved, That we urge and authorize our State Legislature and our City and County Legislative Committee, also our Redwood Empire Association and other civic organizations in San Francisco, to initiate and conduct campaigns intended to defeat the Southern California proposals and bring about a re-division of the gas tax under a new formula recognizing the greater per-mile costs in the Northern counties.

Supervisor McSheehy moved that the foregoing matter be referred to Joint Judiciary, Finance and Streets Committee for consideration, and that report outlining the entire problem be presented to the Board. Motion seconded by Supervisor Colman.

Supervisor Roncovieri suggested that copies of proposed Bills be obtained at once and referred to the Controller for study and analysis. Suggestion accepted by Supervisors McSheehy and Colman, and incorporated in the motion.

Whereupon, the roll was called and the motion, including suggestion by Supervisor Roncovieri, was carried by the following vote:

Ayes: Supervisors, Brown, Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri, Uhl—8.

No: Supervisor Ratto—1.

Absent: Supervisors Schmidt, Shannon—2.

Consideration Postponed

The following recommendation of the Fire, Safety and Police Committee was then taken up:

Present: Supervisors McGowan, Ratto, Uhl.

Commending Dr. Heil for Art Exhibit at De Young Memorial Museum

Supervisor Colman announced that on Thursday evening, December 5, 1940, he had visited an art exhibit at the De Young Memorial Museum. Appreciation for Result of Mayor's Efforts in Securing Secretary of the Interior's Approval of Plan E, re Lease of Pacific Gas and Electric Facilities for Hetch Hetchy Power Distribution

Supervisor Colman expressed gratification at the fact that the Mayor has been able to bring about a settlement of the Hetch Hetchy matter, permitting the city to receive approximately the same amount of revenue that it has been receiving from sale of power. Supervisor Colman desired to express publicly his gratification not only of the result of the work done by the Mayor at his latest visit to Washington, but for his endeavors at previous visits. However, Supervisor Colman stated, it was his belief that the Raker should be amended so that any ambiguity that exists might be straightened out, and he believed that the united effort of San Francisco's citizens and representatives should be with that end in view. He would later on bring in legislation on the matter.

Supervisor Meyer, commenting on the same matter, suggested that the Public Utilities Commission, also, should be commended for the formulating of Plan E.

Discussion

Supervisor Mead, in presenting the foregoing Bill, explained that while the Bill came from the Finance Committee, it was being presented without recommendation from that Committee, since of the two committee members who had heard the discussion, one member had not agreed to any recommendation to the Board.

Privilege of the Floor

Mr. Callaghan, representing members of the Fire Department, on being granted the privilege of the floor, pointed out the necessity of prompt action by the Board in order that services of members of the Department now stationed at Treasure Island might not be discontinued on January 1, 1941. He explained at length that the enactment of the proposed legislation would not require any additional funds for the Fire Department for the current fiscal year. In reply to objections raised that approval of the Bill would be in effect a commitment to provide some additional $180,000 for increased employments in the Fire Department in the next fiscal year, Mr. Callaghan stated that such would not be a fact. During the next fiscal year, based on past experience, all or nearly all whom it is sought now to protect in their employments, would be absorbed in the Department by the normal vacancies caused by death, retirements and resignations. Should the Board desire to provide for continued employment of those members not provided for by July 1, 1940, there would be but six or eight additions to the present membership of the department made necessary.

Supervisor Colman objected to the passage of the proposed legislation. He believed it should receive a committee hearing.

Whereupon, the Chair pointed out that it had received consideration of the Finance Committee, and, in his opinion, nothing could be gained by re-reference.

Thereupon, Supervisor McSheehy, seconded by Supervisor McGowan, moved that the Board request the Finance Committee, because of the emergency of the situation, if the services of the men affected are not to be discontinued on January 1, 1941, to report to the Board on the matter before the end of the day's meeting.

The Chair ruled the motion to be out of order at the time, but suggested that after completion of "Roll Call" Supervisor McSheehy could be allowed to refer back to his name, at which time such motion, or any other motion, might be made.

Subsequently during the proceedings Supervisor McSheehy moved that the Board request the Finance Committee report its findings on the foregoing matter. Motion seconded by Supervisor McGowan.

Supervisor Roncovieri, in explaining his views on the matter, announced that he would not recommend the proposed legislation at this time. He desired to make certain investigations and to ask questions as to the source of the $64,000 surplus in the Fire Department's funds. He also desired to investigate the possible effect on the next year's budget, if this appropriation were to be made at the present time. There are questions of finance, he stated, that caused him, as a member of the Finance Committee, to recommend the matter to the Board, as much as he would like so to do. He was not prepared to recommend the matter at the moment, and if he were forced to vote on the matter, he would be obliged to vote "No." He might vote "Yes" at a later meeting.

Supervisor Colman stated that his position was similar to that of Supervisor Roncovieri. The matter had not received sufficient consideration by the Finance Committee. He desired to investigate further the possibility of a request for an additional $180,000 for employments in the Fire Department's next budget. He believed, in spite of statements made to the contrary, that approval of the proposed matter would mean an actual commitment by the Board to add $180,000 in the next year's budget. He would be obliged to vote "No" on the matter at the present time.

Mr. Callaghan again pointed out that no commitment as to future policy was being sought. The passage of the proposed matter would not mean that a demand for $180,000 would be presented at the time of consideration of the next year's budget.

Thereupon, Supervisor Roncovieri moved that at the conclusion of the day's business, the Board recess, to reconvene on Wednesday, December 11, 1940, at 10:00 A. M. for further consideration of the foregoing matter. In the interim he might be able to obtain certain information that he did not at present possess. He desired to vote for the proposed reappropriation, but could not without being in possession of that information.

Motion seconded by Supervisor McGowan.

Previous Motion Withdrawn

Whereupon, Supervisor McSheehy, with the consent of his second, withdrew his previous motion, that the Board request the Finance Committee to report its findings in the matter.

Supervisor Colman objected to any "call of the Board," stating that he had no objection to the Board recessing, but it would be impossible for him to be present on Wednesday.

Thereupon, Supervisor Roncovieri reworded his motion, to provide for recessed meeting of the Board, at 10:00 A. M., Wednesday, December 11, 1940, under call of the Board, Supervisor Colman, however, excused from attendance.

No objection, and so ordered.

Gentlemen:

Mayor Rossi has instructed me to forward you the enclosed copy of a letter addressed to him by the Secretary of the Interior, concerning the proposed Plan E which the Mayor had presented to him in connection with the Hetch Hetchy matter.

MAYOR'S OFFICE

December 3, 1940.

Statement from Mayor concerning letter from Secretary Ickes:

I am gratified by what appears to be definite assurance that Plan "E," as revised October 28, 1940, contemplates formal compliance with the Raker Act.

It is true that details remain to be worked out and a financial set-up more favorable to the city has yet to be agreed upon, but I am hopeful these obstacles can be overcome and a complete lease satisfactory to the Secretary can be arranged at the earliest possible moment.

I am most appreciative of the consideration given by Secretary Ickes and his staff and am grateful for his assurances of cooperation in this matter to the end that San Francisco may solve this most perplexing problem.

December 3, 1940.

Mayor Angelo J. Rossi
Mayflower Hotel
Washington, D. C.

My dear Mayor:

On November 25th you submitted to me for consideration and approval proposed Plan E revised as of October 28, 1940, for the disposition of electric energy generated by the city at its Hetch Hetchy project. The purpose of the plan is to effectuate compliance by the city with the requirements of Section 6 of the Raker Act and the opinion of the Supreme Court rendered on April 22, 1940, in the litigation between the United States and the city concerning the propriety of the current method of the disposition of that energy.

Stated briefly the plan contemplates a leasing agreement between the city and the Pacific Gas & Electric Company whereby the Company would lease to the city its existing distribution facilities within San Francisco. It also provides that the Company will transmit Hetch Hetchy energy from Newark to San Francisco, provide additional energy needed and standby service, operate and maintain the distribution facilities and make additions and betterments thereto subject to the direction of the city.

Under the Plan the city would perform all functions directly relating to the sale of energy to the ultimate consumer and would pay to the Company the cost of the various services to be performed by the Company, an agreed price for energy to be supplied by the Company, the taxes for which the Company is responsible and the rental of the property leased.

The Plan as submitted does not constitute the contract ultimately to be entered into between the city and the Company. Rather, it con-

stitutes merely an outline of the proposal which it is contemplated will be embodied in the ultimate contract. I have considered the proposed plan carefully. Obviously my final judgment must be withheld until the proposal is reduced to ultimate contract form embodying full details. On the basis of the outline which I have before me however, I believe that the proposal would probably effect formal compliance with the requirements of the Raker Act.

My function under the Raker Act is restricted to seeing that the requirements of the Act are complied with. Although the proposed plan may constitute formal compliance with the Act however, it is only proper that I should make clear that if I had to pass upon the fairness of the plan from the point of view of protecting the city's interests, I could not approve it.

On the facts and estimates which you have submitted to me it apparently is anticipated that the financial return to the city will be very little more than the return which the city has received in recent years under the condemned contract which now exists between the city and the Company. Under this proposal, however, the Company will have a guaranteed income whereas the city will assume the risks of business losses. The Company could use its guaranteed, stable income from San Francisco to compensate for rate reductions which it might give in other areas competitive with San Francisco.

The proposed fixed charge of $4,900,000 per annum as rental for the Company's facilities which is the largest cost item involved in Plan E seems unduly high. It throws upon the city the burden of bearing the cost of reserves available to others than itself. Under this proposal the Company would in fact, secure to itself much the larger part of the profits accruing through the distribution of Hetch Hetchy energy. With such a tremendous fixed and unvarying charge, the city, even with efficient and economical operation could not expect to be able to make reductions in rates without reducing its net income below the amount it has been receiving in the past.

In order to comply with the Raker Act and the Court's decree, the officials of San Francisco have the option of seeking municipal ownership of distribution facilities or of leasing these facilities. They saw fit to follow the latter course and have, so far as I am aware, spent their energies largely in its pursuit. It seems apparent however, that it would be much more in the interests of the city from a financial standpoint to buy or build its distribution system rather than to consummate such a lease as is proposed. If the existing distribution facilities are valued at approximately seventy million dollars which I believe to be a very liberal estimate, I am convinced that capital for the acquisition of such facilities could be secured at an annual cost, including amortization and interest, substantially less than the rental proposed to be paid. Such an acquisition unlike the present proposal would not debar or make difficult the purchase of cheap power which will soon be made available by the Central Valley Project. Moreover, such an agreement would envisage the ultimate ownership, free of debt of the distribution system with the opportunity for drastic rate reductions. I should also point out that not only would the best interests of the people of San Francisco be served by such an arrangement, but the private utility also would be completely eliminated from participation in and profit from the distribution of Hetch Hetchy energy in accordance with the spirit of the Raker Act.

To me it seems obvious that the proposed plan is much more in the interests of the Company than it is in the interests of the city. In my judgment adoption of this plan would effect a denial to the people of the real benefits which the Congress sought to assure to them in the enactment of Section 6 of the Raker Act. Consequently, while I believe that the proposed plan may contemplate formal compliance with the Raker Act, I also believe that it is not the most advantageous plan for the city.

It is my understanding from you that the proposed plan embodied the best terms which the city so far has been able to secure from the Company. But that you are not yet satisfied that the estimated financial returns to the city under the proposal are adequate. In these circumstances I assume that you will seek to secure a greater advantage for the city, either through a more favorable lease, or through a bond proposal for the acquisition of the distribution facilities.

Sincerely yours,

(Signed) HAROLD L. ICKES,
Secretary of the Interior.

Discussion

Supervisor Roncovieri explained his objections to the ordinance expressed at meeting of Monday, December 9, 1940, had been withdrawn by reason of explanatory letter from the Controller as to funds available to continue the men in employment from January 1, 1941 to June 30, 1941.

The following correspondence between Supervisor Roncovieri, chairman of the Finance Committee and Harold J. Boyd, Controller, was presented, read by the Clerk, and ordered spread in the Journal:

Letter to Controller

December 10, 1940

Hon. Harold J. Boyd, Controller,
City Hall,
San Francisco.

Dear Mr. Boyd:

The Finance Committee notes your approval as to funds in the sum of $49,920.00 on an Ordinance providing for the appointment of 36 additional firemen, 2 Chiefs' Operators, each at $210.00 per month, and 2 Battalion Chiefs, each at $350.00 per month.

Query: (1) How did the Fire Department accumulate a surplus of $49,920.00 since July 1, 1940? (2) Will the adoption of this Ordinance increase the amount of money to be appropriated for salaries in the Fire Department in the budget of 1941-1942 over that of 1940-1941, and if so, by what amount?

Yours very truly,
ALFRED RONCOVIERI,
Chairman, Finance Committee

Letter from Controller

CITY AND COUNTY OF SAN FRANCISCO

Office of
Controller

December 11, 1940.

Honorable Alfred Roncovieri,
Chairman of the Finance Committee,
Board of Supervisors,
City and County of San Francisco.

Dear Supervisor Roncovieri:

Reference is made to your letter of December tenth.

The first question asked in your letter is "How Did the Fire Department Accumulate a Surplus of $49,920 Since July 1, 1940?".

> The answer to that question is that from a total wage account of three million dollars provided in the 1940-1941 budget the Board of Fire Commissioners effected salary savings of 1.6% during the first six months of the current fiscal year with a result that the surplus now exists and is available.

The second question is: (a) "Will the adoption of this ordinance increase the amount of money to be appropriated for salaries in the Fire Department in the budget of 1941-1942 over that of 1940-1941", and (b) "If so, by what amount?".

The answer to (a) is "Yes," and the answer to (b) is "$6,840.00."

In keeping with my policy of being present at all meetings of the Board of Supervisors, I will be in attendance at the special meeting scheduled for 10:00 A. M., December eleventh, and will, as always, be glad to answer any questions any members of the Board might desire to address to me.

Very truly yours,
(Sgd) HAROLD J. BOYD,
Controller.

November 12, 1940—*Passed for second reading.*
November 25, 1940—*Re-referred to Finance Committee.*
December 13, 1940—*Finance Committee recommends passage.*

Discussion

Mrs. Dolen, representing the Civil Service Commission, in reply to questioning by Supervisor McGowan, explained that the positions now proposed to be created had been occupied by temporary employees for a period of ten months. A careful survey by the Civil Service Commission showed that the positions were in fact permanent, and should be so set up.

Whereupon, Supervisor McGowan called attention to positions in the office of the Clerk of the Board of Supervisors. He would oppose any such recommendations for reclassifications of position or creation of permanent positions such as the foregoing, until such time as the employees in the Clerk's office had been taken care of. If it is not good business for the Board's own employees to be taken care of, it is not good business for others to be taken care of, and he would vote against the Bill.

Whereupon, Supervisor McGowan moved that the matter be re-referred to Finance Committee, and the Finance Committee be requested to consider in connection therewith, the case of the employees of the Board.

No objection, and so ordered.

The following recommendation of Fire, Safety and Police Committee, heretofore Passed for Second Reading, was taken up:

Supervisor Uhl, however, moved that the matter be re-referred to Finance Committee so that the majority of members of that committee might give it proper consideration and report back to the Board.

Motion failed for want of a second.

However, after explanation by the Director of Public Works, Supervisor Uhl withdrew his objection and the foregoing Bill was

Reference to Committee

Supervisor Brown, in discussing the foregoing Resolution, stated he believed that if the Board were to commit itself at all on any such policies as proposed, it should do so in its own name, or in the name of the City and County of San Francisco, and not in the name of any other body. Since there is no reason why the City and County should not make recommendations to the state legislature, and since the Board, through its Judiciary Committee, and the Legislative Advisory Committee can consider thoroughly any recommendations thought desirable, Supervisor Brown moved that the foregoing Resolution, together with the Resolution immediately following, be referred to the Judiciary Committee, for consultation with the Legislative Advisory Committee and subsequently report back to the Board.

Motion seconded by Supervisor Roncovieri, and carried by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—8.

In Memoriam—Algernon T. Gibson
(Series of 1939)

Supervisor McGowan presented Resolution No. 1504, as follows;

Whereas, God in His infinite wisdom, has called to eternal rest Algernon Tuttle Gibson, prominent San Francisco financier and industrial leader; and

Whereas, After matriculating from the Massachusetts Institute of Technology and service in the United States Marine Corps in the World War, Mr. Gibson came to San Francisco and the Bay Area, where he rose to the presidency of several large firms, and where, during the post-war deflation his initiative and sterling ideas were instrumental in affording a measure of relief to the distressing financial situation; and

Whereas, The many stanch friends who knew and admired the likeable, hard-working "Al" Gibson, will sorely miss him and long mourn his passing; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep regret the death of Algernon T. Gibson, and takes this occasion to express to his bereaved widow and family its heartfelt condolences; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Algernon T. Gibson; and be it

Requesting the Mayor, Together with the Board of Supervisors, the City Attorney, and the Controller, to Consider and Take Necessary Action on City Control of San Francisco Harbor and its Facilities.
(Series of 1939)

Supervisor McGowan presented Resolution No. ....., as follows:

Whereas, His Honor, Mayor Rossi, has again expressed his advocacy of local control over San Francisco Harbor and its facilities;

Whereas, The wisdom of this policy is apparent when it is considered:

1. That every other municipality in the State, bordering upon a harbor, has jurisdiction and control thereover;
2. Recent developments, particularly in the nature of a proposal by the State Harbor Commission, for increased rates to shippers, demonstrates clearly the inability of the State to operate San Francisco's harbor efficiently and economically;

Now, Therefore, Be it Resolved, That his Honor, the Mayor, together with the Board of Supervisors, the City Attorney and the Controller, be and are hereby authorized to consider this matter, and to take such action as is necessary to procure for San Francisco control over its harbor and appurtenances.

On objection by Supervisor McSheehy to immediate consideration, the foregoing resolution was *referred to the Judiciary Committee.*

Urging Cooperation of Citizens in Celebrating Christmas Eve as "Night of Lights," Symbolizing Our Democratic Freedom.
(Series of 1939)

Supervisor McGowan presented Resolution No. 1505, as follows:

Whereas, "The lights have gone down in Europe"—the rights of men to worship as they please, to meet together, to speak and discuss freely, to petition their governments, have been blacked out; and

Whereas, The bright light of freedom still shines in America—where the rights of religious freedom, of free press, and free speech, of petition and assembly, are the foundation of our American democracy; and

Whereas, We in America are determined to keep the lights of freedom burning, and to defend them against those who would attack us—from abroad by arms or from within with vicious propagandas of hatred and conflict and confusion; and

Whereas, In dark contrast to the light that shines over America, no lights will shine through the blackout of the Old World on Christmas Eve, lest they offer a target for bombs; and

Whereas, The Honorable Angelo J. Rossi, Mayor of San Francisco, has issued a proclamation asking the people of the community to join in a "Night of Lights" on Christmas Eve; now, therefore, be it

Resolved, That the people of San Francisco are urged to let every light shine in San Francisco on Christmas Eve, to symbolize our democratic freedom and our determination to defend it; and be it

Further Resolved, That the Board of Supervisors do commend the Honorable Angelo J. Rossi, Mayor of San Francisco, for his timely action in setting Christmas Eve as the "Night of Lights," when the people of our city simultaneously may "light up in defense of democracy"; and do urge the cooperation of all our citizens in thus symbolizing our democratic freedom.

Adopted by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Use of Aquatic Park Building by High School Boat Crews
(Series of 1939)

Supervisor Mead presented Resolution No. ....., as follows:

Whereas, It is proposed to move the mooring facilities of the boat crews of Balboa, St. Ignatius, Lowell, Mission, Lick Wilmerding, and Sacred Heart High Schools from their present location in the Marina to a point adjacent to Yacht Harbor; and

Whereas, In the past there have been completely inadequate shower and locker space for the crew members which, for the schools affected, total some two hundred fifty high school students; and

Whereas, The Aquatic Park Building would be ideal for the use of the student members of the boat crews at little or no expense to the city; and

Whereas, On days when racing is engaged in some two hundred fifty lockers are necessary to afford the students safe and sanitary receptacles for their belongings; now, therefore, be it

Resolved, That the facilities of the Aquatic Park Building be tendered the heads of the various high schools affected for the use of the students engaged in aquatic sports; and be it

Further Resolved, That the Park Commission be requested to take the necessary steps to authorize sufficient mooring space for the cutters of the crews, and that the Aquatic Park Building facilities be made available for their use when required.

Referred to Education, Parks and Recreation Committee.

In Memoriam—Peter Mullins, Sr.
(Series of 1939)

Supervisor Ratto presented Resolution No. 1506, as follows:

Whereas, Almighty God has summoned to everlasting rest Peter Mullins, Sr., father of Municipal Judge Peter M. Mullins, and District Attorney Vincent Mullins; and

Whereas, Mr. Mullins, a resident of San Francisco since 1894, and connected with the San Francisco Municipal Railway until his retirement several years ago, typified the ideal in American fatherhood, affording his seven children all the advantages offered by our democratic

institutions and inspiring them to be the outstanding examples of intelligent and useful citizens they are today; and

Whereas, The host of loyal friends who were proud to know and love Peter Mullins, join with his bereaved family in deeply mourning his passing, and will ever treasure his memory; now, therefore, be it

Resolved, That this Board of Supervisors learns with deep regret of the death of Peter Mullins, Sr., and takes this opportunity to express to his sorrowing family its heartfelt sympathy; and be it

Further Resolved, That when the Board adjourns this day it does so out of respect to the memory of the late Peter Mullins, Sr.; and be it

Further Resolved, That a suitably engrossed copy of this resolution be forwarded to the family of the late Peter Mullins, Sr.

Whereas, Monuments such as the City Hall, the War Memorial Veterans' Building, the War Memorial Opera House, and other substantial edifices were erected during his term of office as Mayor; and

Discussion

Supervisor Uhl objected to the foregoing Bill, stating that apparently it meant the creation of two new positions. Because of the reduction in the relief roll, he did not believe these positions should be created.

Supervisor McSheehy inquired as to the Finance Committee's consideration of clerks in the office of the Board of Supervisors, pursuant to motion by Supervisor McGowan, at the previous meeting of the Board.

Whereupon, Supervisor Roncovieri reported on the Committee's

deliberations, and announced that the Committee was awaiting an opinion from the City Attorney as to the right to pay clerks, who had received promotion to a higher classification, the minimum salary of their new classification during the fiscal year. Supervisor Roncovieri reported further, that other employees who had, as a result of promotional examinations, been promoted to higher classifications of duties, but had not received the minimum salaries for such classifications. They, too, should be considered.

President Shannon reported that the Finance Committee had not refused consideration of the Supervisors' clerks. Their case had been referred to the Civil Service Commission. The Commission, though, had refused its approval.

Privilege of the Floor

Mrs. Anna Wellbrock, on being granted the privilege of the floor, requested an amendment to permit the opening of flower stands until 10 P. M., instead of 9 P. M., as recommended by Committee.

Supervisor Mead, in reply to Mrs. Wellbrock, reported that all but two flower stands closed at about 7 P. M., and the proposed closing time affected only those two stands. A compromise between the opposing attorneys had been reached and the proposed 9 P. M. closing had been agreed to, and was, accordingly, recommended to the Board.

Mr. Lionel Brown, Attorney, representing the Retail Florists Association, opposed the suggestion for a 10:00 o'clock closing hour. Mr. Brown stated, also, in reply to question by Supervisor Ratto, that the foregoing legislation would not eliminate any of the present sidewalk flower stands, nor did the Retail Florists Association desire such elimination. The Association, however, would not agree to a later closing hour.

Supervisor McSheehy supported the proposed 10 P. M. closing hour and moved that the ordinance be amended by striking out, in Section 161, Paragraph (g), the figures 9:00, and inserting in lieu thereof, the figures 10:00.

Motion *failed* by the following vote:

Ayes: Supervisors McSheehy, Ratto—2.

Judiciary Committee to Make Study of Bus Permits Requested by the Market Street Railway Company and Make Report and Recommendation Thereon to the Board of Supervisors.
(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Market Street Railway Company has been procuring and undoubtedly will continue to request permits for the operation of automobile buses, without presenting any comprehensive plan as to its ultimate objective, and

Whereas, The permits for automobile bus lines which have been granted to the Market Street Railway Company contain varying provisions with respect to headway, removal of tracks and other important matters, and

Whereas, It is entirely possible, with the reduced cost necessary to operate one-man buses, that a reduction to a five cent fare might be had, particularly where no transfer is issued; now, therefore, be it

Resolved, That the Judiciary Committee of this Board of Supervisors be and is hereby requested to make a study of the foregoing matter; to hear all the interested parties and to make its report and recommendation thereon to this Board as soon as possible.

Discussion

Supervisor Uhl questioned the need of the foregoing legislation, stating that he felt that it tied in with Bill No. 1034, conferring on the Chief Administrative Officer and on the Controller certain duties with respect to enforcement of franchises and permits, the consideration of which had been postponed until Monday, January 13, 1941.

Supervisor Colman questioned the need for the proposed legislation, since the Board, through its public utilities committee, had the right to investigate any requests for franchises or permits.

Supervisor McSheehy, Chairman of the Judiciary Committee, explained the difference between the two measures, pointing out that one Bill provided for the enforcement of the provisions of any franchise or permit granted by the Board, while the second Bill merely authorized the Judiciary Committee to make a thorough investigation of all requests for bus permits.

Supervisor Ratto announced that in committee he did not vote to approve the Committee's recommendation.

Point of Order

Supervisor Mead raised the point of order that it makes no difference about a vote in committee. The matter is before the Board.

Whereupon, Supervisor Meyer, as Chairman, presiding in temporary absences of the President, ruled the point of order to be well taken.

Supervisor Uhl announced that before any more bus permits were granted to the Market Street Railway Company, he would take a stand on repair of public streets by that company.

After further brief discussion, Supervisor Uhl moved that the foregoing matter be referred to Joint Public Utilities and Judiciary Committee.

However, on objection by Supervisor McSheehy, Supervisor Uhl changed his motion to provide for reference to Joint Judiciary and Public Utilities Committee. Motion seconded by Supervisor McSheehy.

Supervisor Colman objected to the motion, holding that the entire matter should be considered and disapproved without delay. All applications for bus permits are thoroughly considered by the Public Utilities Committee before recommendation to the Board.

Supervisor Colman objected to the proposed recommendation. Approval of the resolution would result merely in transferring the functions of one committee to another committee.

Supervisor McGowan supported the views expressed by Supervisor McSheehy and announced his intention to vote for the motion. Referring to the third "Whereas" in the resolution, suggesting the possibility of a five cent fare on buses, in cases where no transfers were requested, about which lengthy discussion had been held, Supervisor McGowan stated he believed it to be about time to learn who favored a five cent fare for San Francisco, and who favored public ownership.

Supervisor Roncovieri expressed the thought that the resolution meant absolutely nothing, and that he would vote for it, simply because it meant nothing. He desired the public to know that there is not a single franchise recently granted by the Board that is not a temporary franchise, revocable at any time. As to the five cent fare, the Board has no jurisdiction. That authority lies with the State Railroad Commission.

Supervisor McSheehy, in reply to statements by Supervisor Roncovieri, reviewed orders by the Railroad Commission, granting the Market Street Railroad Company a seven cent fare, and pointed out that in those orders, buses were not mentioned, but that the increased fare was granted on the showing made as to street railway transportation, and not bus transportation.

Whereupon, Supervisor Schmidt requested that the City Attorney be sent for. If, as Supervisor McSheehy held, the Board could fix a five cent fare for bus transportation, he would immediately present legislation to revoke bus permits recently granted and would introduce amendment to those permits stipulating such five cent fare. He desired to learn from the City Attorney if such legislation could be enacted.

Point of Order

Supervisor Brown rose to a point of order, stating that the question of a five cent fare had nothing to do with the matter before the Board, and was, consequently out of order.

The Chair ruled the point of order to be well taken.

Appeal from Decision of the Chair

Whereupon, Supervisor McSheehy appealed from the ruling of the Chair. Appeal seconded by Supervisor McGowan.

Appeal Withdrawn

Supervisor McSheehy, with the consent of his second, the City Attorney appearing in the Chambers, withdrew his appeal.

The City Attorney, in reply to questioning by Supervisor Schmidt, stated that he did not think the Board could do anything about permits already issued. As to permits issued as extensions to franchises the Board would have no power to fix fares. Whether the Board could grant permits with a stipulation that if a fare of more than five cents should be charged, such permits would be revoked, he could not say without further study of the matter.

Amendment to Motion

Thereupon, Supervisor Schmidt moved, as an amendment to the previous motion, that the Resolution be re-referred to Judiciary Committee for further and comprehensive study.

Motion carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors Shannon, Uhl—2.
